Novilla Full Bed Frame with Piano Keys Headboard - Instruction Manual

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Novilla Full Bed Frame with Piano Keys Headboard. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Image: The Novilla Full Bed Frame, black with a velvet upholstered headboard featuring vertical channel tufting, designed to resemble piano keys. The frame is a metal platform style, shown without a mattress.

SAFETY INFORMATION

- Always follow assembly instructions precisely to prevent instability and potential injury.
- Do not exceed the maximum weight capacity of 1000 pounds (453 kg).
- Exercise caution around the bed frame to avoid potential injury from sharp edges or wobbling.
- Keep small parts away from children during assembly to prevent choking hazards.

PACKAGE CONTENTS

All necessary parts for assembly are included in one box. Please verify that all components listed below are present before beginning assembly. An installation manual and tools are included.

- Headboard (Velvet, Foam)
- Metal Frame Components
- Steel Slats
- Support Legs

- Assembly Hardware (Screws, Bolts, Allen Wrench)
- Installation Manual

SETUP AND ASSEMBLY

The Novilla Full Bed Frame is designed for easy assembly, typically taking around 30 minutes for one person. All required tools are provided.

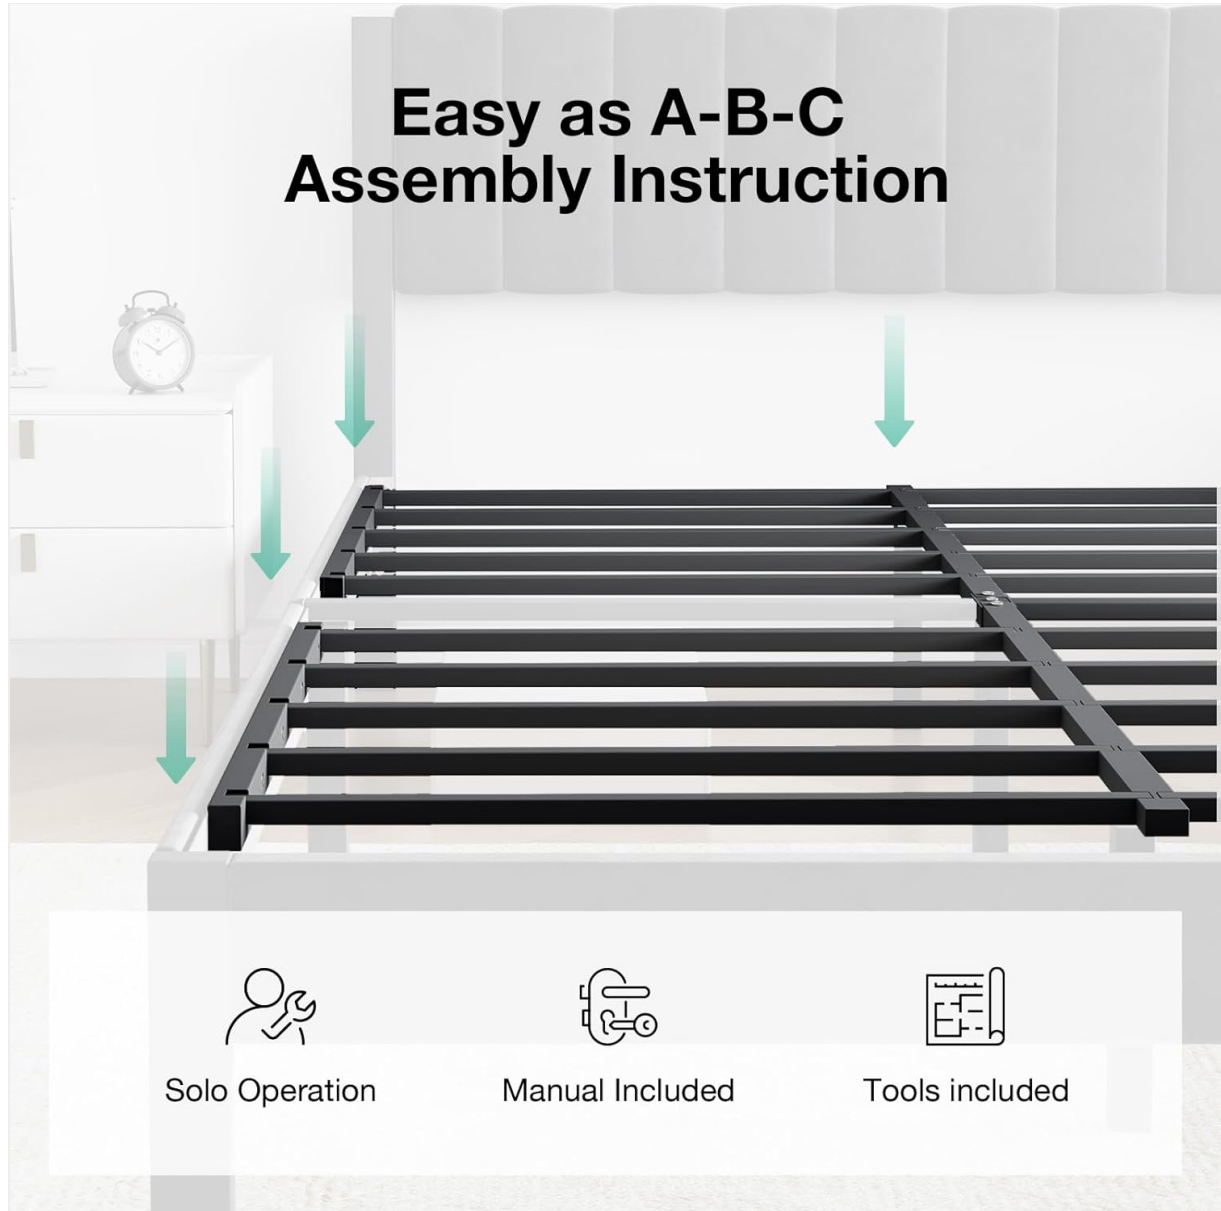

Image: Diagram illustrating the simple, step-by-step assembly process, labeled "Easy as A-B-C Assembly Instruction."

Assembly Steps:

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out and compare them against the parts list in the included installation manual to ensure all pieces are present and undamaged.
2. **Assemble the Frame:** Connect the main metal frame sections. The design features tool-free installation sockets for straightforward attachment. Ensure each connection is fully seated and secure.

