

## COMHOMA B1004

# COMHOMA Vanity Desk B1004 User Manual

Model: B1004

## INTRODUCTION

Thank you for choosing the COMHOMA Vanity Desk B1004. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your product. Please read this manual thoroughly before assembly and use, and retain it for future reference.

## SAFETY INFORMATION

- Always assemble the vanity desk on a clean, flat, and soft surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload shelves or drawers. Distribute weight evenly to maintain stability.
- Keep electrical components (lights, power outlets) away from water or excessive moisture.
- Use only the provided power adapter for the LED lights and charging station.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- If any parts are missing or damaged, do not proceed with assembly. Contact customer support for assistance.

## PARTS LIST

Please verify that all components are present before beginning assembly. Refer to the included hardware pack and assembly diagram for specific part identification.

- Main Desk Panels (Top, Side, Bottom)
- Mirror Frame with Integrated LED Bulbs
- Drawers (Front, Side, Back Panels, Bottom, Handles, Slides)
- Shelves and Cubbies
- Side Cabinet with Door
- Power Outlet Unit (2 AC, 2 USB)

- RGB LED Light Strip and Controller
- Hair Dryer Rack
- Assembly Hardware (Screws, Dowels, Cam Locks, etc.)
- Stool Components (Seat, Legs, Hardware)

## SETUP (ASSEMBLY INSTRUCTIONS)

---

Assembly is designed to be straightforward. Follow the step-by-step instructions provided in the included manual. It is recommended to have a second person assist with certain steps, especially when handling larger components like the mirror unit.

### Assembly Overview Video

*Video: Detailed assembly and setup guide for the COMHOMA vanity desk. This video demonstrates the step-by-step process of putting together the vanity, including attaching the mirror, drawers, and side cabinet, and connecting the electrical components.*

### Key Assembly Steps:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Verify against the parts list.
2. **Assemble Base Frame:** Connect the main desk panels using the provided hardware.
3. **Install Drawers:** Assemble drawer boxes and attach slides. Insert drawers into the desk frame.
4. **Attach Side Cabinet:** Secure the side cabinet to the main desk structure.
5. **Mount Mirror Unit:** Carefully attach the mirror frame to the top of the desk, ensuring all electrical connections for the LED bulbs are accessible.
6. **Install Shelves and Cubbies:** Place the internal shelves and cubby dividers as per the diagram.
7. **Connect Electrical Components:** Install the power outlet unit and connect the RGB LED light strip.
8. **Assemble Stool:** Put together the stool using its dedicated hardware.
9. **Final Checks:** Ensure all connections are secure and the vanity is stable.

## OPERATING INSTRUCTIONS

---

### 1. Lighted Mirror Operation

- **Power On/Off:** Touch the power icon on the mirror surface to turn the lights on or off.
- **Change Lighting Modes:** Briefly touch the mode icon to cycle through 3 different color modes: Cool White, Natural Light, and Warm Yellow.
- **Adjust Brightness:** Press and hold the power icon to adjust the brightness level for each color mode. Release when desired brightness is reached.

## 2. RGB LED Lights Operation

- The RGB LED lights are located under the tabletop. Use the provided remote control or inline controller to operate.
- **Power On/Off:** Press the power button on the remote or controller.
- **Change Colors:** Select from multiple colors using the color buttons on the remote.
- **Dynamic Modes:** Choose from various dynamic modes (e.g., flash, fade, strobe) to create different ambiances.
- **Brightness Adjustment:** Adjust the intensity of the RGB lights using the brightness control buttons.

### 3. Built-in Charging Station

- The vanity desk includes 2 standard AC power outlets (125V/12A) and 2 USB ports (5V/2A).
- Plug in your hair dryer, curling iron, phone, tablet, or other electronic devices directly into the integrated charging station for convenient use.

## 4. Storage Features

The vanity desk offers extensive storage to keep your beauty essentials organized:

- **Under-table Side Cabinet:** Provides concealed storage for larger items.
- **Two Drawers:** Smooth-slide drawers for cosmetics, jewelry, and other accessories.
- **Four Open Shelves:** Ideal for displaying perfumes, lotions, or frequently used items.
- **Three Cubbies:** Perfect for smaller items like lipstick or makeup brushes.
- **Hair Dryer Rack:** A dedicated holder on the side for your hair dryer.

# AMPLE STORAGE SPACE

Image: The vanity desk with its drawers open, showcasing the ample storage capacity including open shelves, cubbies, two large drawers, a side cabinet, and a hair dryer rack.

## MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Mirror Care:** Clean the mirror with a glass cleaner and a lint-free cloth. Do not spray cleaner directly onto the mirror to avoid liquid seeping into the electrical components.
- **Electrical Components:** Ensure the power cord is unplugged before cleaning any electrical parts. Do not attempt to repair or modify the electrical components yourself.
- **Hardware:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten as needed to maintain stability.

## TROUBLESHOOTING

| Problem                                  | Possible Cause                                                                 | Solution                                                                                                                                          |
|------------------------------------------|--------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------|
| LED Mirror Lights Not Working            | Power cord not connected; power outlet issue; mirror touch sensor malfunction. | Ensure power cord is securely plugged in. Test the outlet with another device. Contact customer support if the touch sensor is unresponsive.      |
| RGB LED Lights Not Changing Colors/Modes | Remote control battery low; controller connection issue.                       | Replace remote control battery. Check the connection of the RGB light strip controller.                                                           |
| Power Outlets/USB Ports Not Working      | Power cord not connected; circuit breaker tripped; device not compatible.      | Verify the main power cord is plugged in. Check your home's circuit breaker. Ensure your device is compatible with the provided voltage/amperage. |
| Drawers Stick or Don't Slide Smoothly    | Improper installation of drawer slides; overloaded drawer.                     | Check drawer slide alignment and ensure they are installed correctly. Reduce the weight in the drawer.                                            |
| Vanity Feels Unstable                    | Loose hardware; uneven floor.                                                  | Tighten all assembly screws. Ensure the vanity is placed on a level surface.                                                                      |
