- **Cleaning:** Gently wipe the assembled model with a dry, soft cloth to remove dust. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** If disassembling for storage, keep all pieces in a sealed container to prevent loss and protect them from dust and damage.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight may cause colors to fade over time.
- **Handle with Care:** While the models have a stable structure, avoid dropping or applying excessive force to prevent pieces from detaching or breaking.

7. Troubleshooting and Support

If you encounter any issues during the assembly process or find that parts are missing, please refer to the following:

- **Missing Parts:** In the event of missing components, please contact our customer support. Provide details of the missing parts, ideally referencing the assembly guide's part list or diagrams.
