INSOON SC8847

INSOON Lavender Manor House Construction Toy with Light (Model SC8847)

Instruction Manual

1. INTRODUCTION

Thank you for choosing the INSOON Lavender Manor House Construction Toy with Light, Model SC8847. This detailed building block set allows you to construct a beautiful three-story lavender manor, complete with intricate architectural details and an integrated lighting module. Crafted from high-quality Acrylonitrile Butadiene Styrene (ABS) material, this set provides a durable and engaging building experience. This manual provides essential information for assembly, operation, maintenance, and troubleshooting.

2. SETUP AND ASSEMBLY

This construction set contains 1960 pieces and is recommended for individuals aged 12 years and older. Please ensure all pieces are present before beginning assembly. Refer to the included step-by-step instruction booklet for detailed guidance.

2.1 Unpacking and Preparation

- Carefully open the product packaging and remove all contents.
- Organize the building blocks by color and shape to facilitate easier assembly.
- Verify that all 1960 pieces are accounted for by cross-referencing with the parts list in the instruction booklet.

2.2 Assembly Steps

1. Begin by constructing the base of the manor, following the numerical sequence provided in the instruction booklet.
2. Proceed with the ground floor, ensuring all connections are secure.
3. Assemble the second floor, integrating any interior details as instructed.

4. Construct the top floor and roof sections.
5. Integrate the lighting module components as indicated in the specific steps for illumination.
6. Add all decorative elements, such as lavender flowers, pumpkin beds, and other landscape features.

Illuminate Lavender Manor With Lights

Figure 3: Close-up views highlighting various interior and exterior details of the Lavender Manor House, such as the perfume workshop and living area.

3. OPERATING THE LIGHTING MODULE

The Lavender Manor House features an integrated lighting module that enhances its visual appeal, especially in low-light conditions. The lighting system requires 3 nonstandard batteries, which are included with the set.

3.1 Battery Installation

1. Locate the battery compartment, typically found at the base or a designated section of the model.
2. Open the compartment cover using a small screwdriver if necessary.
3. Insert 3 nonstandard batteries, ensuring correct polarity (+/-).
4. Securely close the battery compartment cover.

3.2 Activating the Lights

Once batteries are installed, locate the power switch for the lighting module. This switch is usually a small button or lever integrated into the model's design. Press or toggle the switch to turn the lights on or off. The lights will illuminate the interior

and exterior of the manor, creating a soft, glowing effect.

Figure 4: Visual comparison of the Lavender Manor House with its lights off (top) and lights on (bottom), demonstrating the illuminated effect.

4. MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your INSOON Lavender Manor House.

- **Cleaning:** To clean the model, gently wipe it with a soft, dry cloth. For stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or material degradation.
- **Battery Replacement:** If the lights dim or stop working, replace all 3 nonstandard batteries simultaneously. Do not mix old and new batteries.
- **Safety Warning:** This product contains small parts and is not suitable for children under 6 years of age due to choking hazards. Adult supervision is recommended for all users, especially those at the lower end of the recommended age range (12+).

5. TROUBLESHOOTING

5.1 Missing Pieces

If you discover any missing pieces during assembly, please contact INSOON customer support with your product model number (SC8847) and a description of the missing parts. We will assist you in obtaining the necessary components.

5.2 Lights Not Functioning

- **Check Batteries:** Ensure the batteries are correctly installed with the proper polarity. Replace old batteries with new ones if necessary.
- **Check Connections:** Verify that all wiring for the lighting module is securely connected according to the assembly instructions.
- **Power Switch:** Confirm that the power switch is in the 'ON' position.

6. SPECIFICATIONS

Figure 5: Diagram showing the assembled model's dimensions (height 25cm/9.8in, width 23cm/9.1in, length 36cm/14.2in) and the product

packaging.

Feature	Detail
Model Number	SC8847
Number of Puzzle Pieces	1960
Assembly Required	Yes
Batteries Required	Yes (3 Nonstandard Battery)
