CWAUZ DFSHX36BNRFEFBA1

CWAUZ Large Orthopedic Dog Bed Instruction Manual

Model: DFSHX36BNRFEFBA1

PRODUCT OVERVIEW

The CWAUZ Large Orthopedic Dog Bed is designed to provide superior comfort and support for large-sized dogs. It features a 4-inch egg crate foam base that contours to your dog's body, promoting airflow and resisting flattening. The dual-sided design includes gel-infused memory foam for cooling and pressure relief, beneficial for arthritic joints. Full-surround bolsters offer a cozy, den-like space for head and neck support. Constructed with OEKO-TEX certified fabrics and CertiPUR-US foam, ensuring pet-safe materials. The bed also includes a full TPU waterproof lining and a removable, machine-washable cover for easy maintenance.

SETUP INSTRUCTIONS

Your CWAUZ Orthopedic Dog Bed arrives vacuum-packed for convenience. Follow these steps to assemble your dog bed:

- 1. Unpack Components:** Carefully remove all components from the packaging. You will find the outer cover, the main foam base (egg crate/gel memory foam), and the bolster inserts.
- 2. Allow Foam to Expand:** The foam components are compressed. Allow them to fully expand to their intended shape and thickness. This may take up to 24 hours.
- 3. Insert Main Foam Base:** Locate the main zippered compartment on the bottom of the outer cover. Unzip it and carefully insert the large, flat foam base. Ensure it lies flat within the cover.
- 4. Insert Bolster Fillings:** The outer cover has separate zippered compartments for the full-surround bolsters. Insert the tube-shaped bolster fillings into these compartments, distributing the filling evenly to create a plush, supportive rim.
- 5. Zip Up All Compartments:** Once all foam components are correctly positioned, securely zip up all compartments.

OPERATING INSTRUCTIONS

The CWAZ Orthopedic Dog Bed is designed for versatile use to maximize your pet's comfort:

- **Orthopedic Support:** The 4-inch egg crate foam base provides excellent orthopedic support, conforming to your dog's body and alleviating pressure on joints. This is particularly beneficial for older dogs or those with arthritis.
- **Temperature Regulation:** The dual-sided design allows you to choose the optimal sleeping surface. One side features gel-infused memory foam for a cooling effect, ideal for dogs that tend to overheat. The other side offers a plush, soft surface for warmth and comfort.
- **Head and Neck Support:** The full-surround bolsters create a secure and comfortable space, allowing your dog to curl up and rest their head and neck, promoting a sense of security and deep sleep.
- **Placement:** Place the dog bed in a quiet, comfortable area of your home where your dog feels safe

and can relax without disturbance. The non-slip bottom ensures the bed stays in place on various floor surfaces.

MAINTENANCE AND CARE

Maintaining your CHAWZ Orthopedic Dog Bed is simple, thanks to its thoughtful design:

- **Removable Cover:** The outer cover is fully removable. Unzip the cover from all foam components.
- **Machine Washable:** Machine wash the cover separately in cold water on a gentle cycle.
- **Drying:** Tumble dry on low heat or air dry. Do not bleach or wring the cover.
- **Waterproof Lining:** The bed features a full TPU waterproof lining to protect the foam from spills, drool, and accidents. If spills occur, simply wipe the lining clean with a damp cloth.
- **Foam Care:** The foam inserts are not machine washable. Spot clean any soiled areas on the foam with a mild detergent and allow to air dry completely before reassembling the bed.
