

Aheaplus YHCC-20A

Aheaplus Closet System with 8 Wooden Drawers

MODEL: YHCC-20A

Brand: Aheaplus

INTRODUCTION

This instruction manual provides comprehensive guidance for the assembly, operation, and maintenance of your Aheaplus Closet System with 8 Wooden Drawers. This system is designed to offer a customizable and robust storage solution for your walk-in closet or other spaces. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Important Note: This Wood Closet Organizer System Set combines two different closet systems. You may receive two separate packages at different times, and each item will have its own set of instructions. When connecting the two cabinet units, if one cabinet does not have pre-drilled holes on the side panel, use the provided self-tapping screws to secure it directly into the cabinet.

SAFETY INFORMATION

- Always ensure all connections are secure before loading the closet system with items.
- Install the provided anti-tip kits to prevent accidental tipping, especially in households with children or pets.
- For safe and efficient assembly, it is recommended that two people install this closet system.
- Do not exceed the maximum weight capacity of 1200 lbs for the entire system. Distribute weight evenly.

PACKAGE CONTENTS

Verify that all components listed below are present before beginning assembly. All necessary hardware and tools are included.

- 2 x 21.3-inch Tower Units
- 4 x Expandable Hanging Rods (expandable from 26 inches to 47 inches)
- 8 x Wooden Drawers
- 4 x Top Shelving Towers
- 6 x Interior Shelves (2 adjustable)
- Assembly Hardware (screws, connectors, etc.)
- Anti-Tip Kits (2 included)

The Clothes Rack will be delivered in 2 boxes and you may receive them at different time.

Figure 1: System Dimensions and Packaging Information. The clothes rack will be delivered in two boxes, which may arrive at different times.

SETUP AND ASSEMBLY

Assembly is required for this closet system. Detailed, step-by-step instructions are included with your product. Please follow them carefully. The following provides general guidance and important considerations:

1. **Unpacking:** Carefully unpack all components and verify against the package contents list. Keep all hardware organized.
2. **Tooling:** All necessary tools are included. A drill with both Allen and Phillips bits can expedite assembly.
3. **Tower Assembly:** Assemble the two 21.3-inch tower units according to their individual instructions.
4. **Connecting Units:** If combining the two cabinet units, refer to the specific instructions for connecting them. If one cabinet lacks pre-drilled holes on its side panel for connection, use the provided self-tapping screws to secure it directly to the adjacent unit.
5. **Rod and Shelf Installation:** Install the expandable hanging rods and top shelving towers. The rods expand from 26 inches to 47 inches.
6. **Customization:** The rods and top shelves can be cut or trimmed to fit smaller closets or specific design requirements.
7. **Drawer Assembly:** Assemble the eight wooden drawers and install them into the tower units.
8. **Adjustable Shelves:** Position the two adjustable interior shelves as desired within the tower units.
9. **Anti-Tip Kit Installation:** Securely install the two anti-tip kits to the wall and the closet system to prevent tipping.

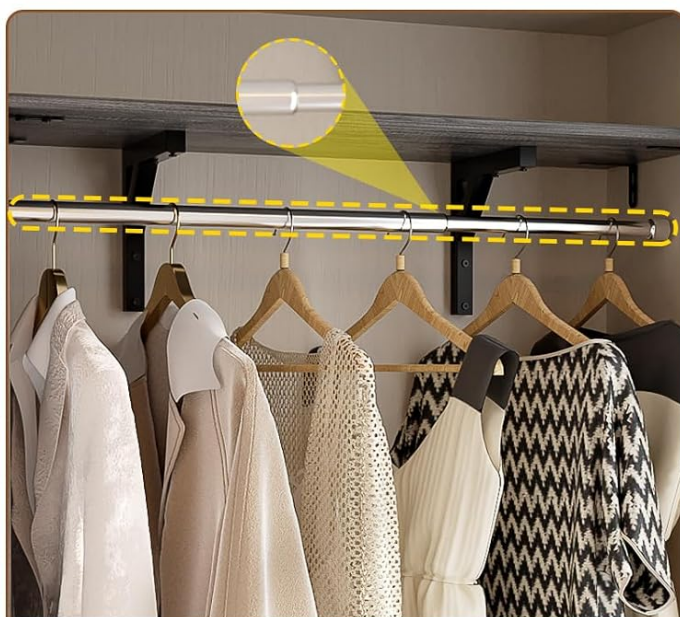

8 Large Wooden Drawers

2 Wood Closet Organizer Tower

4 Adjustable Shelving Towers

4 Expandable Depth Rod

OPERATING INSTRUCTIONS

The Aheaplus Closet System is designed for versatile storage and organization.

- **Hanging Rods:** Utilize the four expandable hanging rods for shirts, jackets, dresses, and other garments. Adjust their length between 26 and 47 inches to suit your needs.
- **Drawers:** The eight wooden drawers provide enclosed storage for folded clothing, accessories, or personal items. Ensure drawers slide smoothly and are not overloaded.
- **Shelving:** The four top shelving towers and six interior shelves (two adjustable) offer open storage for shoes, bags,

hats, or decorative items. Adjust the two interior shelves to create custom compartment heights.

- **Customization:** The modular design allows for multiple installation ways, ideal for spaces measuring 80", 116.9", or 154.3" wide. You can also cut the rods and top shelves to fit even wider or narrower custom configurations.

Large Wood Walk-in Closet System

Including 2 Closet Organizer Tower

(8) Drawers and (6) interior shelves, (4) expandable rods, (4) Shelving Towers

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the wood finish.
- **Dusting:** Regularly dust all surfaces to prevent buildup.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Drawer Functionality:** Ensure drawers slide smoothly. If they become stiff, check for obstructions or apply a small amount of silicone lubricant to the runners if applicable.

TROUBLESHOOTING

- **Missing or Damaged Parts:** If you encounter any missing or damaged parts during installation, do not proceed with assembly. Contact customer service immediately for assistance.
- **Wobbling or Instability:** Ensure all screws are fully tightened. Verify that the anti-tip kits are correctly installed and secured to both the wall and the closet system. Uneven flooring can also cause wobbling; consider using shims if needed.
- **Difficulty Connecting Cabinet Units:** If one cabinet unit lacks pre-drilled holes for connection, use the provided self-tapping screws to directly secure it to the adjacent unit as instructed in the introduction.
- **Rods Not Fitting:** If the expandable rods are too long for your space, they can be cut to size. Ensure precise measurements before cutting.

SPECIFICATIONS
