Pishengfa Cooling Mist Spray

Pishengfa Cooling Mist Spray User Manual

Model: Cooling Mist Spray

1. INTRODUCTION

The Pishengfa Cooling Mist Spray is designed to provide instant cooling and hydration, making it ideal for hot weather, outdoor activities, and general skin refreshment. This manual provides essential information for the safe and effective use of your cooling mist spray.

2. SAFETY INFORMATION

- For external use only. Do not ingest.
- Avoid direct contact with eyes. In case of contact, rinse thoroughly with water.
- Discontinue use if irritation or rash occurs. Consult a physician if symptoms persist.
- Keep out of reach of children.
- Store in a cool, dry place away from direct sunlight and high temperatures.
- This product is suitable for all skin types, but always perform a patch test on a small area of skin before full application, especially if you have sensitive skin.

3. SETUP

The Pishengfa Cooling Mist Spray comes ready to use. No assembly is required.

1. Before first use, ensure the cap is securely fastened.
2. Shake the bottle gently to ensure the contents are well mixed.

4. OPERATING INSTRUCTIONS

Follow these steps for optimal cooling and refreshing effects:

1. Hold the spray bottle approximately 20 cm (8 inches) away from your face or body.
2. Close your eyes if spraying on your face.
3. Press the nozzle 2-3 times to release a fine mist.
4. Allow the mist to settle on your skin or clothes. Do not rub.
5. Reapply as needed throughout the day for continuous refreshment.

5. MAINTENANCE

- Keep the cap on the bottle when not in use to prevent contamination and evaporation.
- Clean the nozzle periodically with a damp cloth if it becomes clogged.
- Store the product upright to prevent leakage.

6. TROUBLESHOOTING

- **No mist or weak mist:** Ensure the nozzle is not clogged. Clean it if necessary. Check if the bottle contains sufficient liquid.
- **Skin irritation:** Discontinue use immediately. If irritation persists, consult a healthcare professional.
- **Product leakage:** Ensure the cap is tightly closed and the bottle is stored upright.
