Jugeman Y88

Jugeman Y88 Smartwatch User Manual

Model: Y88

INTRODUCTION

This manual provides essential instructions for setting up, operating, and maintaining your Jugeman Y88 Smartwatch. Please read this guide thoroughly to ensure proper use and to maximize the device's features.

PACKAGE CONTENTS

Upon opening the package, verify that all items listed below are present:

- Jugeman Y88 Smartwatch x1
- Magnetic Charging Cable x1
- User Manual x1

More Than a Watch

It's a Lifetime Keepsake.

Smartwatch

Max: 7.64 in
Min: 4.88 in

Box

SETUP

1. Charging the Smartwatch

Before first use, fully charge your smartwatch. Connect the magnetic charging cable to the charging points on the back of the watch and plug the USB end into a standard USB power adapter (not included) or a computer USB port. The watch display will indicate charging status.

250+ Cadran Personnalisé

En même temps, vous pouvez ajouter vos photos personnalisées préférées comme cadran de la montre connectée.

2. Installing the GloryFit App

To unlock all features and synchronize data, download the 'GloryFit' application on your smartphone. Scan the QR code in the manual or search for 'GloryFit' in your device's app store (Google Play Store for Android, Apple App Store for iOS).

3. Pairing with Your Smartphone

Follow these steps to pair your smartwatch with the GloryFit app:

1. Download and install the 'GloryFit' app.
2. Ensure your phone's Bluetooth is enabled.
3. Open the 'GloryFit' app and follow the on-screen instructions to add a device. The app will search for available devices.
4. Select 'Y88' from the list of found devices to bind.
5. For iOS 13.0 and above, and Android 5.0 and above, a single connection is usually sufficient.
6. For older iOS devices (13.0 and below), after the initial binding in GloryFit, navigate to your phone's Bluetooth settings, find 'Y88', and connect to enable audio functions (calls).

OPERATING INSTRUCTIONS

1. Basic Navigation

The Jugeman Y88 Smartwatch features a 1.96-inch HD full-touch screen for intuitive navigation. Swipe across the screen to access different functions and menus. Use the physical button on the side to return to the home screen or power the device on/off.

2. Bluetooth Calling

Once paired via Bluetooth, the smartwatch allows you to make and receive calls directly from your wrist. It features a built-in microphone and high-fidelity speaker. You can also synchronize up to 100 contacts from your phone to the watch.

- **Making Calls:** Access the dial pad or contact list on the watch.
- **Receiving Calls:** Answer or reject incoming calls directly from the watch screen.

Bluetooth call/answer Message notification function

Seamless connectivity, stay in touch anywhere

Image: The smartwatch screen showing options for calls, contacts, call history, and dial pad, along with an incoming call notification.

3. Smart Notifications

Receive notifications for messages (SMS, Facebook, WhatsApp, Instagram, Twitter, etc.) directly on your smartwatch. Ensure notification permissions are granted in the GloryFit app and your phone's settings.

I'm listening to music.

Image: The smartwatch showing notifications from social media apps, with a smartphone screen illustrating notification management.

4. Health Monitoring

The smartwatch is equipped with advanced sensors to monitor various health metrics:

- **Heart Rate:** 24-hour continuous heart rate monitoring.
- **Blood Oxygen (SpO2):** Measures blood oxygen levels.
- **Sleep Monitor:** Tracks sleep patterns (awake time, light sleep, deep sleep).
- **Women's Health:** Provides cycle tracking and reminders.

Note: Health data is for reference only and should not be used for medical diagnosis.

5. Sports Modes

The Y88 Smartwatch supports over 110 sports modes, including walking, running, cycling, weightlifting, yoga, rope skipping, tennis, basketball, and skiing. It records sports data such as heart rate, steps, distance, and calories burned.

100+ Sports Modes

All-day activity data tracking

Heart rate: 108 bpm

Steps: 1288s

Distance: 3,8 Km

Calorie: 488 Kcal

Image: A collage of individuals engaged in different sports, with smartwatch screens displaying activity data like heart rate, steps, distance, and calories.

6. Customizing Watch Faces

Choose from over 250 personalized watch faces available through the 'GloryFit' app. You can also create unique watch faces using your favorite photos.

7. Other Practical Functions

The smartwatch includes several daily practical functions:

- Alarm
- Stopwatch
- Timer
- Sedentary Reminder
- Music Control
- Weather Forecast
- Remote Camera Control
- Find Phone function
- Voice Assistant
- Breathing Training

Multifunctional Smartwatch

Track Health, Master Workouts, Stay Connected — All-in-One Smart Companion!

MAINTENANCE

1. Cleaning the Device

Regularly clean your smartwatch to ensure optimal performance and hygiene. Use a soft, dry cloth to wipe the screen and strap. For stubborn dirt, a slightly damp cloth can be used, followed by drying. Avoid harsh chemicals or abrasive materials.

2. Water Resistance (IP68)

The Jugeman Y88 Smartwatch has an IP68 waterproof rating, meaning it is resistant to dust and can withstand immersion in water up to 1.5 meters for 30 minutes. It is suitable for daily use, such as washing hands, sweating during exercise, and light rain. However, it is not recommended for hot showers, saunas, or diving, as steam and high water pressure can compromise the seal.

Long Battery Life

3. Battery Care

To prolong battery life:

- Charge the watch fully before its first use.
- Avoid extreme temperatures during charging and storage.
- Do not leave the watch fully discharged for extended periods.

TROUBLESHOOTING

If you encounter issues with your Jugeman Y88 Smartwatch, refer to the following common problems and solutions:

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the charger for at least 10 minutes.
- **Cannot pair with phone:**
 - Ensure Bluetooth is enabled on your phone.

- Make sure the 'GloryFit' app is installed and open.
- Restart both your phone and the smartwatch.
- Ensure the watch is not already paired with another device.
- **Notifications not received:**
 - Check notification permissions in the 'GloryFit' app and your phone's system settings.
 - Ensure the watch is connected to your phone via Bluetooth.
 - Disable 'Do Not Disturb' mode on both the watch and phone.
- **Inaccurate health data:**
 - Ensure the watch is worn snugly on your wrist, not too loose or too tight.
 - Clean the sensor on the back of the watch.
 - Avoid excessive movement during measurements.
- **Short battery life:**
 - Reduce screen brightness.
 - Disable continuous heart rate monitoring if not needed.
 - Limit the number of apps sending notifications to the watch.

If the issue persists, consult the 'GloryFit' app's help section or contact customer support.
