3. SETUP AND ASSEMBLY

Assembly is required for both the sofa and loveseat. Follow these general steps for each unit. It is recommended to have two people for easier assembly.

3.1. Sofa Assembly

- Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches.
- Attach Legs:** Securely attach the legs to the designated points on the bottom of the seat base using the provided hardware. Ensure they are tightened firmly.
- Assemble Frame:** Connect the backrest and armrests to the seat base. Align the pre-drilled holes and insert the bolts, tightening them with the included tool. Do not overtighten until all connections are made.
- Place Cushions:** Once the frame is stable, place the memory foam seat and back cushions onto the sofa.

3.2. Loveseat Assembly

The assembly process for the loveseat is identical to the sofa. Repeat the steps outlined in Section 3.1 for the loveseat components.

4. OPERATING INSTRUCTIONS

The Zinus Colton Sofa and Loveseat are designed for comfortable seating. No specific operational steps are required beyond proper placement and use.

- Cushion Placement:** Ensure all memory foam cushions are properly seated and aligned for optimal comfort and appearance. The cushions are removable for easy adjustment or cleaning.
- Weight Distribution:** Distribute weight evenly across the seating area to maintain the integrity and longevity of the frame and cushions.

5. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and appearance of your Zinus Colton furniture.

- Fabric Care:** For general cleaning, vacuum the fabric regularly using an upholstery attachment to remove dust and debris. For spills, blot immediately with a clean, dry cloth. Avoid rubbing, which can spread the stain. For stubborn stains, consult a professional upholstery cleaner. Do not use harsh chemicals or abrasive cleaners.
- Cushion Care:** The memory foam cushions are designed to retain their shape. Periodically fluff and rotate reversible cushions to ensure even wear.
- Frame Care:** Periodically check all bolts and connections to ensure they remain tight. Retighten if necessary. Avoid exposing the furniture to direct sunlight or extreme temperatures, which can affect fabric and frame materials.
- Legs:** Ensure the legs are always firmly attached and stable.

6. TROUBLESHOOTING

Refer to the table below for common issues and their solutions.

Issue	Possible Cause	Solution
Furniture feels wobbly	Loose leg or frame connections.	Check and tighten all bolts and screws on legs and frame connections. Ensure the furniture is on a level surface.
Cushions appear uneven or flat	Cushions need fluffing or rotation.	Remove cushions, fluff them by hand, and rotate them if possible to ensure even wear. Allow memory foam to expand fully after unpacking.
Missing parts during assembly	Packaging error or small parts overlooked.	Carefully re-check all packaging materials. If parts are still missing, contact Zinus customer support.
