## 3. ASSEMBLY INSTRUCTIONS

---

Follow the step-by-step visual instructions provided in the included printed manual for detailed assembly. The process involves building the base, constructing the tree layers, adding decorative elements, and integrating the music box mechanism.

### Step-by-Step Overview:

### 3.1. Prepare the Base

Begin by assembling the foundational pieces of the music box base. Ensure all connections are secure to provide a stable platform for the tree.

### 3.3. Add Decorative Elements

Once the tree structure is complete, attach the various decorative elements such as ornaments, lights, and the star topper. These details bring the Christmas tree to life.

### 3.4. Integrate Music Box and Train Components

Carefully place the miniature train and other interactive elements onto the designated spots on the music box base. Ensure they are aligned correctly for proper function.

## 4. OPERATING INSTRUCTIONS

### 4.1. Activating the Music Box

To activate the music box, locate the winding key on the side of the base. Gently turn the key clockwise until you feel a slight resistance. Do not overwind. The music will begin to play, and the tree will start to rotate.

### 4.2. Observing Rotation

As the music plays, the Christmas tree will slowly rotate on its base, showcasing all its decorative details. The miniature train will also move around the base.

## 5. MAINTENANCE

---

### 5.1. Cleaning

To clean the building block set, gently wipe the surfaces with a soft, dry cloth. For stubborn dust, a slightly damp cloth can be used, followed by immediate drying. Avoid using harsh chemicals or abrasive cleaners.

### 5.2. Storage

When not in use, store the set in a cool, dry place away from direct sunlight to prevent discoloration or damage to the plastic. If disassembling for storage, keep all pieces in a secure container to avoid loss.

## 6. TROUBLESHOOTING

---

Problem	Solution
Music box not playing or rotating.	Ensure the winding key on the side of the base is fully turned clockwise. Do not overwind. If the issue persists, gently check for any obstructions in the mechanism.
Building blocks do not stay together firmly.	Verify that each block is pressed firmly into place. Refer to the assembly manual to ensure correct piece placement and connection. Some connections may require more pressure.
Missing or damaged parts.	Carefully check all packaging. If parts are genuinely missing or damaged upon arrival, please contact customer support for assistance.
