UGREEN FineTrack Slim

UGREEN FineTrack Slim Wallet Tracker User Manual

Model: FineTrack Slim

1. INTRODUCTION

The UGREEN FineTrack Slim Wallet Tracker is a compact, card-shaped device designed to help you locate your valuable items using Apple's Find My network. This tracker is specifically compatible with iOS devices and offers features such as a long-lasting battery, high alarm volume, and robust water resistance. It is ideal for keeping track of items like wallets, passports, and suitcases.

2. KEY FEATURES

- **Apple Find My Network Compatibility:** Seamlessly integrates with the Apple Find My app on iOS devices (iOS 14.5+ required).
- **7-Year Ultra-Long Battery Life:** Equipped with a non-rechargeable lithium polymer battery designed for extended use without frequent replacement.
- **100dB Alarm Sound:** A loud built-in buzzer helps pinpoint the tracker's location when it is nearby.
- **IP68 Dust and Water Resistance:** Provides protection against dust ingress and immersion in water, ensuring durability in various conditions.
- **Left-Behind Notification:** Receive automatic alerts on your iPhone when you leave your tracked item behind.
- **Global High-Precision Positioning:** Utilize the vast Apple Find My network to locate your items worldwide.

3. SETUP

Follow these steps to pair your UGREEN FineTrack Slim with your iOS device:

1. Step 1: Power On

Press the button on the tracker briefly to power it on.

2. Step 2: Prepare for Pairing

Place the tracker near your iPhone or iPad and ensure Bluetooth is enabled on your device.

3. Step 3: Open Find My App

Open the pre-installed Apple Find My app on your iOS device.

4. Step 4: Add Item

In the Find My app, navigate to the 'Items' tab. Tap 'Add Item', then select 'Other Supported Items'. Follow the on-screen prompts to connect and name your UGREEN FineTrack Slim.

4. OPERATING INSTRUCTIONS

4.1 Locating Nearby Items

If your item is nearby, open the Find My app, select your UGREEN FineTrack Slim from the 'Items' tab, and tap 'Play Sound'. The tracker will emit a 100dB alarm, helping you quickly find it, even if it's hidden under cushions or in another room.

Image: An iPhone screen showing the 'Play Sound' option in the Find My app, with the tracker attached to keys hidden under a sofa cushion, indicating the sound helps locate it.

4.2 Locating Distant Items

For items that are further away, the Find My app will display the tracker's last known location on a map. You can tap 'Directions' to get navigation assistance to the item's location. The Apple Find My network utilizes nearby Apple devices to anonymously update the tracker's position, providing global coverage.

4.3 Left-Behind Notifications

Enable 'Notify When Left Behind' in the Find My app settings for your tracker. Your iPhone will then send an instant alert if you move a certain distance away from your item, helping prevent loss.

置き忘れ通知

4.4 Sharing Location

You can share the location of your UGREEN FineTrack Slim with up to five other Apple users (family or friends) through the Find My app. This allows multiple individuals to help locate the item if needed.

5. MAINTENANCE

5.1 Battery Information

The UGREEN FineTrack Slim is powered by a non-rechargeable lithium polymer battery with an estimated lifespan of up to 7 years. No charging is required. When the battery is depleted, the device will need to be replaced.

5.2 Water and Dust Resistance

The tracker features an IP68 rating, meaning it is fully protected against dust and can withstand immersion in water up to 1.5 meters for 30 minutes. While durable, avoid prolonged submersion or exposure to high-pressure water jets.

5.3 Cleaning

To clean the device, wipe it gently with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials that could damage the surface.

6. TROUBLESHOOTING

- **Device Not Found/Pairing Issues:**

Ensure the tracker is powered on and within Bluetooth range of your iOS device. Verify that Bluetooth is enabled on your iPhone/iPad and that you are running iOS 14.5 or later. If issues persist, try restarting both the tracker and your iOS device.

- **Alarm Not Loud Enough:**

The 100dB alarm is designed to be audible in most indoor environments. If you find it difficult to hear, ensure there are no significant obstructions muffling the sound.

- **Location Accuracy:**

The UGREEN FineTrack Slim relies on the Apple Find My network. While highly effective, precise directional finding (like UWB on some AirTag models) is not supported. Location accuracy depends on the density of nearby Apple devices.

- **Android Device Compatibility:**

This tracker is designed exclusively for Apple's Find My network and is not compatible with Android devices.
