Setup

1. Unboxing

Carefully remove all components from the packaging. The box typically contains the Motorola G96 smartphone, a charger, a USB cable, and a SIM ejector tool.

2. SIM Card Installation

1. Locate the SIM card tray on the side of your device.
2. Insert the SIM ejector tool into the small hole on the tray and press gently until the tray pops out.
3. Place your Nano-SIM card(s) into the designated slots on the tray. Ensure the gold contacts face downwards.
4. Carefully reinsert the tray into the phone.

3. Initial Power On

Press and hold the power button located on the side of the device until the Motorola logo appears. Follow the on-screen instructions to complete the initial setup, including language selection, Wi-Fi connection, and Google account setup.

Operating Your Device

Display Features

The Motorola G96 features a 144Hz 3D Curved pOLED display. This display offers vibrant colors and smooth scrolling. The device also includes IP68 protection for enhanced durability.

Connectivity

The Motorola G96 supports various connectivity options including Bluetooth, Wi-Fi, USB, and GPS for navigation and data transfer.

Maintenance

Water and Dust Resistance

The device features IP68 underwater protection and a display protected by Corning Gorilla Glass 5. While resistant to water and dust, it is not waterproof. Avoid prolonged submersion or exposure to high-pressure water jets.

Cleaning

Use a soft, lint-free cloth to clean your device. Avoid abrasive materials or harsh chemicals. For stubborn smudges, slightly dampen the cloth with water.

Software Updates

Regularly check for and install software updates to ensure your device has the latest features, security patches, and performance improvements. Navigate to **Settings > System > System updates** to check for available updates.

Troubleshooting

- **Device not powering on:** Ensure the battery is charged. Connect the device to the charger and wait a few minutes before attempting to power it on again.
- **Charging issues:** Verify that the charger and USB cable are securely connected and undamaged. Try a different charger or outlet.
- **Poor network signal:** Check your SIM card installation. Move to an area with better network coverage. Contact your service provider if issues persist.
- **App crashes:** Clear the cache of the problematic app (Settings > Apps > [App Name] > Storage > Clear cache). If the issue continues, consider reinstalling the app.

Specifications

Operating System	Android 15

RAM	8 GB
Product Dimensions	16.11 x 7.3 x 0.76 cm
Item Weight	188 g
Battery Capacity	5500 Milliamp Hours (Lithium Ion)
Item Model Numbers	PB8T0009IN | PB8T0003IN | XT2531-2
Connectivity Technologies	Bluetooth, USB, Wi-Fi
GPS	True
CPU Model	Snapdragon 7 Series
CPU Speed	2.4 GHz
Manufacturer	Padget Electronics Pvt Ltd

Warranty and Support
