2. SAFETY INFORMATION

This cabinet is equipped with an anti-tipping device to prevent it from tipping over. Ensure proper assembly and usage to maintain stability and safety. Avoid overloading the shelves and countertop beyond the specified weight limits. The tabletop has a weight limit of 375 lbs, and adjustable shelves have a weight limit of 75 lbs.

The built-in power strip is designed for low-power electrical appliances only, with a strictly limited rated maximum load of 1500W/12A/125V. It will automatically cut off power in case of overload. Always check your device's power label before plugging it in.

3. PRODUCT FEATURES

- **Ample Storage:** Features 6 cabinets with adjustable shelves and 3 deep drawers for organizing various items.
- **Spacious Countertop:** A 55-inch wide countertop provides ample space for appliances like coffee makers or toasters.
- **Integrated Charging Station:** Includes 2 AC outlets, 2 USB ports, and a power switch for convenient appliance use and device charging.
- **Durable Construction:** Crafted from high-quality MDF with a reinforced structure for stability and long-lasting

use.

- **Modern Farmhouse Design:** Combines a warm wood finish with X-grain barn doors and a two-tone design to complement various home decors.
- **Versatile Use:** Suitable for use as a food pantry in the kitchen, a buffet hutch in the dining room, or an appliance cabinet in the living room.

4. SETUP AND ASSEMBLY

Assembly of the HOSTACK Kitchen Pantry Cabinet is required. The product is shipped in two separate boxes, which may arrive at different times. All necessary accessories and instructions are included. For optimal safety and ease of assembly, it is recommended that two adults perform the assembly process due to the product's large size and weight.

Follow the step-by-step instructions provided in the included manual. Ensure all parts are accounted for before beginning assembly. Do not overtighten screws during assembly to avoid damaging the material.

Note: Shipped by 2 boxes
(May Arrive Separately)

⚠ TOTAL MAX LOAD OF THE POWER STRIP :1500W/12A/125V

5. OPERATING INSTRUCTIONS

The integrated charging station provides convenient access to power for your kitchen appliances and electronic devices. It features 2 standard AC outlets and 2 USB ports. A dedicated on/off switch allows you to control power to the strip for enhanced safety and energy saving.

Important Power Specifications: The power strip has a maximum load capacity of 1500W, 12A, and 125V. To prevent overload and potential damage, always verify the power requirements of your devices before plugging them into the charging station. The system is designed to automatically cut off power if an overload is detected.

6. MAINTENANCE

To maintain the appearance and longevity of your pantry cabinet, regularly wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish. Promptly clean up any spills to prevent staining or moisture damage. Periodically check all screws and fittings to ensure they remain tight and secure.

7. TROUBLESHOOTING

Door Hinge Adjustment

If the cabinet doors are misaligned, have gaps, overlap, or are not flush, you can adjust the hinges. Refer to the video below for a visual guide on how to adjust the door hinges.

1. **Vertical Adjustment:** Loosen screws A and B on the hinge, then raise or lower the door to the desired height.

Re-tighten both screws to secure.

2. **Horizontal Adjustment:** Turn screw C to adjust the door horizontally, moving it left or right to eliminate gaps or overlaps.
3. **Depth Adjustment:** Turn screw D and push the door inward to ensure it is flush with the cabinet frame.
