DWVO MADWVz9zor

DWVO 52 Inch Ceiling Fan with Dimmable Light Instruction Manual

1. INTRODUCTION

Thank you for choosing the DWVO 52 Inch Ceiling Fan with Dimmable Light. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read these instructions thoroughly before installation and retain them for future reference.

Image 1.1: Overview of the DWVO 52 Inch Ceiling Fan. This image displays the fan's overall design, including its five black blades, central light fixture with a gold accent ring, and flush mount canopy.

2. SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these basic precautions:

- Read all instructions and safety information carefully before installing your fan and save these instructions.
- All wiring must be in accordance with national and local electrical codes. Consult a qualified electrician if you are unfamiliar with wiring.
- Before installation, disconnect power by turning off the circuit breakers at the main fuse box.
- Ensure the installation site can support the fan's weight (approximately 12.1 pounds).
- Do not operate the fan with damaged power cords or plugs.
- Avoid placing objects in the path of the fan blades.
- Do not attempt to repair or modify the fan yourself. Contact customer support for assistance.

3. PACKAGE CONTENTS

Verify that all components listed below are included in your package. If any parts are missing or damaged, please contact DWVO customer service.

- Motor Housing Assembly
- Fan Blades (5)
- Light Kit Assembly
- Remote Control with Wall Mount Holder
- Mounting Bracket
- Hardware Pack (screws, wire nuts, washers)
- Instruction Manual

4. SPECIFICATIONS

Feature	Specification
Brand	DWVO
Model Name	MADWVz9zor
Size	52 Inch
Color	Black Gold New
Material	Acrylonitrile Butadiene Styrene (ABS)
Motor Type	DC Reversible Motor
Wattage	25 watts (fan motor)
Light Source Type	Integrated LED
Light Wattage	18W
Color Temperature	3000K (Warm White), 4500K (Natural White), 6000K (Cool White)
Control Method	Remote Control
Number of Speeds	6
Mounting Type	Flush Mount
Product Dimensions	52"L x 52"W x 12"H
Item Weight	12.12 Pounds

52" CEILING FAN LIGHT

DC
Motor

Maximum Speed
160r/min

Maximum Power
25W

5. SETUP AND INSTALLATION

5.1 Pre-Installation

1. Turn off power at the circuit breaker.
2. Ensure the electrical box is securely mounted and capable of supporting the fan's weight.
3. Unpack all components and lay them out on a soft surface to prevent scratches.

5.2 Mounting Bracket Installation

1. Attach the mounting bracket to the outlet box using the screws provided. Ensure it is firmly secured.

5.3 Wiring

1. Connect the household supply wires to the fan wires according to the wiring diagram in the manual. Typically, black to black (live), white to white (neutral), and green/bare copper to green (ground).
2. Secure all wire connections with wire nuts.

5.4 Attaching Fan Blades

1. Carefully attach each fan blade to the motor housing using the provided screws. Ensure all screws are tightened securely.

5.5 Light Kit Installation

1. Connect the light kit wires to the corresponding wires from the fan motor assembly.
2. Secure the light kit to the bottom of the fan motor housing.
3. Install the light diffuser by twisting or snapping it into place.

6. OPERATING INSTRUCTIONS

Your DWVO ceiling fan is controlled by a remote control. Familiarize yourself with its functions for optimal use.

