2. Product Features

- **Spacious Storage:** Includes two open compartments, one hairdryer holder, two drawers, and a bottom shelf for organizing beauty essentials.
- **Integrated Power Outlets:** Features two standard AC outlets and two USB connections for convenient charging of electronic devices and powering styling tools.
- **Adjustable LED Lighting:** The built-in mirror is equipped with LED lighting offering three customizable modes (Cool Light, Natural Light, Warm Light) and dimmable brightness via touch control.
- **Included Stool:** A padded stool is provided for comfortable use.
- **Versatile Design:** Functions as a dedicated beauty station or a multipurpose workstation.

3. Setup and Assembly

Assembly of the Hogxp Makeup Vanity requires careful attention to detail. Please ensure all parts are present before beginning. Refer to the included assembly instructions for detailed, step-by-step guidance.

General Assembly Steps:

1. Unpack all components and verify against the parts list in your separate assembly guide.
2. Assemble the main desk frame according to the diagrams.
3. Install the drawers into their respective slots.
4. Attach the mirror unit and side shelves to the main desk.
5. Connect the power cable for the mirror lighting and electrical outlets.
6. Assemble the padded stool.
7. Place the hairdryer holder as desired.

Note: Tools required for assembly are typically a screwdriver and hammer. Specific tools will be listed in the dedicated assembly manual.

4. Operating Instructions

4.1. Lighted Mirror Operation

The mirror features touch-sensitive controls for its LED lighting:

- **Power On/Off:** Tap the power icon on the mirror surface to turn the lights on or off.

- **Change Light Mode:** Tap the mode icon (often a circle or sun symbol) to cycle through the three available light modes: Cool Light (6000K), Natural Light (4000K), and Warm Light (3000K).
- **Adjust Brightness:** Press and hold the power icon to dim or brighten the lights. Release when the desired brightness is achieved.

4.2. Electrical Outlet Usage

The vanity includes a built-in power strip for convenience:

- **AC Outlets:** Two standard 120V/12A AC outlets are available for plugging in hair dryers, curling irons, or other small appliances.
- **USB Ports:** Two 5V/2A USB connections are provided for charging smartphones, tablets, and other USB-powered devices.
- Ensure the vanity's main power cord is securely plugged into a wall outlet before using the integrated power features.

5. Maintenance

To ensure the longevity and appearance of your vanity, follow these maintenance guidelines:

- **Cleaning the Surface:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Care:** Use a glass cleaner specifically designed for mirrors and a lint-free cloth to clean the mirror surface. Do not spray cleaner directly onto the mirror; apply it to the cloth first.
- **Drawer Maintenance:** Periodically check drawer slides for smooth operation. If needed, clean any debris and apply a silicone-based lubricant.
- **Electrical Components:** Ensure all plugs and cords are free from damage. Do not attempt to repair electrical components yourself.
- **Stool Care:** The upholstered stool cushion can be spot cleaned with a mild fabric cleaner.

6. Troubleshooting

If you encounter any issues with your vanity, refer to the following common troubleshooting tips:

- **LED Lights Not Working:**
  - Check if the vanity's main power cord is securely plugged into a functional wall outlet.
  - Ensure the power switch for the mirror is activated (if applicable, refer to your specific model's mirror instructions).
  - Try tapping the touch control button firmly.
- **Electrical Outlets Not Providing Power:**
  - Verify the main power cord is plugged in.
  - Test the wall outlet with another device to confirm it is working.
  - Check if there is a reset button on the integrated power strip (if applicable).
- **Drawers Sticking or Not Closing Properly:**
  - Ensure the drawers are correctly aligned on their slides.
  - Check for any obstructions inside the drawer or along the slides.
  - Verify that all assembly screws for the drawer slides are tightened.

If these steps do not resolve the issue, please contact customer support.

7. Specifications

Feature	Detail
Brand	Hogxp
Model Number	A-3
Frame Material	Wood
