STAPLES 44780-CA

TRU RED 12-Digit Display Printing Calculator User Manual

Model: 44780-CA | Brand: STAPLES

INTRODUCTION

This manual provides detailed instructions for the operation and maintenance of your TRU RED 12-Digit Display Printing Calculator. Designed for efficiency, this multi-function calculator assists in tracking purchases, expenses, and transactions with ease. It is suitable for various environments including school, home, and office settings.

Key features include a 12-digit LCD display, fast printing capabilities, and specialized keys for financial calculations.

SETUP

Powering the Calculator

Your TRU RED printing calculator can be powered in two ways:

- **AC Power:** Connect the provided AC adapter to the calculator and a standard wall outlet.
- **Battery Power:** For portable use, insert 4 AA batteries into the battery compartment located on the underside of the calculator. Ensure correct polarity.

Installing the Paper Roll

The calculator features an easy-to-install paper roll system for its printing function.

1. Open the paper roll cover located at the top rear of the calculator.
2. Place a new paper roll into the compartment, ensuring the paper feeds from the bottom of the roll.
3. Feed the leading edge of the paper into the printer slot until it emerges from the front.
4. Close the paper roll cover securely.

Angled view highlighting the paper roll mechanism and compact design of the calculator.

OPERATING INSTRUCTIONS

Basic Calculations

The calculator operates like a standard 12-digit display calculator for basic arithmetic functions (addition, subtraction, multiplication, division).

- Enter numbers using the numeric keypad.
- Press the desired operation key (+, -, x, /).
- Press the = key to display the result.
- Use the **CE/C** key to clear the current entry or the entire calculation.

Printing Function

The calculator can print your calculations at a speed of up to 2 lines per second.

- **Print Mode:** Ensure the print switch (if available, typically labeled PRINT/NON-PRINT) is set to PRINT to record calculations on the paper roll.
- **Non-Print Mode:** Set the switch to NON-PRINT to perform calculations without printing, saving paper.

Financial Keys

Utilize the dedicated financial keys for business calculations:

- **COST:** Used for cost calculations.
- **SELL:** Used for selling price calculations.
- **MARGIN:** Calculates profit margins.
- **TAX+ / TAX-:** Add or subtract tax from a value. Refer to the calculator's specific tax rate setting instructions for initial setup.

Additional Functions

- **Calendar and Clock:** The calculator includes integrated calendar and clock functions. Consult the full product manual for specific instructions on setting and viewing these features.

MAINTENANCE

Cleaning

To maintain the calculator's appearance and functionality:

- Wipe the exterior with a soft, dry cloth.
- Do not use liquid cleaners or abrasive materials, as these can damage the display or casing.

Paper Roll Replacement

Replace the paper roll when it runs out or becomes low, following the steps outlined in the "Installing the Paper Roll" section.

Battery Replacement

If using battery power, replace all 4 AA batteries when the display dims or the calculator stops functioning correctly. Ensure proper disposal of old batteries.

TROUBLESHOOTING

- **Calculator not turning on:** Check AC adapter connection or replace batteries.
- **Display is blank or dim:** Ensure power source is connected or batteries are fresh.
- **Printer not working:** Verify paper roll is correctly installed and the print mode is active. Check for paper jams.
- **Incorrect calculations:** Double-check input values and ensure correct function keys are being used. Clear previous calculations with the **CE/C** key.

SPECIFICATIONS
