- The Mighty 3 is IPX4 rated, meaning it is water, sweat, light rain, and splash resistant.
- **Important:** Do not swim with or submerge your Mighty 3.

Storage & 'Stay Fresh' Feature

- The device has 8 GB of memory, capable of storing over 1,000 songs.
- The 'Stay Fresh' feature automatically updates your playlists while the device is charging and connected

to Wi-Fi, ensuring your content is always current without manual intervention.

TROUBLESHOOTING

If you encounter issues with your Mighty 3, refer to the following common solutions:

- **Device Not Powering On:** Ensure the device is charged. Connect it to the Type-C charging cable and allow it to charge for at least 15 minutes before attempting to power on again.
- **Syncing Issues:** Verify your Mighty 3 is connected to a stable Wi-Fi network. Ensure your Spotify Premium or Amazon Music Unlimited subscription is active. Try restarting both the Mighty 3 and the Mighty app.
- **Bluetooth Connectivity Problems:** Ensure your Bluetooth headphones/speakers are in pairing mode. Check that no other devices are actively connected to your Mighty 3. Try unpairing and re-pairing the Bluetooth device through the Mighty app.
- **Poor Audio Quality:** Ensure your headphones are properly connected (wired) or paired (Bluetooth). Check the audio quality settings in the Mighty app.
- **Battery Draining Quickly:** Ensure the device is fully charged before use. Background Wi-Fi activity during syncing can consume more power.
