VASAGLE LRC001WB01

VASAGLE LILEA Collection 3-Tier Storage Cart (Model LRC001WB01) User Manual

Your guide to assembly, operation, and maintenance.

1. PRODUCT OVERVIEW

The VASAGLE LILEA Collection 3-Tier Storage Cart (Model LRC001WB01) is a versatile and elegant wheeled trolley designed to enhance storage and organization in various rooms of your home, including the living room, bedroom, and kitchen. It features a sturdy steel frame, two chipboard shelves, and a large, durable fabric basket. Equipped with four castors, two of which are lockable, this cart offers both mobility and stability, making it a practical addition to any space.

2. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembling and using this product. Failure to follow these instructions may result in injury or damage to the product.

- Keep all small parts and packaging materials away from children and pets to prevent choking hazards.
- Assemble the product on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload the shelves. Each tier supports up to 15 kg (33 lbs).
- Do not stand or climb on the cart.
- Use the locking castors to secure the cart in place when not in motion.
- Avoid exposing the product to direct sunlight or extreme humidity.
- If any parts are missing or damaged, do not attempt to assemble the product. Contact customer support for assistance.

3. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or defective, please contact VASAGLE customer service.

- Steel Frame Components
- 2 x Chipboard Shelves
- 1 x Fabric Basket (Polyester)
- 4 x Castors (2 with brakes)
- Assembly Hardware (screws, wrench, etc.)
- Instruction Manual

4. ASSEMBLY INSTRUCTIONS

Assembly typically requires one person and approximately 30-60 minutes. A screwdriver may be needed, though often a basic wrench is included.

1. **Prepare the Workspace:** Clear a spacious, flat, and clean area. Lay out all components and hardware.
2. **Assemble the Frame:** Connect the vertical steel frame components using the provided screws. Ensure all connections are finger-tight initially.
3. **Attach the Shelves:** Secure the two chipboard shelves to the frame. The bottom shelf should be positioned to accommodate the fabric basket. Ensure the shelves are level.
4. **Install the Castors:** Insert the four castors into the designated holes at the base of the frame. Ensure the two castors with brakes are installed on the same side for easier access.
5. **Insert the Fabric Basket:** Place the fabric basket onto the lower frame section, ensuring it sits securely.
6. **Final Tightening:** Once all components are in place, systematically tighten all screws and fasteners using the provided tool or a screwdriver. Do not overtighten.
7. **Check Stability:** Gently shake the assembled cart to ensure it is stable and all parts are securely fastened.

5. OPERATING INSTRUCTIONS

5.1 Moving the Cart

To move the storage cart, ensure the brakes on the castors are disengaged. Gently push or pull the cart using the integrated handles or frame. Avoid sudden movements or pushing over uneven surfaces to prevent items from falling.

5.2 Locking the Wheels

To secure the cart in a stationary position, press down on the levers located on the two braking castors until they click into place. To unlock, lift the levers upwards.

5.3 Loading the Cart

Distribute weight evenly across the shelves and within the fabric basket. Place heavier items on the lower shelves for better stability. Do not exceed the maximum weight capacity of 15 kg (33 lbs) per tier.

6. CARE AND MAINTENANCE

- **Cleaning:** Wipe the steel frame and chipboard shelves with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners. The fabric basket can be spot cleaned with a mild detergent and air-dried.
- **Regular Checks:** Periodically inspect all screws and connections to ensure they remain tight. Retighten if necessary to maintain stability.
- **Avoid Overloading:** Adhere to the weight limits to prevent structural damage and ensure longevity.
- **Environment:** Keep the cart in a dry environment. Prolonged exposure to moisture or extreme temperatures may affect the materials.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cart is wobbly/unstable.	Screws are loose; uneven assembly.	Ensure all screws are fully tightened. Disassemble and reassemble if necessary, ensuring parts are aligned correctly.
Wheels do not roll smoothly.	Brakes engaged; debris in wheels; castor not fully inserted.	Check if brakes are disengaged. Clean any debris from the wheels. Ensure castors are fully inserted into the frame.
Fabric basket does not fit.	Incorrect orientation; frame assembled incorrectly.	Ensure the basket is oriented correctly. Verify that the lower frame section was assembled according to instructions.

8. PRODUCT SPECIFICATIONS

Model: LRC001WB01

Brand: VASAGLE

Dimensions: 16.93 x 11.81 x 31.89 inches (43 x 30 x 81 cm)
