## 2. SAFETY INFORMATION

---

Please read all safety instructions carefully before assembly and use. Keep this manual for future reference.

- **Electrical Components:** This product contains electrical components (AC outlets, USB ports, Type C ports). To avoid electrical shock, do not insert any objects into the charging ports other than appropriate plugs.
- **Unplug Before Assembly/Disassembly:** Always unplug the product from the power source before assembly, disassembly, or moving to prevent pinch points and electrical hazards.
- **Stability:** Ensure the table is properly assembled and stable before use to prevent tipping or collapse. Do not overload the table or storage compartment. The maximum weight recommendation for the top surface is 77 pounds.
- **Dry Environment:** Keep the charging ports dry and free of debris to maintain functionality and safety. Avoid placing liquids directly on the charging station area.
- **Children and Pets:** Keep small parts and packaging materials away from children and pets during assembly. Ensure the table is placed in a secure location to prevent accidental tipping.

### 3. PACKAGE CONTENTS

#### Step-by-Step Assembly

- 1. Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all parts are present against the package contents list.
- 2. Attach Legs to Bottom Base:** Secure the four metal legs to the bottom base using the provided hardware. Ensure they are firmly tightened.
- 3. Install Roll-Up Door:** Slide the fluted roll-up door panel into the designated grooves on the bottom base and middle shelf. Ensure it moves smoothly.
- 4. Connect Middle Shelf:** Attach the middle shelf to the legs, ensuring the roll-up door mechanism is correctly aligned.
- 5. Attach Table Top:** Place the table top (with the integrated charging station) onto the top of the legs and secure it with the remaining hardware. Ensure the charging station cable is routed correctly and not pinched.
- 6. Final Check:** Gently shake the table to ensure all connections are secure and the table is stable.

## 6. MAINTENANCE

Proper care will ensure the longevity and appearance of your ONBRILL side table.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining, especially on the wood surfaces. The table is not stain-resistant.
- **Dusting:** Regularly dust the table with a dry, soft cloth.
- **Electrical Components:** Ensure the charging ports are kept clean and free of dust or debris. Do not

attempt to clean the electrical components with liquids.

- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading or damage to the wood finish.

## 7. TROUBLESHOOTING

If you encounter any issues with your ONBRILL side table, refer to the following common solutions:

| Problem                                      | Possible Cause                                                                               | Solution                                                                                                                                                                                              |
|----------------------------------------------|----------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Charging station not working                 | Table not plugged in; wall outlet not active; device cable faulty; charging station damaged. | Ensure the table's power cord is securely plugged into a live wall outlet. Test the wall outlet with another device. Try a different charging cable. If the issue persists, contact customer support. |
| Table is wobbly/unstable                     | Loose connections; uneven floor.                                                             | Check and tighten all screws and connections. Ensure the table is on a flat, even surface. Adjust any leveling feet if present.                                                                       |
| Roll-up door sticks or doesn't move smoothly | Debris in tracks; misalignment; damaged panel.                                               | Inspect the tracks for any obstructions and remove them. Ensure the door panel is correctly seated in its grooves. Avoid forcing the door.                                                            |
