Ariete 650 My Veggie Drink Plant-Based Beverage Maker User Manual

1. Introduction

Thank you for choosing the Ariete 650 My Veggie Drink. This appliance is designed to prepare fresh, homemade plant-based beverages, milkshakes, and juices with ease. Please read this instruction manual carefully before using the appliance to ensure safe and efficient operation. Keep this manual for future reference.

2. Important Safety Instructions

When using electrical appliances, basic safety precautions should always be followed, including the following:

- Read all instructions before use.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electric shock, do not immerse the cord, plugs, or appliance in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
- Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions or has been damaged in any manner. Contact customer service for examination, repair, or adjustment.
- The use of accessory attachments not recommended by the appliance manufacturer may cause injuries.
- Do not use outdoors.
- Do not let the cord hang over the edge of a table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off", then remove plug from wall outlet.
- Do not use appliance for other than intended use.
- Exercise extreme caution when moving an appliance containing hot oil or other hot liquids.
- Ensure the lid is securely locked in place before operating.
- Avoid contact with moving parts.

6. Cleaning and Maintenance

Regular cleaning ensures the longevity and hygienic operation of your Ariete 650 My Veggie Drink.

6.1 Automatic Cleaning and Drying

- After each use, it is recommended to activate the **'Clean'** function. This program uses water to rinse the internal processing chamber and blades.
- Following the cleaning cycle, you can activate the **'Dry'** function to ensure the internal components are thoroughly dried, preventing moisture buildup.

6.2 Manual Cleaning

1. Always unplug the appliance from the power outlet before cleaning.
2. Remove the glass collection jug and the removable water tank. Wash them with warm, soapy water and a soft sponge. Rinse thoroughly and dry completely.
3. For the internal processing chamber and blades, if residue remains after the automatic cleaning, use a soft brush or sponge with warm, soapy water. Be careful around the sharp blades. Rinse by carefully pouring clean water into the chamber and draining.
4. Wipe the exterior of the main unit with a damp cloth. Do not immerse the main unit in water or any other liquid.
5. Ensure all parts are dry before reassembling or storing the appliance.

7. Troubleshooting

If you encounter any issues with your Ariete 650 My Veggie Drink, please refer to the following table for common problems and solutions:

Problem	Possible Cause	Solution
Appliance does not turn on.	Not plugged in; power outage; faulty outlet.	Ensure the power cord is securely plugged into a working electrical outlet. Check your circuit breaker.
Program does not start.	Lid not properly closed; water tank empty; incorrect program selection.	Ensure the lid is securely closed. Check if the water tank is filled to the appropriate level. Re-select the desired program.
Beverage consistency is too thick/thin.	Incorrect ingredient-to-water ratio; ingredients not properly pre-soaked.	Adjust the amount of ingredients or water according to your desired consistency. Ensure ingredients like nuts or grains are pre-soaked as per recipe.
Unusual noise during operation.	Too many ingredients; foreign object in chamber; appliance not stable.	Do not overfill the processing chamber. Check for any foreign objects. Ensure the appliance is on a stable, flat surface.
Self-cleaning function not effective.	Heavy residue buildup.	Perform manual cleaning as described in Section 6.2. Run the self-cleaning cycle immediately after use for best results.
