MUTICOR AKDXL002

MUTICOR 66-Inch Multi-Level Cat Tree Tower Instruction Manual

Model: AKDXL002

1. PRODUCT OVERVIEW

The MUTICOR 66-inch Multi-Level Cat Tree Tower is designed to provide a comprehensive activity center for cats of all life stages. Constructed with durable materials, it offers various platforms, scratching surfaces, and cozy resting spots to promote physical activity and relaxation.

Figure 1: The MUTICOR 66-inch Multi-Level Cat Tree Tower, showcasing its various platforms, condos, and scratching posts.

Key Features:

- **Premium Material:** Crafted from CARB-certified P2-grade particle board and soft plush fabric. Reinforcement posts are covered with natural sisal rope for scratching.
- **Large-Top Perch:** An oversized perch provides ample space for large cats to stretch and relax comfortably.
- **Multi-Functional Play Centre:** Features multiple levels of platforms, cat scratching boards, enclosed condos, a hammock, and baskets for diverse play and exploration.
- **Durable and Stable Construction:** Made with heavy-duty materials capable of supporting cats up to 33 pounds. Includes an anti-tipping belt for enhanced stability.
- **Easy Assembly:** Designed for straightforward assembly with included instructions and tools.

2. SETUP AND ASSEMBLY

The MUTICOR Cat Tree Tower is designed for easy assembly. Please follow the step-by-step instructions provided in the packaging. Ensure all components are present before beginning assembly.

Assembly Steps:

1. Unpack all components and verify against the parts list in the included manual.
2. Begin by assembling the base platform, ensuring it is placed on a flat, stable surface.
3. Attach the lower support posts and first-level condos/platforms as per the diagram.
4. Continue building upwards, attaching subsequent posts, platforms, scratching ramps, and resting areas.
5. Secure all connections tightly using the provided hardware and tools.
6. Install the anti-tipping belt to a wall stud for maximum stability, especially if you have active or multiple large cats.

Wide Base Board

Enjoy playing with a strong foundation.

SHOCK! WIDE & STRONG FOUNDATION

Anti-tipping Belt

Enjoy the fullest use with dual protection.

Figure 3: Illustration emphasizing the wide base board and the anti-tipping belt for enhanced stability and safety.

3. OPERATING AND USAGE

The MUTICOR Cat Tree Tower offers multiple functionalities for your feline companions:

- **Scratching:** Encourage your cat to use the sisal-wrapped posts and scratching ramps to maintain claw health and protect your furniture.
- **Climbing and Exploration:** The multi-level design allows cats to climb, jump, and explore, satisfying their natural instincts.
- **Resting and Hiding:** Condos, baskets, and the top perch provide secure and comfortable spots for napping, observing surroundings, or hiding.
- **Play:** Dangling toys (if included) offer interactive play opportunities.

LARGE TOP BED

The top perch
lets even big cats
stretch out.

Figure 4: A cat comfortably resting on the spacious top perch, illustrating the ample room for relaxation.

LARGE SOFT BASKET

Provide ultimate comfort for your cat 🐾

Figure 5: A cat enjoying a nap in one of the large, soft baskets, highlighting the comfort provided.

4. MAINTENANCE

Regular maintenance ensures the longevity and hygiene of your cat tree.

- **Cleaning:** Keep the cat tree clean and dry. The plush covers can be spot cleaned with a damp cloth and mild detergent. Avoid harsh cleaning methods or excessive moisture.
- **Sisal Rope Care:** Avoid exposing the sisal rope to excessive moisture, as this can degrade the material.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight and secure. Tighten any loose parts to maintain stability.
- **Placement:** Place the cat tree in a dry indoor environment, away from direct sunlight or excessive humidity, to prevent material degradation.

5. TROUBLESHOOTING

If your cat is not utilizing the tree as expected, consider the following:

- **Location:** Cats prefer elevated spots for observation. Try placing the tree near a window or in a central area where your cat feels secure.

- **Attraction:** Use catnip spray or place favorite toys on different levels to encourage exploration.
- **Stability:** Ensure the tree is stable and does not wobble. Re-tighten all connections and verify the anti-tipping belt is properly installed.
- **Scratching Preference:** Some cats prefer vertical scratching surfaces, others horizontal. The sisal posts and ramps cater to both.

6. SPECIFICATIONS

Attribute	Detail
Brand Name	MUTICOR
Model Number	AKDXL002 (also known as 7027)
Item Dimensions (LxWxH)	45 x 29 x 66 inches
Color	Pink
