4.4 Authorization Code

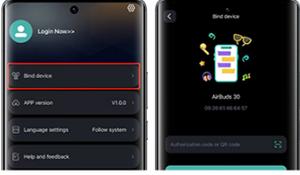

Some features of the "Ear Dance" app may require an authorization code. This code is typically found in the translation manual included in your package.

1. **Locate Code:** Find the authorization code in your translation manual. (Example: **12345678**)
2. **Enter Code:** Follow the app's prompts to enter the authorization code when requested.

Note: The authorization code is permanently valid. If you switch phones, you can re-bind the earbuds by re-entering the authorization code.

Paso 1

Abra la página Bluetooth en la configuración del teléfono para buscar dispositivos Bluetooth cercanos. Seleccione "S75" en la página Bluetooth del teléfono para completar la conexión.

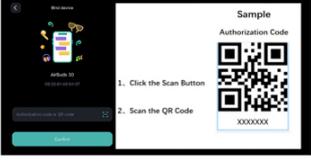

Paso 2

Escanear o ingrese el código de autorización (o código) en el manual de instrucciones

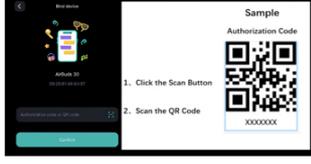

Método 1

Escanear o ingrese el código de autorización (QRCode) en el manual de instrucciones

Método 2

Escanear el código de autorización

Nota: El código de autorización es válido para siempre. Cuando cambia su teléfono, aún puede vincular los auriculares siempre que vuelva a ingresar el código de autorización.

5.2 Translation Modes

The OYIB S75 earbuds offer various translation modes to suit different communication scenarios, all accessible via the "Ear Dance" app.

- **AI Dialogue Mode:** Engage in natural, fluid conversations with AI-based translation. This mode allows for seamless back-and-forth communication.
- **Free Conversation Mode:** Automatically detect and translate languages in real-time without needing to press buttons. Ideal for hands-free communication between speakers of different languages.

Modo de Libre Habla (Admite 164 idiomas)

En este modo, no hay necesidad de tocar su teléfono o auriculares: la IA detecta automáticamente los idiomas hablados y los traduce en tiempo real, permitiendo conversaciones sin problemas y manos libres entre altavoces de diferentes idiomas.

Image: Free Conversation Mode in action.

- **Earbud + Phone Mode:** Share one earbud with a friend for two-way translation. One person uses an earbud, and the other uses the smartphone. The system automatically detects when speech ends for direct bilingual conversation.

Auriculares + Modo Telefónico (Admite 164 idiomas)

Una persona usa los auriculares mientras que el otro usa un teléfono móvil. Al presionar el botón en los auriculares o el botón de traducción en el teléfono, detecta automáticamente cuando termina el habla, permitiendo una conversación bilingüe directa.

Image: Earbud + Phone Mode for shared translation.

- **Translation Machine Mode:** This mode functions as a standard translator, integrating with Microsoft and Google Translate for up to 98% accuracy. Simply press the language button for instant translation, and the audio will play through your phone's speaker.

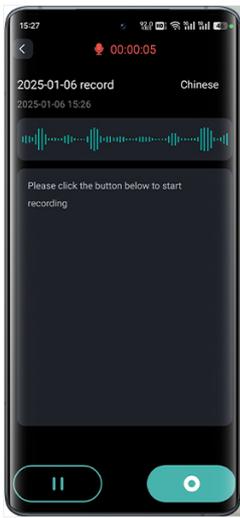

Máquina de Traducción Modo (Admite 164 idiomas).

Este dispositivo funciona como un traductor estándar, que se integra con Microsoft y Google Translate para ofrecer una precisión del 98%. Simplemente presione el botón del idioma para la traducción instantánea, y el audio traducido se reproducirá a través del altavoz de su teléfono.

Image: Translation Machine Mode for direct translation.

- **Voice Note Mode:** Convert spoken words from conferences, classes, or videos into text notes, ensuring no important content is missed. Continuous recording is limited to 30 minutes; revise and restart recording as needed.

Notas de Voz

Este modo puede convertir conferencias en el aula, videos y audio en notas de texto, lo que nunca se pierde el contenido importante. (Nota: La grabación continua se limita a 30 minutos; simplemente revise sus notas y reinicie la grabación según sea necesario).

Image: Voice Note Mode for converting speech to text.

- **AI Chat Mode:** Access a version of OpenAI ChatGPT 4.0 Mini for intelligent, efficient, and quick responses. This mode supports 8 languages and can provide accurate answers to your questions.

5.3 Music Playback and Calls

The OYIB S75 earbuds deliver HiFi stereo sound for an immersive listening experience and clear calls thanks to CVC8.0 noise reduction.

- **Music:** Use the touch controls to play, pause, skip tracks, and adjust volume.
- **Calls:** Answer, end, or reject calls using the touch controls. The CVC8.0 technology effectively reduces ambient noise, ensuring your voice is heard clearly during calls.

Sonido Estéreo de Alta Calidad

6. MAINTENANCE

6.1 Cleaning

Regular cleaning helps maintain optimal performance and hygiene.

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or aerosol sprays.
- Remove eartips and clean them with mild soap and water if necessary, ensuring they are completely dry before reattaching.

6.2 Water Resistance (IPX7)

The OYIB S75 earbuds are IPX7 waterproof, meaning they can withstand immersion in up to 1 meter of water for 30 minutes. They are resistant to sweat and rain, making them suitable for workouts and outdoor activities.

- Do not intentionally submerge the earbuds in water for extended periods.
- Ensure the charging port is dry before charging to prevent damage.
- The charging case is not waterproof.

Image: Waterproof design for daily use.

6.3 Storage

Store the earbuds in their charging case when not in use to protect them and keep them charged. Avoid extreme temperatures and direct sunlight.

7. TROUBLESHOOTING

If you encounter any issues with your OYIB S75 earbuds, please refer to the following common solutions:

Problem	Solution
Earbuds not pairing	<ul style="list-style-type: none"> ◦ Ensure earbuds are charged. ◦ Turn off and on your device's Bluetooth. ◦ Place earbuds back in the case, close, then reopen to re-enter pairing mode. ◦ Forget "S75" in your device's Bluetooth settings and try pairing again.
No sound or low volume	<ul style="list-style-type: none"> ◦ Check device volume and earbud volume. ◦ Ensure earbuds are properly connected to your device. ◦ Clean any debris from the earbud speakers. ◦ Try resetting the earbuds (refer to app for specific reset instructions).
Translation not working	<ul style="list-style-type: none"> ◦ Ensure the "Ear Dance" app is open and connected to the earbuds. ◦ Check your internet connection (required for online translation). ◦ Verify correct source and target languages are selected in the app. ◦ Ensure the authorization code is correctly entered in the app.
Earbuds not charging	<ul style="list-style-type: none"> ◦ Ensure the charging cable is securely connected to both the case and power source. ◦ Try a different USB-C cable or power adapter. ◦ Clean the charging contacts on both the earbuds and the case.
