Salutrobusto Gaming Chair with Footrest

MODEL: 1688

Instruction Manual

Introduction

Thank you for choosing the Salutrobusto Gaming Chair with Footrest. This manual provides detailed instructions for the assembly, operation, and maintenance of your new chair. Please read this manual carefully before assembly and use to ensure proper function and longevity of the product. Keep this manual for future reference.

Product Overview and Features

The Salutrobusto Gaming Chair is designed for comfort and support during extended periods of sitting, whether for gaming or office work. Key features include:

- **Versatile Recline:** Backrest adjusts from 90° (upright for work) to 135° (relaxed for breaks), with multiple angle locking.
- **Integrated Footrest:** A retractable footrest provides additional comfort for relaxation.
- **Ergonomic Support:** Adjustable headrest and lumbar pillow conform to the natural curve of the spine.
- **Dynamic Movement:** 360° swivel capability for easy movement and access.
- **Comfortable Materials:** High-density foam cushions wrapped in breathable PU leather.
- **Linkage Armrests:** Armrests are designed to move with the chair's recline, providing continuous support.
- **Durable Construction:** Industrial-grade metal frame supports up to 350 lbs.

- **Smooth Mobility:** Noise-free casters for smooth gliding on various surfaces.

Assembly Instructions

Assembly typically takes less than 15 minutes. Follow these steps carefully:

1. **Install Casters:** Press the casters into the holes of each leg on the chair base. Turn the base upside down once casters are installed.
2. **Insert Gas Lift:** Insert the gas lift into the center hole of the base.
3. **Assemble Footrest:** Align the footrest plastic parts to the bottom of the seat cushion using four M6x25mm bolts. Install the footrest surface to the metal frame with two M6x25mm bolts. Insert the metal tube into the plastic hole and install two M5x17mm bolts at the end.
4. **Attach Mechanism to Seat:** Align the mechanism to the bottom of the seat cushion, ensuring the front of the mechanism faces the front of the seat cushion. Attach the mechanism using four M6x25mm bolts and tighten them securely.
5. **Attach Back Tube to Backrest:** Attach the back tube to the backrest with four M6x35mm

bolts.

6. **Attach Backrest to Seat:** Attach the backrest to the seat cushion and tighten the button.
7. **Install Armrests:** Install the armrests with the seat cushion and backrest using four M8x35mm bolts and spacers. *Note: Do not tighten the screws completely at first; tighten them to about 50%. After installing all screws, then tighten them ALL securely.*
8. **Place Seat on Gas Lift:** Put the assembled seat cushion onto the gas lift. Ensure the hole at the bottom of the tray is aligned with the top of the air rod.
9. **Install Head Pillow and Lumbar Support:** Install the head pillow and lumbar support using their adjustable straps.
10. **Cover Holes:** Put the lids to cover the armrest holes.

Operating Instructions

Your Salutrobusto Gaming Chair offers several adjustable features for personalized comfort:

- **Height Adjustment:** Use the lever located under the seat on the right side to adjust the chair's height. Pull the lever up to raise the chair; sit on the chair and pull the lever up to lower it. Release the lever to lock the height.
- **Backrest Recline:** Use the lever on the right side of the seat to recline the backrest. Pull the lever up to adjust the angle from 90° to 135°. Release the lever to lock the backrest in your desired position.
- **Tilt Tension:** The knob under the front of the seat allows you to adjust the tilt tension. Turn clockwise to increase tension (making it harder to recline) or counter-clockwise to decrease tension (making it easier to recline).
- **Footrest Operation:** Pull the footrest out from under the seat when you wish to use it. Push it back in when not needed.
- **Headrest and Lumbar Pillow Adjustment:** The headrest and lumbar pillow are adjustable via straps. Position them to best support your neck and lower back.

Maintenance

To ensure the longevity and appearance of your Salutrobusto Gaming Chair, follow these maintenance guidelines:

- **Cleaning:** Wipe the PU leather surfaces with a soft, damp cloth. For stubborn stains, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically check all bolts and screws to ensure they are tight. Re-tighten if necessary to prevent wobbling or instability.
- **Caster Care:** Keep casters free of hair and debris to ensure smooth rolling. You may use a small brush or vacuum to clean them.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the PU leather to fade or crack. Position the chair away from direct sunlight.
- **Weight Limit:** Do not exceed the maximum weight capacity of 350 lbs to prevent damage to the chair and potential injury.

Troubleshooting

If you encounter any issues with your chair, refer to the following common problems and solutions:

- **Chair Wobbles:**
 - Ensure all assembly bolts are securely tightened.
 - Check if the chair is on an even surface.
- **Chair Does Not Adjust Height:**
 - Verify the gas lift is correctly inserted into the mechanism and base.
 - Ensure the height adjustment lever is functioning properly and not obstructed.
- **Backrest Does Not Recline/Lock:**
 - Check the recline lever for any obstructions or damage.
 - Ensure the backrest is securely attached to the seat.
- **Casters Not Rolling Smoothly:**
 - Remove any hair or debris caught in the casters.
 - Ensure casters are fully inserted into the chair base.

If problems persist, please contact customer support.

Specifications

Feature	Detail
Brand	Salutrobusto
Model Name	1688
Colour	Blue
Material	Faux Leather, Foam (Fill Material), Metal (Frame)
Product Dimensions (D x W x H)	70D x 70W x 100H Centimetres
Item Weight	19 Kilograms
Maximum Weight Recommendation	350 Pounds
