Ketive XL Wooden Dog House (Model KET-PET48-49) Instruction Manual

BRAND: KETIVE

Model: KET-PET48-49

1. Introduction

This manual provides detailed instructions for the assembly, operation, maintenance, and care of your Ketive XL Wooden Dog House. Designed for medium to large dogs, this house offers a comfortable and secure shelter for both indoor and outdoor use. Please read all instructions carefully before beginning assembly or use.

2. Product Features

- **Durable Construction:** Crafted from solid fir wood and reinforced with a chew-resistant iron frame to prevent cracking, warping, and biting.
- **Weatherproof Roof:** Features a sloped asphalt roof designed to prevent water and snow accumulation, keeping the interior dry in various weather conditions.
- **Elevated Base:** A 1.97-inch raised floor with a sturdy hexagonal cross-support structure supports up to 220 lbs, ensuring pets remain dry, stable, and comfortable.
- **All-Season Protection:** Includes a PVC door curtain and adjustable window curtain to provide excellent airflow while protecting against the elements, suitable for year-round indoor and outdoor use.
- **Spacious Interior:** Offers 9.36 sq. ft. of interior space, allowing pets to stand, turn, and relax comfortably. The slanted roof design directs rainwater away from the interior.
- **Personalized Nameplate:** A removable nameplate is included for customization.

4. Maintenance and Cleaning

Regular cleaning and maintenance will extend the life of your dog house and ensure a hygienic environment for your pet. The design allows for effortless care.

- **Removable Floor:** The floor panels can be easily removed for thorough cleaning.
- **Openable Roof:** The sloped roof can be opened and secured with a support rod, providing full access to the interior for cleaning.
- **Window Curtain:** The detachable window curtain can be removed for cleaning or adjusted for ventilation.

6. Troubleshooting

If you encounter any issues with your Kative XL Wooden Dog House, please refer to the following general troubleshooting tips:

- **Loose Components:** Periodically check all screws and fasteners to ensure they are tight. Re-tighten as necessary to maintain structural integrity.
- **Water Leakage:** Ensure the asphalt roof panels are properly aligned and secured. Check for any damage to the roof material and seal any gaps if found.
- **Ventilation Issues:** Adjust the window curtain to optimize airflow. Ensure the PVC door curtain is not obstructed.
- **Stability Concerns:** Verify that the dog house is placed on a level surface. Check the hexagonal cross-support structure for proper installation and any signs of damage.
- **Chewing Damage:** While designed to be chew-resistant, persistent chewing may occur. Consider

applying pet-safe bitter deterrents to affected areas if necessary.

7. Warranty and Support

For warranty information, product support, or to report any issues, please contact Kative customer service. Keep your purchase receipt and model number (KET-PET48-49) handy for faster service.

Contact information can typically be found on the product packaging or the official Kative website.
