

MNP-XH01

Motor Nucleartoy's MNP-XH01 Yellow Dragon Model Kit and Cloak Set Instruction Manual

Model: MNP-XH01 | Brand: Generic

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Motor Nucleartoy's MNP-XH01 Yellow Dragon Model Kit with Cloak Set. Please read this manual thoroughly before beginning assembly to ensure correct construction and optimal enjoyment of your model.

SAFETY INFORMATION

- Recommended Age:** This product is recommended for individuals **16 years and up**.
- Small Parts Warning:** This kit contains small accessories. Keep out of reach of young children to prevent accidental ingestion.
- Sharp Edges:** Some parts may have sharp edges. Handle with care during assembly.
- Material:** The model is constructed from ABS plastic.

PACKAGE CONTENTS

Upon opening the package, verify that all components are present. The kit includes:

- Yellow Dragon Model Kit components (ABS plastic)
- Cloak Set components
- Instruction sheet (if included by manufacturer)

Note: Due to manufacturer reasons, there may be minor changes in design and color. The completeness of all small accessories cannot always be guaranteed.

ASSEMBLY INSTRUCTIONS

Follow these steps carefully for the assembly of your Yellow Dragon Model Kit. It is recommended to lay out all parts and organize them before starting.

Step 1: Assemble the Main Body

Begin by assembling the core structure of the Yellow Dragon model. Refer to the included instruction sheet for specific

part identification and connection points. Ensure all joints are securely fitted.

Step 2: Attach Wings and Appendages

Carefully attach the wings and any other major appendages to the main body. Pay close attention to the orientation and ensure they are firmly secured. Some parts may require gentle pressure to snap into place.

Step 3: Install the Cloak Set

Once the main model is assembled, proceed to attach the cloak. The cloak is designed to fit specific attachment points on the model's back or shoulders. Align the cloak's connectors with the corresponding slots on the model and gently press until secured. Ensure the cloak drapes naturally.

OPERATING AND DISPLAY

Your Yellow Dragon Model Kit is designed for display and light posing. While articulated, avoid excessive force when adjusting poses to prevent damage to joints or parts.

- **Posing:** Gently manipulate joints to achieve desired poses. Do not force movement beyond the intended range of articulation.
- **Display:** Place the model on a stable, flat surface away from direct sunlight, extreme temperatures, and high humidity to preserve its condition.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth or a soft brush to gently remove dust from the model. Avoid using harsh chemicals or abrasive materials, which can damage the paint or plastic.
- **Storage:** If storing the model, ensure it is in a clean, dry environment, preferably in its original packaging or a protective display case, to prevent dust accumulation and accidental damage.

TROUBLESHOOTING

If you encounter any issues during or after assembly, consider the following:

- **Parts Not Fitting:** Double-check the instruction sheet to ensure you are using the correct parts and attempting to connect them in the right orientation. Sometimes, a small amount of plastic flash may need to be carefully trimmed.
- **Loose Joints:** If a joint feels too loose, a small amount of clear nail polish or a specialized joint-tightening solution can be applied to the peg and allowed to dry before reassembly.

- **Broken Parts:** For minor breaks, plastic cement or super glue can be used. For significant damage, contact customer support.

SPECIFICATIONS

| Feature | Detail |
|--------------------|--|
| Model Number | MNP-XH01 |
| Brand | Generic (Motor Nucleartoys) |
| Material | ABS Plastic |
| Product Dimensions | Approximately 4 x 3 x 5 inches (assembled) |
| Recommended Age | 16 years and up |
| ASIN | B0FGCWDPM2 |
