6. MAINTENANCE

Proper care will extend the life and appearance of your UIXE Swivel Accent Chairs.

- **Regular Cleaning:** Vacuum the chenille fabric regularly using a soft brush attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Avoid rubbing, as this can spread the stain. For stubborn stains, use a mild fabric cleaner specifically designed for chenille, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading of the fabric. Position your chairs away from direct sun exposure or use curtains/blinds.
- **Check Connections:** Periodically check all screws and bolts to ensure they remain tight. Retighten as necessary to maintain stability.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals on the fabric or frame, as these can cause damage.

7. TROUBLESHOOTING

If you encounter any issues with your UIXE Swivel Accent Chair Set, please refer to the following common solutions:

- **Chair Wobbles:** Ensure all assembly screws are fully tightened. Check that the chair is placed on a level surface.
- **Swivel Mechanism Stiff:** The swivel mechanism should operate smoothly. If it feels stiff, ensure no debris is obstructing the base. Avoid applying lubricants unless specifically recommended by the manufacturer, as this may attract dust.
- **Fabric Stains:** Refer to the spot cleaning instructions in the Maintenance section. Act quickly to prevent stains from setting.
- **Missing Parts:** If any parts were missing upon delivery, please contact customer support immediately.
