4. INITIAL SETUP

Follow these steps to set up your DOOGEE Note 58 Pro for the first time.

4.1 SIM Card and TF Card Installation

1. Locate the SIM/TF card slot on the side of your device.
2. Insert the provided SIM card pin into the small hole next to the tray to eject it.
3. Place your Nano-SIM card(s) and/or TF card into the tray according to the diagram on the tray. The device supports either two Nano-SIM cards or one Nano-SIM card and one TF card.
4. Carefully reinsert the tray into the slot until it is flush with the device body.

4.2 Powering On and Initial Configuration

1. Press and hold the Power button until the DOOGEE logo appears on the screen.
2. Follow the on-screen prompts to select your language, connect to a Wi-Fi network, and set up your Google account.
3. Configure security features such as fingerprint unlock and facial recognition for secure access.

6.5 Connectivity

The Note 58 Pro supports Dual SIM functionality (or SIM + TF card) and 5G Wi-Fi for faster data transfer and streaming. It includes NFC for contactless payments and data transfer, and built-in GPS for accurate navigation.

- **Dual SIM:** Use two different carriers or expand storage with a TF card.
- **Wi-Fi 5:** High-speed wireless connectivity for fast and stable internet.
- **NFC:** Supports contactless payments (e.g., Google Pay) and quick data sharing.
- **GPS:** Accurate navigation system for travel and location services.
- **Network Bands:** Compatible with GSM carriers like T-Mobile, supporting a wide range of 4G bands (GSM: B2/3/5/8; WCDMA: B1/2/4/5/8; TDD: B38/40/41; FDD: B1/2/3/4/5/7/8/18/19/20/25/26/28A/28B/66).

6.6 Security

The DOOGEE Note 58 Pro offers multiple secure unlocking methods to protect your data.

- **Fingerprint Recognition:** A fast and secure way to unlock your device using your unique fingerprint.
- **Facial Recognition:** Unlock your phone quickly by scanning your face.

Instant Access in No Time

Image: Illustrations of face recognition and fingerprint unlock features for instant access.

7. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your DOOGEE Note 58 Pro.

- **Battery Care:** Avoid extreme temperatures. Do not fully discharge the battery frequently. Use the original charger for optimal charging.
- **Software Updates:** Regularly check for and install system updates to ensure your device has the latest security patches and features. Navigate to Settings > System > System update.
- **Cleaning:** Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid harsh chemicals.
- **Storage Management:** Periodically clear unnecessary files and apps to maintain sufficient storage space and device speed.

8. TROUBLESHOOTING

This section addresses common issues you might encounter with your DOOGEE Note 58 Pro.

Issue	Possible Solution
Device does not power on	Ensure the battery is charged. Connect the charger and wait a few minutes before attempting to power on again. If unresponsive, perform a forced restart by holding the Power button for 10-15 seconds.
Poor network signal	Check if your SIM card is properly inserted. Move to an area with better network coverage. Restart the device. Verify your carrier settings.
Battery drains quickly	Reduce screen brightness. Close unused background applications. Disable Wi-Fi, Bluetooth, or GPS when not in use. Check for power-intensive apps in battery usage settings.
Apps are crashing or freezing	Clear the cache of the problematic app (Settings > Apps > [App Name] > Storage > Clear cache). Update the app to the latest version. If the issue persists, uninstall and reinstall the app.
Fingerprint/Face Unlock not working	Ensure your fingers are clean and dry for fingerprint scanning. For face unlock, ensure adequate lighting and that your face is clearly visible to the front camera. Re-register your fingerprint or face data in settings.

9. TECHNICAL SPECIFICATIONS

Detailed technical specifications for the DOOGEE Note 58 Pro.

Feature	Specification