Tool-Free Installation Socket

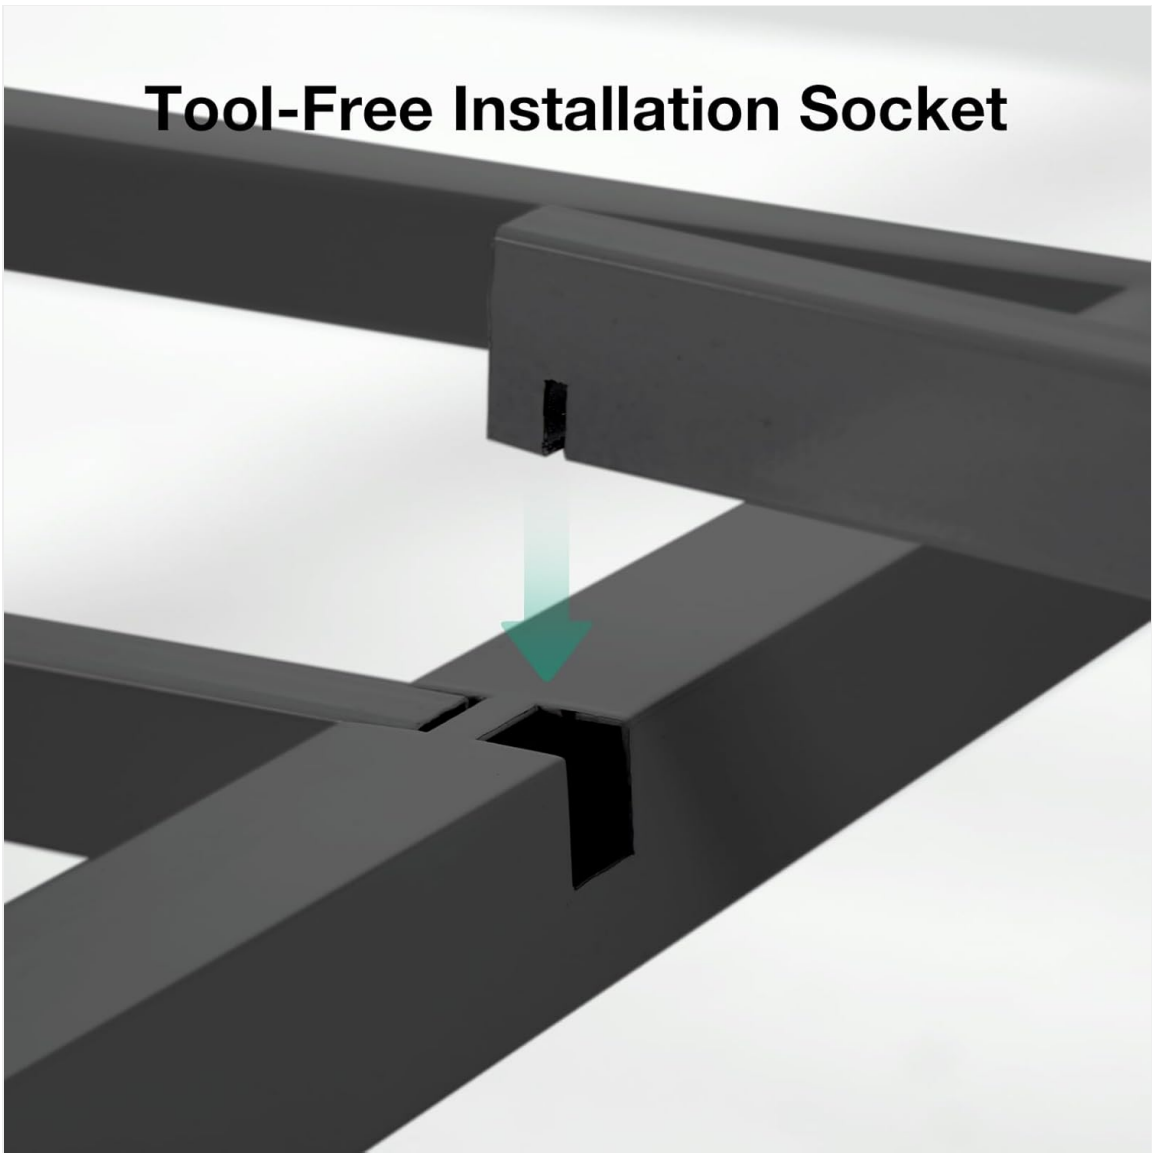

Image: Close-up view of a tool-free installation socket, showing how two metal frame pieces slide and lock together without additional tools.

3. **Attach Headboard and Footboard:** Secure the upholstered headboard and the footboard to the assembled frame using the provided hardware. Tighten all bolts firmly.
4. **Install Slats:** Place the steel slats across the frame. Ensure they are evenly spaced and securely fastened according to the manual's instructions. The slats provide direct support for your mattress.
5. **Final Check:** Once all components are assembled, double-check all connections and hardware to ensure they are tight and the frame is stable before placing a mattress on it.

Built to Last

9-Stronghold Base Multi-Directional Support
Dual Internal & External Support

OPERATING INSTRUCTIONS

Mattress Compatibility:

This platform bed frame is designed to be used without a box spring. It is compatible with most mattresses ranging from 6 to 10 inches in height.

