## SETUP AND ASSEMBLY

Assembly of the T4TREAM King Size Bed Frame requires careful attention to detail. While instructions are clear and hardware is pre-sorted, the process can be time-consuming. It is recommended to allocate sufficient time for assembly, potentially 8 hours or more, and to have assistance due to the size and weight of components.

- Unpack and Organize:** Carefully unpack all three boxes. Lay out and identify all labeled components and hardware.
- Follow Instructions:** Refer to the detailed step-by-step assembly guide included in your packaging.
- Partial Tightening:** *Tip: Avoid fully tightening hardware until assembly is complete.* This allows for minor adjustments and ensures proper alignment of all parts.
- Secure Connections:** Once all components are in place and aligned, fully tighten all hardware.
- Placement:** Due to the bed frame's weight and sturdy construction, it is advisable to assemble it in its final desired location.

## Platform Bed Design

This bed frame features a sturdy platform design with solid wood slats and reinforced steel beams, eliminating the need for a box spring. The construction is designed for noise-free durability and a 1,000 lb weight capacity.

## MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically inspect all bolts and screws to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Drawer Care:** Keep drawer slides clean and free of debris to ensure smooth operation.
- **Weight Distribution:** Distribute weight evenly across the bed frame to prevent stress on individual components.

## TROUBLESHOOTING

## **Loose Connections / Wobbling**

If the bed frame feels wobbly or connections seem loose, re-check all bolts and screws. Ensure they are fully tightened. Refer to the assembly guide for correct placement of all hardware.

## **Missing or Damaged Parts**

If you find any missing or damaged parts upon unpacking, please contact T4TREAM customer support immediately for assistance. Do not attempt to assemble the product with incomplete or damaged components.

## **Drawers Not Sliding Smoothly**

Check for any obstructions in the drawer slides. Ensure the drawers are correctly aligned within their tracks. A small amount of silicone lubricant can be applied to the slides if needed, but avoid oil-based lubricants.
