Aolso 5090873

Aolso Foldable Bluetooth Wireless Keyboard Model 5090873 User Manual

Portable, Rechargeable, Multi-Device Compatible

Introduction

Thank you for choosing the Aolso Foldable Bluetooth Wireless Keyboard. This ultra-thin, portable keyboard is designed for convenience and efficiency, allowing you to type comfortably on your smartphone, tablet, or PC. Its magnetic folding design ensures easy transport, and the built-in rechargeable battery provides extended use. This manual will guide you through the setup, operation, and maintenance of your new keyboard.

Package Contents

Please check the package for the following items:

- 1 x Aolso Foldable Bluetooth Wireless Keyboard
- 1 x Mobile Phone Holder
- 1 x Type-C Charging Cable
- 1 x User Manual

Product Overview

The Aolso Foldable Bluetooth Wireless Keyboard features a compact design with scissor-switch keys for a comfortable and quiet typing experience. It is designed for portability and multi-device compatibility.

Setup: Bluetooth Pairing

Follow these steps to connect your Aolso Foldable Bluetooth Wireless Keyboard to your device:

1. **Charge the Keyboard:** Before first use, ensure the keyboard is fully charged. Connect the provided Type-C charging cable to the keyboard's charging port and a USB power source. The charge indicator light will illuminate during charging and turn off when fully charged.
2. **Power On:** Unfold the keyboard. The keyboard will automatically power on.
3. **Activate Bluetooth Pairing Mode:** Press the **"Connect"** button located near the power indicator. The Bluetooth indicator light will start flashing, indicating the keyboard is in pairing mode.
4. **Enable Bluetooth on Your Device:** On your smartphone, tablet, or PC, go to the Bluetooth settings and turn on Bluetooth.
5. **Select the Keyboard:** In the list of available Bluetooth devices, locate and select **"Bluetooth Keyboard"** or a similar name.
6. **Confirm Connection:** Your device may prompt you to enter a code displayed on the screen using the keyboard, then press **Enter**. Once connected, the Bluetooth indicator light on the keyboard will stop flashing and remain solid or turn off,

depending on the model.

7. **Multi-Device Pairing:** This keyboard supports triple pairing. Use **Fn + BT1**, **Fn + BT2**, or **Fn + BT3** to switch between paired devices. To pair a new device, select an unused BT channel (e.g., BT1) and follow steps 3-6.

Operating Instructions

The keyboard is designed for intuitive use across various operating systems.

Operating System Switching

To ensure proper key functionality, switch the keyboard to the correct operating system mode:

- **For iOS devices (iPad/iPhone):** Press **Fn + Q**
- **For Android devices:** Press **Fn + W**
- **For Windows devices (PC/Laptop):** Press **Fn + E**

Special Function Keys

Many keys have secondary functions accessible by holding the **Fn** key and pressing the desired function key. These functions may vary slightly depending on the operating system.

Key Combination	Function
Fn + Q	Switch to iOS mode
Fn + W	Switch to Android mode
Fn + E	Switch to Windows mode
Fn + BT1/BT2/BT3	Switch between paired Bluetooth devices
Fn + F1-F12	Multimedia and system control functions (e.g., volume, playback, screen lock)

Charging the Keyboard

The keyboard features a built-in rechargeable lithium battery. To charge the keyboard:

1. Locate the Type-C charging port on the keyboard (refer to the Product Overview image).
2. Connect the provided Type-C charging cable to the keyboard's port.
3. Connect the other end of the cable to a USB power source (e.g., computer USB port, USB wall adapter).
4. The charge indicator light will illuminate during charging.
5. Once fully charged, the indicator light will turn off. A full charge typically takes less than 2 hours and provides over 30 hours of continuous use or over 150 days of standby time.

When the battery is low, the charge indicator light may flash to alert you to recharge the keyboard.

Maintenance

To ensure the longevity and optimal performance of your keyboard, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the keyboard surface. For stubborn dirt, slightly dampen the cloth with water or a mild cleaning solution. Avoid excessive moisture.
- **Storage:** When not in use, fold the keyboard to protect the keys. Store it in a cool, dry place away from direct sunlight and extreme temperatures.
- **Avoid Liquids:** Do not expose the keyboard to liquids. In case of accidental spills, immediately power off the keyboard and allow it to dry completely before use.
- **Handle with Care:** Avoid dropping or subjecting the keyboard to strong impacts.

Troubleshooting

If you encounter issues with your keyboard, please refer to the following common problems and solutions:

Problem	Possible Solution
Keyboard does not power on.	Ensure the keyboard is unfolded. Check battery level and charge the keyboard if necessary.
Unable to pair with device.	◦ Ensure Bluetooth is enabled on your device. ◦ Make sure the keyboard is in pairing mode (Bluetooth indicator flashing). Press the "Connect" button if needed. ◦ Ensure the keyboard is within the 15m working distance. ◦ Forget the keyboard from your device's Bluetooth list and try pairing again. ◦ Restart both the keyboard and your device.
Keys are not responding or typing incorrectly.	◦ Ensure the keyboard is fully charged. ◦ Verify that the keyboard is set to the correct operating system mode (Fn + Q/W/E). ◦ Reconnect the Bluetooth connection. ◦ Some keys may have different layouts depending on the device's language settings.
Bluetooth connection is unstable.	◦ Ensure there are no obstructions between the keyboard and your device. ◦ Move closer to your device. ◦ Avoid strong electromagnetic interference from other devices.

Specifications

Feature	Detail
Model Number	5090873
Dimensions (Unfolded)	282 x 94.5 mm
Weight	260 g
Working Distance	Up to 15 meters (49 feet)
Battery Capacity	150 mAh Lithium Battery
Charging Time	Less than 2 hours
