

WLIVE ASNG107WH

WLIVE 6-Drawer Dresser Instruction Manual

Model: ASNG107WH

Brand: WLIVE

INTRODUCTION

Thank you for choosing the WLIVE 6-Drawer Dresser. This manual provides detailed instructions for assembly, usage, maintenance, and troubleshooting to ensure safe and optimal performance of your new furniture. Please read this manual thoroughly before beginning assembly and retain it for future reference.

IMPORTANT SAFETY INFORMATION

To prevent serious injury or property damage, please adhere to the following safety guidelines:

- **Anti-Tip Device:** This dresser is equipped with an anti-rollover device. It is crucial to install this device as instructed to prevent the dresser from tipping over, especially in households with children or pets. Failure to do so can result in serious injury or death.
- **Assembly:** Assembly should ideally be performed by two adults. Ensure all parts are present and undamaged before beginning. Do not use power tools unless specifically instructed, as overtightening screws can cause damage.
- **Weight Capacity:** Do not exceed the recommended weight capacity for drawers (approximately 44 lbs per drawer) or the top surface (approximately 110 lbs). Distribute weight evenly.
- **Placement:** Place the dresser on a flat, level surface. Avoid placing it in areas with high humidity or direct sunlight, which can affect the wood's integrity.
- **Children Safety:** Do not allow children to climb on or play with the dresser. Keep small parts and assembly hardware out of reach of children.

ANTI-TIP KIT

Image Description: This image illustrates the importance of the anti-tip kit. The top panel shows a dresser securely anchored to the wall with the anti-tip strap, preventing it from falling. The bottom panel shows a child attempting to climb an unanchored dresser, which is tipping forward, indicating a significant safety hazard. Always install the anti-tip device.

PARTS LIST AND HARDWARE

Before assembly, please verify that all components and hardware are present. Refer to the included instruction manual for a detailed list and diagrams. If any parts are missing or damaged, please contact WLIVE customer support.

Typical Components Include:

- Top Panel, Side Panels, Bottom Panel
- Back Panel
- Drawer Fronts, Drawer Sides, Drawer Backs, Drawer Bottoms
- Drawer Glides (Metal Tracks)
- Crystal Handles/Knobs
- Support Plates for Drawers

- Anti-Tip Kit
- Various Screws, Dowels, Cam Locks, and other fasteners

Image Description: This image highlights the construction details of the dresser. It shows a cross-section of the engineered wood with a finishing layer, a close-up of the crystal handles, a view of the smooth drawer glide mechanism, and an illustration of the rugged construction for durability.

ASSEMBLY AND SETUP

This storage drawer unit is designed for easy installation. All parts and accessories are coded, and precise holes ensure accurate and faster assembly. It is recommended that two people install it.

1. **Prepare the Area:** Clear a spacious, clean, and soft area (e.g., a carpeted floor) to prevent scratching the furniture during assembly.
2. **Identify Parts:** Lay out all parts and hardware. Match them with the diagrams in the separate assembly instruction booklet.
3. **Assemble the Frame:** Follow the step-by-step instructions to connect the side panels, top, and bottom panels using the provided hardware. Ensure all connections are secure but do not overtighten screws until the frame is fully aligned.

4. **Install Drawer Glides:** Attach the metal drawer glides to the inside of the dresser frame and to the drawer sides. Ensure they are level and aligned for smooth operation.
5. **Assemble Drawers:** Construct each drawer by attaching the sides, back, and bottom to the drawer front. Insert the extra support plate at the bottom of each drawer for enhanced load capacity.
6. **Attach Handles:** Secure the crystal handles to the drawer fronts.
7. **Insert Drawers:** Carefully slide the assembled drawers onto their respective glides. Test each drawer for smooth movement.
8. **Install Back Panel:** Secure the back panel to the dresser frame.
9. **Install Anti-Tip Kit:** This is a critical step. Securely attach the anti-tip device to the back of the dresser and to a wall stud using the provided hardware. This prevents accidental tipping.

Image Description: This diagram provides the overall dimensions of the dresser: 59 inches wide, 30 inches high, and 16 inches deep. It also details the internal dimensions of a single drawer: 27.1 inches wide, 13.8 inches deep, and 7.4 inches high, with a weight capacity of 44 lbs.

