## TCL C1

# TCL C1 Portable Smart Google TV Projector User Manual

Model: C1

## 1. IMPORTANT SAFETY INFORMATION

Please read all safety instructions before using your TCL C1 projector. Keep this manual for future reference.

- **Eye Safety:** Do not look directly into the projector lens when the lamp is on. The bright light can cause eye damage.
- **Ventilation:** Ensure adequate ventilation around the projector. Do not block ventilation openings. Overheating can lead to malfunction or fire.
- **Moisture:** Keep the projector away from water, rain, and excessive humidity. Do not operate with wet hands.
- **Power Source:** Use only the power adapter supplied with the projector. Ensure the power voltage matches the requirements.
- **Cleaning:** Unplug the projector before cleaning. Use a soft, dry cloth. Do not use liquid or aerosol cleaners.
- **Placement:** Place the projector on a stable, level surface. Avoid placing it in direct sunlight or near heat sources.

## 2. PACKAGE CONTENTS

Verify that all items are present in your package:

- TCL C1 Projector
- Power Cord
- Remote Control
- Batteries for Remote Control
- User Manual (this document)

## 3. PRODUCT OVERVIEW

The TCL C1 is a portable smart projector designed for versatile entertainment. It features native 1080P resolution with 4K compatibility, integrated Google TV, Dolby Audio, and smart image adjustments for an optimal viewing experience.

### Key Features:

- **Native 1080P Resolution:** Delivers clear and detailed images.
- **4K and HDR10 Compatibility:** Supports high-definition content.

- **Google TV:** Access to streaming apps like Netflix, Prime Video, YouTube, and more.
- **Dolby Audio with 8W Speaker:** Provides immersive sound.
- **Automatic Focus & Keystone Correction:** Ensures a sharp, rectangular image quickly.
- **285° Rotatable Stand:** Allows flexible projection angles, including ceiling projection.
- **Wi-Fi 5G & Bluetooth 5.1:** Stable connectivity for streaming and audio.
- **Portable Design:** Compact and lightweight with an integrated handle.

## 4. SETUP

### 4.1 Powering On/Off

1. Connect the power cord to the projector and then to a power outlet.
2. Press the power button on the projector or the remote control to turn it on.
3. To turn off, press the power button again.

### 4.2 Initial Google TV Setup

Upon first use, the projector will guide you through the Google TV setup process:

1. Select your preferred language.
2. Connect to a Wi-Fi network.
3. Sign in with your Google account to access Google TV features and apps.
4. Follow on-screen prompts to complete the setup.

### 4.3 Placement and Projection

The TCL C1 offers flexible placement options:

- **Projection Distance:** For a screen size of 40 to 120 inches, the recommended projection distance is 1.15 meters to 3.3 meters.
- **Rotatable Stand:** Use the integrated 285° rotatable stand to adjust the projection angle. This allows for projection on walls, screens, or even ceilings.
- **Automatic Adjustments:** The projector features automatic focus, keystone correction, and obstacle avoidance to ensure a clear, rectangular image without manual intervention.

#### 4.4 Connectivity

The TCL C1 offers multiple connectivity options:

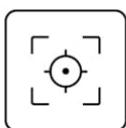

- **HDMI 2.1:** Connect external devices such as laptops, game consoles (Switch/PS5/Xbox), or Blu-ray players.
- **USB 2.0:** For playing media from USB drives.
- **3.5mm Audio Output:** Connect external speakers or headphones.
- **Wi-Fi 5G:** For stable and fast wireless streaming.
- **Bluetooth 5.1:** Connect wireless headphones or use the projector as a Bluetooth speaker for your smartphone.

## 5.2 Casting Content

Utilize Google Cast to wirelessly stream content from your smartphone or tablet directly to the projector.

## 5.3 Audio Settings

- Built-in Speaker:** The 8W Dolby Audio speaker provides clear and powerful sound.
- Bluetooth Speaker Mode:** The projector can function as a standalone Bluetooth speaker for your smartphone or other devices. Pair your device with the projector via Bluetooth settings.
- External Audio:** For enhanced audio, connect external speakers or a soundbar using the 3.5mm audio output or Bluetooth.

### Résolution Native 1080P FHD et 4K prise en charge

La résolution Native 1080P offre des images nettes et détaillées, surpassant la plupart des produits génériques, et prend également en charge la 4k.

## 5.4 Image Modes

The projector offers 4 professional visual modes to optimize viewing for different content and lighting conditions. These modes can be accessed through the projector's settings menu.

## 6. MAINTENANCE

### 6.1 Lens Cleaning

To maintain optimal image clarity, regularly clean the projector lens:

- Use a soft, lint-free cloth specifically designed for optical lenses.
- Gently wipe the lens in a circular motion.
- Avoid using abrasive materials or harsh chemicals.

## 6.2 Dust Protection

The TCL C1 features a fully sealed optical engine, which protects internal components from dust and humidity, ensuring long-term performance and image quality. No special dust maintenance is typically required for internal components.

## 6.3 Lamp Life

The projector lamp has a lifespan of approximately 30,000 hours, providing extended use without frequent lamp replacement.

## 7. TROUBLESHOOTING

If you encounter issues with your TCL C1 projector, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No image projected	Power issue, input source not selected, lens cap on	Check power connection. Ensure correct input source is selected (HDMI, USB, Google TV). Remove lens cap.
Image is blurry or distorted	Out of focus, incorrect keystone, projector not level	Trigger automatic focus/keystone correction via remote. Manually adjust focus if needed. Ensure projector is on a flat surface.
No sound	Volume too low, external audio device not connected, incorrect audio output selected	Increase volume. Check external audio connections. Ensure internal speaker or correct external output is selected in settings.
Bluetooth audio delay	Bluetooth connection instability	Try pausing and resuming playback, or fast-forwarding/rewinding by 10 seconds to re-synchronize audio. Re-pair Bluetooth device if issue persists.
Wi-Fi connection issues	Weak signal, incorrect password, router issues	Ensure projector is within Wi-Fi range. Verify password. Restart your Wi-Fi router.

## 8. SPECIFICATIONS

Detailed technical specifications for the TCL C1 Projector:

Feature	Specification
Brand	TCL

Feature	Specification
Model Number	C1
Color	Dark Grey
Display Type	LCD
Native Resolution	1920 x 1080 Pixels (1080P)
