HIRREO EF16

HIRREO EF16 Smart Watch User Manual

Model: EF16

1. INTRODUCTION

Thank you for choosing the HIRREO EF16 Smart Watch. This device is designed to enhance your daily life with advanced fitness tracking, communication features, and robust durability. This manual provides essential information for setting up, operating, and maintaining your new smartwatch.

Image: The HIRREO EF16 Smart Watch showcasing its 1.6-inch AMOLED HD display, customizable dials, and key features like Always-on Display and 480x480 pixels resolution.

2. WHAT'S IN THE BOX

Upon opening your HIRREO EF16 Smart Watch package, you should find the following items:

- Smart Watch (EF16)
- Metal Strap

- Silicone Strap
- Strap Accessories (for adjustment)
- Magnetic Charging Cable
- User's Manual

Image: A visual representation of the package contents, including the smartwatch, two types of straps, a charging cable, and the user manual.

3. SETUP GUIDE

3.1 Initial Charging

Before first use, ensure your smartwatch is fully charged. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB-A end into a compatible power source (e.g., computer USB port, USB wall adapter).

3.2 App Installation

To unlock the full potential of your HIRREO EF16 Smart Watch, download the companion app. Scan the QR code provided in the user manual or search for "FitCloudPro" in your smartphone's app store (compatible with iOS 11.0+ and Android 5.0+).

Video: A tutorial demonstrating the Bluetooth connection process for the K66 Smart Watch, which uses the same FitCloudPro app.

3.3 Device Pairing

Open the FitCloudPro app on your smartphone. Ensure Bluetooth is enabled on your phone. Follow the in-app instructions to search for and pair with your EF16 Smart Watch. Confirm the pairing request on both your phone and the watch screen.

4. OPERATING YOUR SMART WATCH

4.1 Basic Navigation

- **Touch Screen:** Swipe left/right, up/down to navigate through menus and features. Tap to select.
- **Side Buttons:** The watch features multiple physical buttons. Typically, one button serves as a power/home button, while others may provide quick access to specific functions like sports modes or the flashlight. Refer to the on-screen prompts for specific button functionalities.

4.2 Changing Watch Faces

Your EF16 Smart Watch offers a variety of pre-installed watch faces. You can also download more through the FitCloudPro app.

- **On Watch:** From the home screen, long-press the display to enter the watch face selection menu. Swipe left/right to browse and tap to select.
- **Via App:** In the FitCloudPro app, navigate to the "Watch Face" or "Dial Library" section to explore and sync new watch faces to your device.

6. HEALTH MONITORING

The EF16 Smart Watch provides comprehensive health monitoring features to help you stay informed about your well-being:

- **Heart Rate Monitoring:** Continuously tracks your heart rate throughout the day.
- **Blood Oxygen (SpO2) Monitoring:** Measures your blood oxygen saturation levels.
- **Sleep Tracking:** Analyzes your sleep patterns, including deep sleep, light sleep, and REM stages.
- **Breathing Training:** Guides you through breathing exercises for relaxation.

7. MAINTENANCE

- **Cleaning:** Wipe the watch screen and straps regularly with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth. Avoid harsh chemicals.
- **Water Resistance:** The watch is IP68 waterproof. It is suitable for daily use, hand washing, and exposure to rain. However, it is not recommended for hot showers, saunas, or diving.
- **Charging:** Use only the provided magnetic charging cable. Ensure the charging points are clean and dry before connecting.

Video: A demonstration of how to install and remove the metal strap on the EF16 smart watch.

8. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
- **Unable to pair with phone:** Make sure Bluetooth is enabled on your phone and the watch is within range. Restart both devices and try pairing again. Check the FitCloudPro app for specific pairing instructions.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Keep the sensor clean. Note that health data is for reference only and not for medical diagnosis.
- **Notifications not received:** Check app permissions on your phone to ensure FitCloudPro has access to notifications. Verify that notifications are enabled within the FitCloudPro app settings for your watch.