SUPPORT PLATES

STRONGER LOAD CAPACITY

Image Description: This image focuses on the interior of a drawer, highlighting the additional support plate installed at the bottom. This plate is designed to reinforce the drawer base, ensuring it remains sturdy and can hold up to 44 pounds without sagging.

USAGE AND OPERATION

The WLIVE 6-Drawer Dresser is designed for versatile storage in various rooms, including bedrooms, living rooms, hallways, and closets.

- **Storage:** Utilize the six spacious drawers for organizing clothing, accessories, linens, books, toys, and other household items. The large top surface can accommodate decorative items, lamps, or even a television up to 65 inches.
- **Drawer Operation:** The metal tracks of each drawer are polished for smooth gliding. Pull drawers open and push them closed gently. Avoid forcing drawers, especially if they feel stuck.
- **Weight Distribution:** For optimal stability and longevity, distribute the weight of items evenly across the drawers. Avoid overloading any single drawer.

AMPLE STORAGE SPACE

STATIONERY

Image Description: This image illustrates the ample storage capacity of the dresser. It shows icons representing various items like books, snacks, diapers, toys, clothes, and stationery, indicating the versatility of the drawers for organizing different types of belongings.

Image Description: This image demonstrates the dresser's suitability as a TV stand. It shows a large television placed on the dresser's top surface, with an overlay indicating compatibility with TVs up to 65 inches, highlighting its functional versatility.

MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your WLIVE dresser.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood.
- **Sunlight and Heat:** Avoid prolonged exposure to direct sunlight or extreme heat, which can cause fading, warping, or cracking.
- **Humidity:** Maintain a consistent humidity level in the room to prevent wood expansion or contraction.
- **Moving:** When moving the dresser, always lift it rather than dragging it to prevent damage to the legs and frame. Empty drawers before moving.

Troubleshooting

If you encounter issues with your dresser, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Drawers do not slide smoothly or get stuck.	Misaligned drawer glides. Overloaded drawer. Debris in the glide tracks. Damaged glide mechanism.	Check that glides are securely attached and level. Adjust if necessary. Remove some items to reduce weight. Clean tracks with a dry cloth. Contact customer support for replacement parts if damaged.
Dresser feels wobbly or unstable.	Loose assembly hardware. Uneven floor surface. Anti-tip device not installed or improperly installed.	Tighten all screws and fasteners. Place shims under the legs to level the dresser. Ensure the anti-tip device is correctly installed and anchored to a wall stud.
Drawer rails broke during assembly.	Excessive force applied during installation. Defective part.	Always follow assembly instructions carefully and avoid excessive force. Contact WLIVE customer support immediately for replacement parts. Provide details of the damaged part and your purchase information.

Product Specifications

- **Brand:** WLIVE
- **Model Name:** ASNG107WH
- **Product Dimensions (Overall):** 15.75"D x 59.06"W x 30.04"H (40cm D x 150cm W x 76.3cm H)
- **Color:** White
- **Mounting Type:** Floor Mount
- **Room Type:** Bedroom, Closet, Hallway, Home Office, Living Room
- **Special Features:** Safety Stop, Scratch Resistant, Space Saving, Anti-rollover device, Extra drawer support plates
- **Assembly Required:** Yes (Recommended 2 people)
- **Item Weight:** 96.6 Pounds (43.8 kg)
- **Material:** Engineered Wood with Finishing Layer
- **Drawer Weight Capacity:** Approximately 44 lbs (20 kg) per drawer
- **Top Surface Weight Capacity:** Approximately 110 lbs (50 kg)

Warranty and Customer Support

WLIVE is committed to providing high-quality products and excellent customer service.

- **Returns:** This product is eligible for 30-day easy returns. Please refer to your purchase platform's return policy for detailed instructions.
- **Damaged or Missing Parts:** If you receive a damaged product or find missing parts, please contact WLIVE customer support immediately. Provide your order number and details of the issue for prompt assistance.
- **Contact Information:** For any questions, concerns, or support needs, please visit the official WLIVE store on Amazon or contact customer service through your purchase platform.

- **Packaging:** If the outer box is damaged upon arrival, do not worry, as the internal foam and wood protective boards are designed to protect your item.
