## Govee H6095

# Govee Star Projector Lights H6095 User Manual

Model: H6095

## 1. INTRODUCTION

---

The Govee Star Projector Lights H6095 is an advanced lighting device designed to create immersive cosmic environments. It features a 7-zone colorful nebula effect, offering extensive customization options for color, brightness, speed, and motion. This projector is compatible with Matter, Alexa, and Google Assistant for convenient smart control. With a large coverage area of up to 540ft<sup>2</sup>, it transforms any room into a dynamic starry sky. Additionally, it includes over 50 scene modes and 18 white noise options to enhance relaxation and sleep.

## 4. SETUP

### 4.1 Power Connection

1. Connect the USB cable to the projector's power input port.
2. Plug the USB cable into the provided power adapter.

3. Insert the power adapter into a standard electrical outlet (AC 120V).
4. The projector will power on automatically.

## **4.2 Govee Home App Installation**

1. Download the Govee Home app from the App Store (iOS devices) or Google Play (Android devices).
2. Register or log in to your Govee account.

## **4.3 Device Pairing**

1. Open the Govee Home app and tap the '+' icon in the top right corner.
2. Search for 'H6095' or select the Star Projector from the device list.
3. Follow the on-screen instructions to complete the pairing process. Ensure your phone's Bluetooth and Wi-Fi are enabled.

## **4.4 Smart Home Integration (Matter, Alexa, Google Assistant)**

Refer to the included Matter Guide for detailed instructions on integrating your projector with Matter-compatible smart home systems. For Alexa and Google Assistant, follow the pairing instructions within the Govee Home app or your respective smart home assistant app.

## 5. OPERATING INSTRUCTIONS

---

### 5.1 Physical Controls

The projector features physical buttons for basic control:

- **Power Button:** Press to turn the projector on or off.

- **Mode Button:** Cycle through pre-set lighting modes.
- **Brightness Buttons:** Adjust the overall brightness of the projection.
- **Volume Buttons:** Control the volume of white noise or connected audio.

## 5.2 Govee Home App Control

The Govee Home app provides comprehensive control over the projector's features:

- **Color Customization:** Select from a wide spectrum of colors for the nebula effect.
- **Brightness Adjustment:** Fine-tune the intensity of both stars and nebula.
- **Motion and Speed:** Adjust the movement and speed of the nebula and star patterns.
- **DIY Mode:** Create and save your own unique lighting effects for each of the 7 zones.
- **Scene Modes:** Access over 50 pre-programmed scenes for various atmospheres.
- **White Noise:** Choose from 18 different white noise options to aid relaxation or sleep.
- **Sleep Timer:** Set a timer for the projector to automatically dim and turn off.

# DIY Your Own Colorful Stardust

Support customization for each zone,  
injecting your unique creativity into the stardust

## 6. MAINTENANCE

---

### 6.1 Cleaning

- Ensure the projector is unplugged before cleaning.
- Use a soft, dry cloth to wipe the exterior of the device.

- For the lens, use a lens cleaning cloth to gently remove dust or smudges. Avoid abrasive materials or harsh chemicals.

## 6.2 Storage

- Store the projector in a cool, dry place away from direct sunlight and extreme temperatures.
- Keep it away from moisture and corrosive substances.

## 7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Projector does not power on.	No power supply or faulty connection.	Ensure the power adapter is securely plugged into both the projector and a working electrical outlet. Try a different outlet.
Cannot connect to Govee Home app.	Bluetooth/Wi-Fi off, incorrect pairing steps, or device too far.	Ensure Bluetooth and Wi-Fi are enabled on your phone. Place the projector closer to your phone. Restart the app and try pairing again.
Projection is dim or unclear.	High ambient light, dirty lens, or brightness setting too low.	Operate in a darker environment. Clean the projector lens. Increase brightness via the app or physical buttons.
Voice control not working.	Incorrect smart home integration or poor network connection.	Verify the projector is correctly linked to Alexa/Google Assistant via the Govee Home app. Ensure a stable Wi-Fi connection.

## 8. SPECIFICATIONS

Attribute	Detail
Model Number	H6095
Brand	Govee
Color	Black
Material	Acrylonitrile Butadiene Styrene (ABS)
Light Source Type	LED
Power Source	Corded Electric
Voltage	120 Volts (AC)
Wattage	10 watts
Product Dimensions	6.18"L x 5.51"W x 8.93"H
Item Weight	3.83 pounds
UPC	810172721203

## 9. SAFETY INFORMATION

---

- Do not look directly into the projector's light source for extended periods, as it may cause eye strain.
- Keep the device away from water, moisture, and flammable materials.
- Do not attempt to disassemble or modify the projector. This will void the warranty and may cause damage or injury.
- Use only the provided power adapter and USB cable.
- Ensure proper ventilation around the projector to prevent overheating.
- This device is not a toy. Keep out of reach of children.

## 10. WARRANTY AND SUPPORT

---

Govee products come with a limited warranty. For specific warranty details, registration, and technical support, please visit the official Govee website or contact Govee customer service. You can typically find contact information and support resources at [www.govee.com](http://www.govee.com).
