PETSITE Cat Tree with Litter Box Enclosure User Manual

Model: PTS10202CFCTPV | Brand: PETSITE

INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your PETSITE Cat Tree with Litter Box Enclosure. Designed to offer a multi-functional space for your feline companions, this unit combines a private litter box area with various activity and resting spots. Please read these instructions carefully before assembly and use to ensure safe and optimal performance.

SAFETY INFORMATION

- **Anti-Toppling Device:** Always install the included anti-toppling device to securely anchor the cat tree to a wall. This prevents accidental tipping, especially during vigorous play.
- **Stable Placement:** Place the cat tree on a flat, stable surface to minimize wobbling.
- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Loose parts can compromise stability.
- **Weight Limits:** Adhere to the specified weight capacities for each level, basket, and hammock to prevent structural damage or injury.
- **Supervision:** While designed for safety, supervise your pets, especially during initial use, to ensure they adapt safely to the new structure.

PACKAGE CONTENTS

Before beginning assembly, please verify that all components listed below are present and undamaged.

- Cat Tree Tower Structure
- Litter Box Enclosure Cabinet
- Sisal Scratching Posts
- Cat Condo
- Side Basket Bed
- Hammock
- Dangling Ball with Bell
- Anti-toppling Device (including hardware)
- Assembly Hardware (screws, tools, etc.)
- Instruction Manual

ASSEMBLY INSTRUCTIONS (SETUP)

Follow these steps to assemble your cat tree. It is recommended to have a second person assist with assembly for easier handling and stability.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Identify each component using the provided parts list.
2. **Assemble Litter Box Enclosure:** Begin by assembling the base litter box enclosure according to the diagrams in your separate assembly guide. Ensure all panels are securely fastened.
3. **Attach Main Support Posts:** Connect the main support posts to the top of the litter box enclosure. Ensure sisal scratching posts are oriented correctly.
4. **Install Platforms and Condo:** Gradually add the various platforms, the cat condo, basket bed, and hammock to the support posts, tightening all connections as you go.
5. **Attach Top Perch:** Secure the oversized padded top perch to the uppermost support posts.
6. **Install Dangling Ball:** Attach the dangling ball with bell to its designated spot, typically from a platform or perch.
7. **Adjust Foot Pads:** Once assembled, place the cat tree in its desired location. Adjust the foot pads at the base to ensure the entire structure is level and stable on the floor.
8. **Install Anti-Toppling Device:** For maximum safety, locate a suitable wall stud and use the provided anti-toppling kit to secure the cat tree to the wall. Follow the specific instructions for the anti-toppling device carefully.

PRODUCT FEATURES AND USAGE (OPERATING)

The PETSITE Cat Tree with Litter Box Enclosure offers multiple features designed for your cat's comfort and entertainment.

Litter Box Enclosure

The spacious base cabinet serves as a hidden litter box enclosure, providing privacy for your cat and helping to contain odors and litter tracking. It features 3 air vents for circulation and a large side entry for easy access. The interior dimensions are 29" L x 19" W x 15.5" H (75 cm x 48.5 cm x 40 cm), accommodating most standard litter boxes. This enclosure can also be used for cat supply storage or as an additional private cat house.

Cozy Resting Spots

- **Oversized Padded Top Perch:** A plush, elevated platform for your cat to observe their surroundings or nap comfortably.
- **Rotatable Basket Bed:** A soft, circular bed that can be rotated for optimal positioning, offering a snug spot for resting.
- **Comfy Hammock:** A suspended fabric hammock provides a gentle, swaying bed for relaxation.
- **Cat Condo:** A private, enclosed space for cats to retreat and feel secure.

All-in-one Cat Tower

Engaging Play Elements

- **Sisal Scratching Posts:** Multiple posts wrapped in durable sisal rope encourage healthy scratching habits, diverting attention from your furniture.
- **Dangling Ball with Bell:** An interactive toy suspended from a platform, providing entertainment and stimulating your cat's hunting instincts.

CARE AND MAINTENANCE

Proper care will extend the life of your cat tree and ensure a hygienic environment for your pets.

- **Removable Covers:** The plush cushion and perch cover are removable and washable. Hand wash or machine wash on a gentle cycle with mild detergent, then air dry.
- **Spot Cleaning:** For general cleaning of plush fabric areas, use a damp cloth with mild soap and water. Blot dry thoroughly. Avoid harsh chemicals.
- **Sisal Posts:** The sisal scratching posts can be spot cleaned with a damp cloth. Avoid saturating the sisal.
- **Litter Box Enclosure:** Regularly clean the interior of the litter box enclosure. Wipe down surfaces with a pet-safe cleaner. Ensure the area is dry before placing a litter box back inside.
- **Vacuuming:** Periodically vacuum the entire cat tree to remove loose fur and dust.

Removable Perch Cover & Cushion

 Soft plush fabric offers gentle touch

 Washable for easy maintenance

TROUBLESHOOTING

If you encounter issues with your cat tree, refer to the following common solutions.

Problem	Possible Cause	Solution
Cat tree wobbles	Uneven floor; loose connections; anti-toppling device not installed.	Adjust foot pads to level the base. Tighten all screws and bolts. Ensure the anti-toppling device is securely anchored to the wall.

Problem	Possible Cause	Solution
Cat not using scratching posts	Preference for other surfaces; unfamiliarity.	Encourage use by rubbing catnip on the sisal posts. Gently guide your cat's paws to the posts. Ensure the tree is in a prominent location.
Unpleasant odor from litter box enclosure	Infrequent cleaning; inadequate ventilation.	Clean the litter box and enclosure regularly. Ensure the 3 air vents are not obstructed. Consider using odor-absorbing litter or a deodorizer.
Dangling toy detached	Vigorous play; loose attachment.	Reattach the toy securely. If damaged, consider replacing it with a similar cat-safe toy.

PRODUCT SPECIFICATIONS

Detailed specifications for the PETSITE Cat Tree with Litter Box Enclosure.