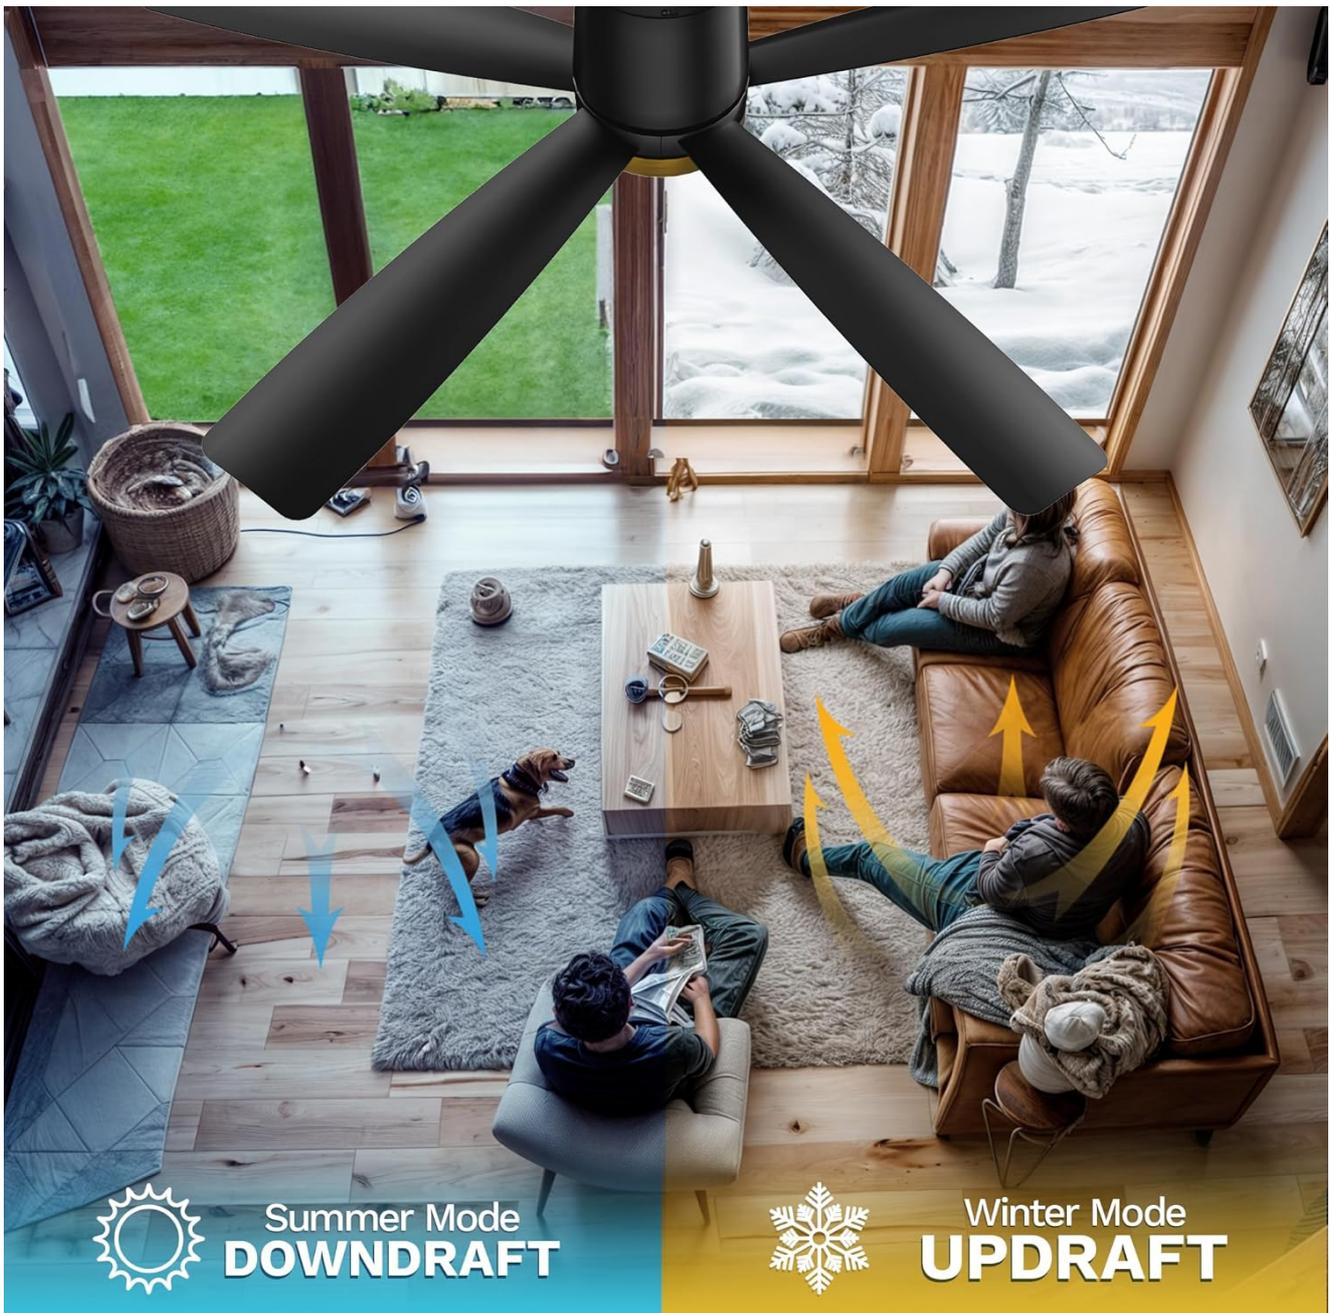

Image 6.1: The remote control for the DWVO ceiling fan, showing its various buttons for fan and light operation.

