SAFETY INFORMATION

Please observe the following safety precautions during assembly and use:

- Keep all small parts and packaging materials away from children.
- Ensure all connections are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not exceed the maximum weight capacity of **300 pounds**.
- Use the product on a flat, stable surface.
- Avoid placing hot items directly on the desk or shelves without protective padding.
- Do not stand or jump on the bed frame.
- Disconnect power to the LED lights before cleaning or maintenance.

PACKAGE CONTENTS

Your MERITLINE Twin Daybed is shipped in two packages. Please verify that all components are present and undamaged before beginning assembly. Refer to the separate assembly instruction manual for a detailed list of parts and hardware.

- Bookcase and Desk Sections
- LED Light Kit
- Assembly Hardware
- Assembly Instruction Manual

SETUP AND ASSEMBLY

Detailed assembly instructions with clear illustrations are included in a separate manual shipped with your product. Please follow those instructions carefully. The estimated assembly time is approximately **1 hour** with two people.

General Assembly Tips:

- Ensure you have ample space to lay out all components before starting.
- Read through the entire assembly manual once before beginning to familiarize yourself with the steps.
- It is recommended to assemble the long set of shelves first, followed by the headboard and desk sections.
- Consider pre-installing smaller components like drawer stopper blocks before attaching larger rails, if applicable, to simplify access.

- The upholstered headboard features built-in RGB LED lights.
- Connect the LED light power cable to a standard electrical outlet.
- Use the provided remote control (if included) or integrated switch to turn the lights on/off, change colors, and adjust brightness.
- Refer to the separate LED light kit manual for specific operating instructions for the lighting system.

2. Integrated Desk

- The foot of the daybed includes a built-in desk suitable for study or work.
- Ensure the desk surface is clear and stable before placing items like laptops or books.
- Avoid placing excessive weight on the desk.

3. Storage Bookcase and Hidden Headboard Storage

- The daybed features an open-side bookshelf for easy access to books, magazines, or office supplies.
- The upholstered headboard also conceals a hidden storage compartment. Gently lift the upholstered panel to access this space.
- Distribute weight evenly across shelves and storage compartments.

4. Under-Bed Storage Drawers

- Two storage drawers are located beneath the bed frame.
- Pull the drawers out gently using the integrated handles.
- Ensure drawers are fully closed when not in use to prevent dust accumulation and maintain a tidy appearance.

MAINTENANCE

Proper care will extend the life and appearance of your daybed:

- **Wood Surfaces:** Wipe with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners. Dry immediately with a clean cloth.
- **Upholstered Headboard:** Spot clean with a mild fabric cleaner as needed. Test on an inconspicuous area first. Do not saturate the fabric.
- **LED Lights:** Keep the light strip clean and free of dust. Do not attempt to repair or modify the LED system yourself.
- **General:** Periodically check all screws and bolts and tighten them if loose to maintain structural integrity.

TROUBLESHOOTING

If you encounter issues with your daybed, refer to the following common solutions:

Problem	Possible Cause	Solution
Bed feels wobbly or unstable.	Loose hardware.	Check and tighten all screws and bolts. Ensure the bed is on a level surface.
Drawers do not slide smoothly.	Obstruction in drawer glides; uneven assembly.	Clear any debris from the drawer glides. Verify drawers were assembled correctly and are aligned.
LED lights not working.	Power connection issue; faulty remote/switch.	Ensure the power adapter is securely plugged into both the light strip and the wall outlet. Check if the outlet is functional. Replace remote battery if applicable.
Mattress blocks hidden headboard storage.	Mattress is too thick.	This bed is intended for a mattress approximately 8-9 inches deep to allow full access to the hidden storage. A thicker mattress (e.g., 15 inches) will obstruct access.