Image: A Novilla bed frame with a memory foam mattress, illustrating proper mattress placement and height.

Weight Capacity:

The sturdy metal frame is engineered to support a maximum weight of 1,000 pounds (453 kg).

Under-Bed Storage:

The bed frame provides approximately 5.4 inches (13.7 cm) of clearance underneath, offering convenient space for storage.

MAINTENANCE

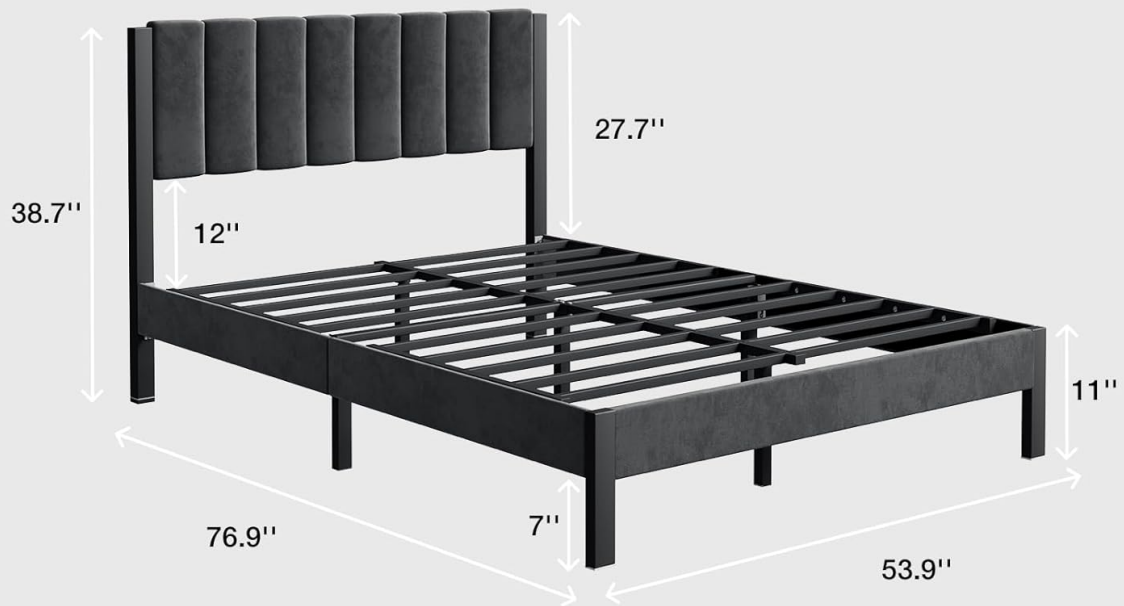

- **Regular Inspection:** Periodically check all bolts, screws, and connections to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Headboard Cleaning:** The velvet upholstered headboard can be cleaned with a soft, damp cloth. For spills, blot immediately. Avoid using harsh chemical cleaners, which may damage the fabric.
- **Frame Cleaning:** Wipe metal parts with a dry or slightly damp cloth to remove dust and dirt. Avoid abrasive cleaners.

TROUBLESHOOTING

- **Wobbling or Instability:** Ensure all assembly hardware (bolts, screws) is fully tightened. Verify that the bed frame is placed on a flat, level surface. Uneven flooring can cause instability.
- **Squeaking Noises:** Squeaking often indicates loose connections. Re-tighten all bolts and screws. If squeaking persists, a small amount of silicone lubricant can be applied to metal-on-metal contact points, ensuring it does not come into contact with the mattress or upholstery. Confirm that all slats are properly seated and secured.

SPECIFICATIONS

Full Size

Full : 53.9×76.9×38.7 inch

Image: A detailed diagram showing the dimensions of the Novilla Full Bed Frame, including length, width, and height, along with the 1000 lbs weight capacity.