6.1 Remote Control Functions

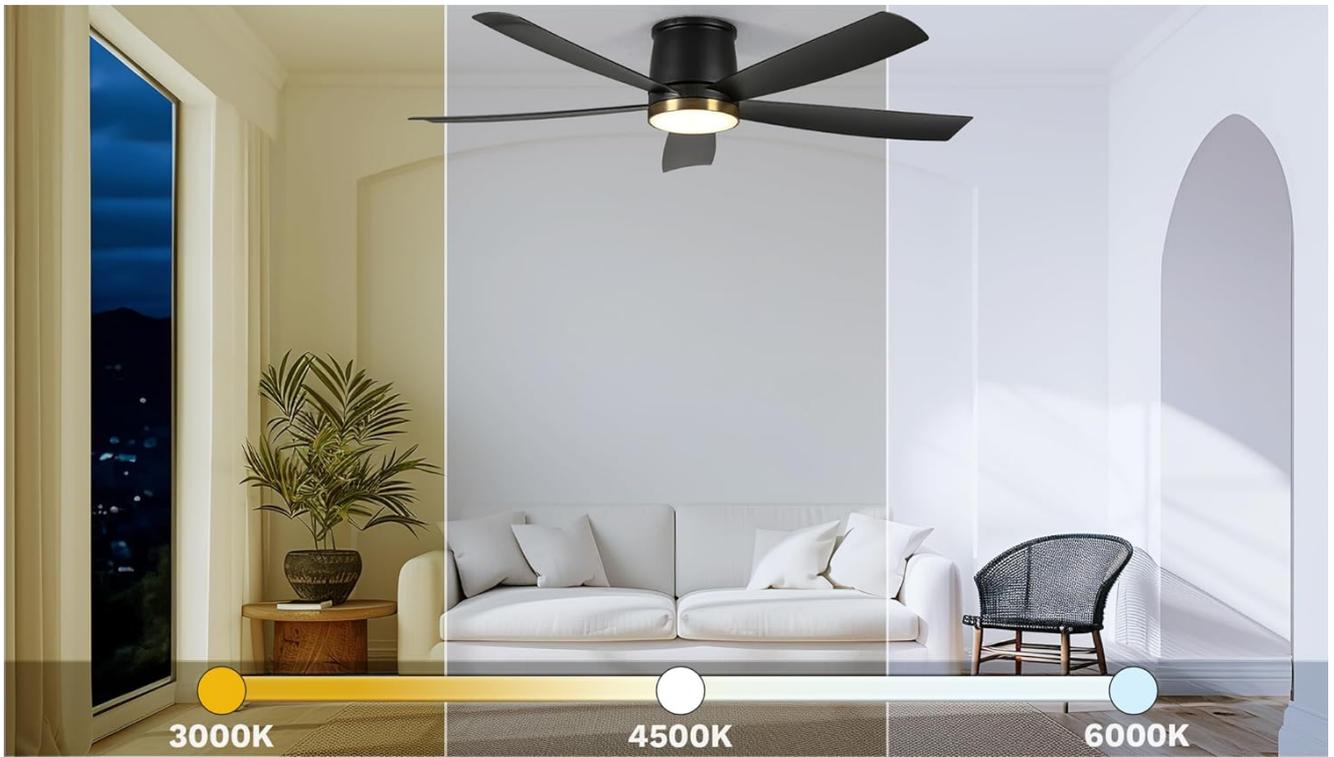

- **Power Button:** Turns the fan and light on/off.
- **Fan Speed Buttons (1-6):** Adjusts fan speed from 1 (lowest) to 6 (highest).
- **Light On/Off Button:** Toggles the light on or off independently of the fan.
- **Color Temperature Button:** Cycles through 3000K (Warm White), 4500K (Natural White), and 6000K (Cool White). The fan retains the last used color temperature setting.
- **Timer Buttons (1H, 2H, 4H, 8H):** Sets the fan to turn off automatically after the selected duration.
- **Forward/Reverse Rotation Button:** Changes the direction of the fan blades for seasonal use.

Image 6.2: Detailed view of the remote control, highlighting the functions of each button, including sleep mode, natural wind, forward/reverse rotation, fan speed adjustment, and timing settings.

6.2 Adjustable Light & Timer

The integrated LED light offers three distinct color temperatures to suit your preference and environment. Press the light button to cycle through 3000K, 4500K, and 6000K. The fan's memory function will recall the last selected color temperature when turned on again.

ADJUSTABLE 3 COLOR TEMPERATURES

Memory function
Retains last used
color temperature

Image 6.3: Visual representation of the three adjustable color temperatures (3000K, 4500K, 6000K) and the memory function that retains the last used setting.

Utilize the timer function (1H, 2H, 4H, 8H) to automatically shut off the fan after a set period, ideal for sleeping or when leaving a room.

Image 6.4: Illustrates the quiet operation of the DC motor (below 35dB) and the available timer settings (1h, 2h, 4h, 8h, 12h max).

6.3 Reversible Seasonal Mode

The DC reversible motor allows for year-round use. Press the forward/reverse button on the remote to change blade direction:

- **Summer Mode (Counter-clockwise):** Creates a downdraft, producing a cooling breeze.
- **Winter Mode (Clockwise):** Creates an updraft, circulating warm air trapped near the ceiling.

Image 6.6: Depicts the six fan speed levels, suggesting appropriate uses for different activities like sleeping/reading (Level 1-2), fun/parties (Level 3-4), and fitness/sports (Level 5-6).

