Setup

1. Charging the Earbuds and Case

Before first use, fully charge the realme Buds T200.

1. Place both earbuds into the charging case.
2. Connect the USB Type-C charging cable to the charging port on the case and to a power source.
3. The indicator light on the case will show the charging status. A solid light typically indicates charging, and it will turn off or change color when fully charged.

The earbuds offer up to 50 hours of total playback time with multiple charges from the case.

2. Pairing with a Device

To connect your realme Buds T200 to a new device:

1. Ensure the earbuds are in the charging case and the lid is open.
2. Press and hold the pairing button on the charging case for a few seconds until the indicator light flashes, indicating pairing mode.
3. On your device (smartphone, tablet, etc.), go to Bluetooth settings and enable Bluetooth.
4. Search for "realme Buds T200" in the list of available devices and select it to connect.

5. Once connected, the indicator light on the case will stop flashing.

The earbuds will automatically reconnect to the last paired device when taken out of the case, if Bluetooth is enabled on the device.

3. Wearing the Earbuds

For optimal sound quality and comfort, choose the correct ear tip size and wear the earbuds properly.

1. Select the ear tips that provide a snug fit and good seal in your ear canal.
2. Insert the earbuds into your ears and gently twist them until they feel secure and comfortable.
3. Ensure the microphone is facing downwards for clear call quality.

Operating Instructions

Touch Controls

The realme Buds T200 feature intuitive touch controls on each earbud.

Action	Function
Double Tap (Left or Right Earbud)	Play/Pause music, Answer/End call
Triple Tap (Right Earbud)	Next track
Triple Tap (Left Earbud)	Previous track
Press and Hold (Left or Right Earbud)	Switch Noise Control Mode (ANC On / Transparency / ANC Off)
Press and Hold Both Earbuds	Enter/Exit Gaming Mode (if supported by device/app)

Note: Specific touch control functions may be customizable via the realme Link app.

Active Noise Cancellation (ANC)

The realme Buds T200 feature 32dB Active Noise Cancellation to reduce ambient noise.

- **ANC On:** Reduces external noise for an immersive listening experience.
- **Transparency Mode:** Allows you to hear your surroundings without removing the earbuds.
- **ANC Off:** Standard audio mode without noise cancellation.

Cycle through these modes by pressing and holding either earbud's touch control area.

Hi-Res Audio with LDAC

The realme Buds T200 support Hi-Res Audio via LDAC codec for high-quality wireless audio transmission.

- Ensure your connected device supports the LDAC Bluetooth codec.
- Activate LDAC in your device's Bluetooth settings or developer options for the realme Buds T200.
- Use high-resolution audio files for the best listening experience.

Maintenance

Cleaning

Regular cleaning helps maintain sound quality and hygiene.

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- Remove ear tips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Gently clean the charging contacts on both the earbuds and the case with a dry cotton swab.
- Avoid using abrasive materials, alcohol, or chemical cleaners.

Storage

Store the earbuds properly to prevent damage.

- Always store the earbuds in their charging case when not in use.
- Keep the case and earbuds in a cool, dry place, away from direct sunlight and extreme temperatures.

Water Resistance (IP55)

The realme Buds T200 are rated IP55 for dust and water resistance.

- This rating means the earbuds are protected against limited dust ingress and low-pressure water jets from any direction.
- They are suitable for workouts and light rain, but are **not** designed for swimming, showering, or submersion in water.
- The charging case is **not** water resistant.
- Ensure earbuds are completely dry before placing them back into the charging case to prevent damage.

Troubleshooting

If you encounter issues with your realme Buds T200, refer to the following common solutions:

Problem	Solution
Earbuds not pairing	◦ Ensure earbuds are charged. ◦ Place earbuds in case, open lid, and press/hold pairing button. ◦ Disable and re-enable Bluetooth on your device. ◦ Forget "realme Buds T200" from your device's Bluetooth list and re-pair.
No sound from one earbud	◦ Check battery level of both earbuds. ◦ Clean charging contacts on both earbuds and case. ◦ Try resetting the earbuds (refer to realme support for specific reset instructions).
Poor sound quality	◦ Ensure ear tips provide a good seal. ◦ Clean ear tips and earbud nozzles. ◦ Move closer to your connected device to avoid interference. ◦ Check if LDAC is enabled on your device for Hi-Res Audio.
ANC not working effectively	◦ Ensure earbuds are properly seated in your ears with a good seal. ◦ Verify ANC mode is active via touch controls or the realme Link app.

Problem	Solution
Charging issues	◦ Ensure the charging cable is securely connected. ◦ Try a different USB Type-C cable and power adapter. ◦ Clean the charging port on the case and the charging contacts on the earbuds.

Safety Information

Please read the following safety guidelines before using your realme Buds T200:

- Avoid listening at high volume levels for extended periods to prevent hearing damage.
- Do not use the earbuds in situations where inability to hear surroundings could be dangerous (e.g., driving, cycling, walking in traffic).
- Keep the product away from extreme temperatures, humidity, and corrosive substances.
- Do not attempt to disassemble or modify the product. This may void the warranty and cause damage.
- Dispose of the product and its battery responsibly according to local regulations.
- Keep out of reach of children and pets. Small parts may pose a choking hazard.
