HOOMIC HMAKKT007

HOOMIC 64-inch Cat Tree Tower User Manual

Model: HMAKKT007

PRODUCT OVERVIEW

The HOOMIC 64-inch Cat Tree Tower is a multi-level activity center designed for indoor cats. It provides various spaces for lounging, climbing, napping, and scratching, promoting physical activity and comfort for your feline companions.

This image displays the complete HOOMIC 64-inch Cat Tree Tower, featuring multiple levels, perches, condos, and scratching posts, all covered in a white fabric with black spots.

SETUP AND ASSEMBLY

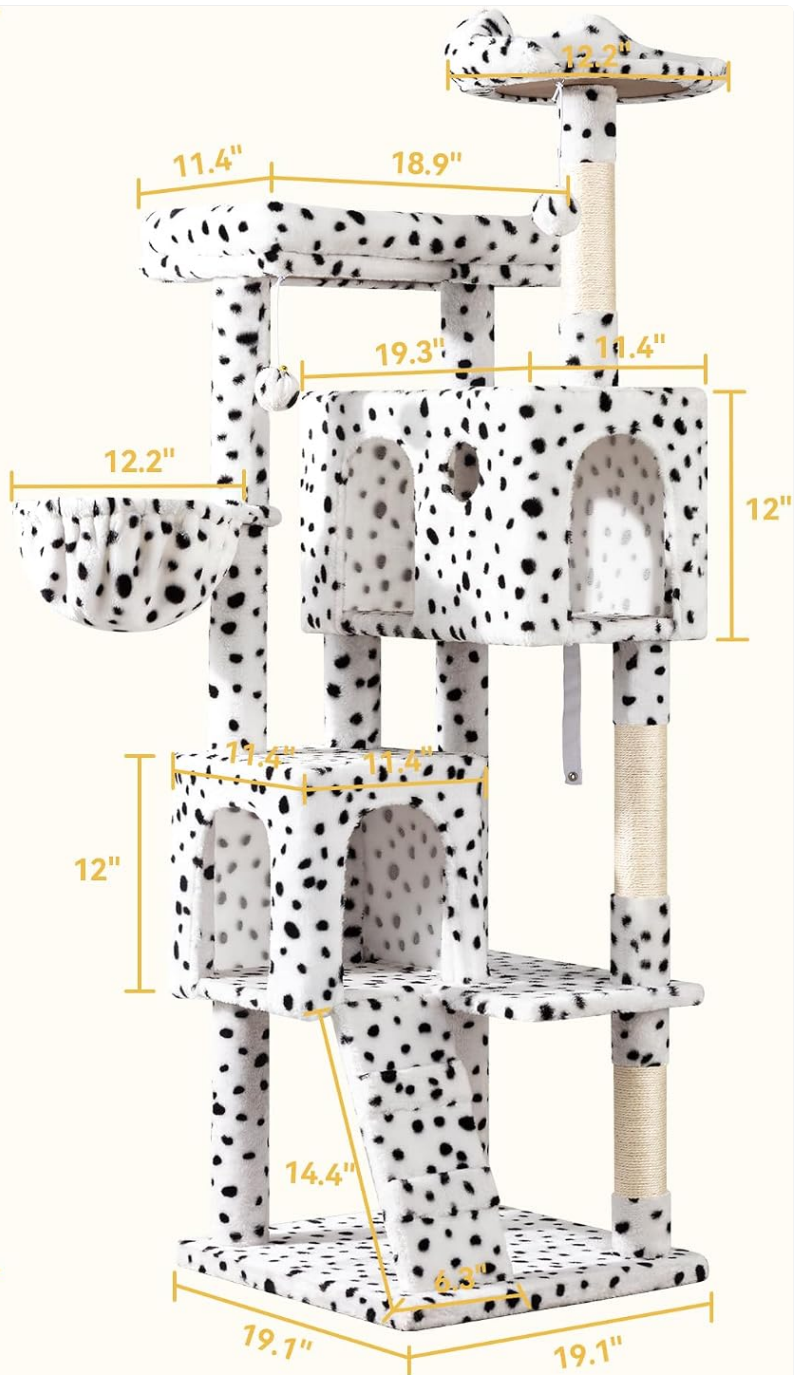

The HOOMIC Cat Tree Tower is designed for hassle-free assembly. All necessary tools and detailed instructions are included. Parts are clearly labeled to facilitate quick setup, typically completed within 30 minutes.

Assembly Steps:

1. Unpack all components and verify against the included parts list.
2. Follow the step-by-step instructions provided in the assembly manual.
3. Ensure all connections are secure and stable.
4. Attach the anti-tip fittings to a wall for enhanced stability, especially if you have active or multiple cats.

**Weight Capacity
Basket & Perch:
22 lbs.
Other: 33 lbs.**

This diagram illustrates the overall dimensions of the cat tree (64 inches high) and the individual measurements of its various platforms, condos, and perches, along with weight capacity information.

This cat tree provides multiple features for your cat's enjoyment and comfort.

- **Spacious Top Perches:** Two elevated perches offer ideal spots for lounging and observing surroundings.
- **Cozy Condos:** Two enclosed condos provide private, secure spaces for napping and resting. The dual-entry design improves airflow and accessibility.
- **Sisal Scratching Posts:** Multiple posts wrapped in sisal rope allow cats to satisfy their natural scratching instincts, helping to protect your furniture.
- **Baskets and Hammock:** Additional comfortable spots for relaxation and play.

This image shows a detailed view of one of the plush top perches, highlighting its soft, comfortable surface and raised edges designed for feline comfort.

This image provides a close-up of one of the cat condos, illustrating its two entry points for improved ventilation and a dangling toy for play.

This image focuses on the plush basket or hammock component of the cat tree, showcasing its soft interior and sturdy attachment.

MAINTENANCE AND CARE

Regular maintenance ensures the longevity and cleanliness of your HOOMIC Cat Tree Tower.

- **Cleaning:** Use a lint roller or vacuum cleaner to remove pet hair and dust from the plush surfaces. For spot cleaning, use a damp cloth with mild soap and water, then air dry. Avoid harsh chemicals.
- **Sisal Posts:** Inspect sisal scratching posts periodically for wear. While designed for durability, heavy use may require eventual replacement of the sisal rope if available from the manufacturer.
- **Stability Check:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain structural integrity.
- **Location:** Place the cat tree in a dry, indoor environment away from direct sunlight or excessive moisture to prevent material degradation.

TROUBLESHOOTING

Common issues and their solutions:

Problem	Possible Cause	Solution
Cat tree wobbles after assembly.	Loose connections or anti-tip fittings not installed.	Ensure all screws are tightened. Install or re-secure anti-tip fittings to a wall.
Cat not using scratching posts.	Preference for other surfaces or unfamiliarity.	Encourage use with catnip or by gently guiding paws to the sisal. Place near preferred scratching areas.
Plush fabric appears matted or dirty.	Accumulation of pet hair and dust.	Regularly vacuum or use a lint roller. Spot clean with a damp cloth and mild detergent as needed.