7. MAINTENANCE

7.1 Cleaning

- Always turn off the power at the circuit breaker before cleaning.
- Use a soft, damp cloth to wipe down the fan blades and motor housing. Do not use abrasive cleaners or solvents.
- Periodically check for dust accumulation on the blades and light diffuser to maintain optimal performance and light output.

7.2 Light Source Replacement

The LED light source is integrated and designed for long-term use. If the light fails, please contact DWVO customer support for assistance. Do not attempt to replace the LED module yourself.

8. TROUBLESHOOTING

If you experience issues with your fan, refer to the common problems and solutions below. If the problem persists, contact customer support.

Problem	Possible Cause	Solution
Fan does not start	No power supply; Loose wiring; Remote control battery low/dead.	Check circuit breaker; Verify all wire connections; Replace remote control battery.
Fan is noisy	Loose screws on blades or mounting bracket; Fan not balanced.	Tighten all screws; Ensure blades are securely attached; Check for blade balance.
Light does not work	Loose wiring; LED module failure; Remote control issue.	Check light kit wiring; Contact customer support for LED replacement; Replace remote control battery.
Remote control not working	Battery dead; Remote not paired (if applicable); Obstruction.	Replace battery; Refer to remote pairing instructions (if provided separately); Ensure clear line of sight to fan receiver.

9. WARRANTY AND SUPPORT

9.1 Warranty Information

This DWVO ceiling fan comes with a **1-year warranty** from the date of purchase. This warranty covers manufacturing defects in materials and workmanship under normal use. It does not cover damage resulting from improper installation, misuse, accidents, or unauthorized repairs.

9.2 Customer Support

For technical assistance, warranty claims, or to order replacement parts, please contact DWVO customer support. Have your model number (MADWVz9zor) and purchase date available when contacting support.
