2. Package Contents

Before beginning assembly, verify that all components are present and undamaged. The package includes:

- Bed frame components (headboard, side rails, footboard, storage base panels)
- Assembly hardware (screws, bolts, nuts, washers, L-keys)
- Instruction leaflet (this document)

Note: Mattress and bedding are not included.

3. Setup and Assembly

Assembly of the Urban Ladder Sadie King Size Bed requires two adults. Please follow these steps carefully. Tools required: Phillips head screwdriver (not included), provided L-keys.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches.
2. **Identify Parts:** Refer to the included parts list (if provided separately) to identify each component.
3. **Assemble Headboard:** Attach the headboard panels using the designated hardware. Ensure all connections are secure but do not overtighten.
4. **Attach Side Rails:** Connect the side rails to the headboard and footboard using the provided bolts and nuts. Make sure the rails are oriented correctly for the box storage mechanism.
5. **Install Box Storage Base:** Carefully place the engineered wood panels for the box storage into the designated slots or supports within the bed frame. These panels form the base for your mattress and the storage compartment.
6. **Secure All Connections:** Once the main frame and storage base are in place, gently tighten all screws and bolts. Avoid excessive force to prevent damage to the engineered wood.
7. **Final Placement:** Position the assembled bed in its desired location.

4. Operating the Box Storage

The Sadie bed features integrated box storage for convenient organization.

- To access the storage, lift the mattress base panels. These panels are designed to be easily lifted to reveal the storage compartments beneath.
- Ensure the mattress is removed or carefully positioned before lifting the panels to prevent injury or damage.
- Distribute items evenly within the storage compartments to maintain balance and prevent strain on the lifting mechanism (if applicable) or the base panels.
- Do not overload the storage compartments beyond their capacity.

5. Maintenance and Care

Proper care will extend the life and appearance of your Urban Ladder Sadie bed.

- **Cleaning:** Wipe the engineered wood surfaces with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the finish.
- **Dusting:** Regularly dust the bed frame with a dry, soft cloth.
- **Spills:** Immediately wipe up any spills to prevent staining or moisture damage.
- **Sunlight:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the wood finish.
- **Heat:** Keep the bed away from direct heat sources like radiators or fireplaces.
- **Hardware:** Periodically check and tighten all assembly hardware to ensure the bed remains stable and secure.

6. Troubleshooting

If you encounter any issues with your Urban Ladder Sadie bed, refer to the following common solutions:

- **Squeaking Noises:**
  - Check all bolts and screws. Tighten any loose hardware.
  - Ensure the bed is placed on a level surface.
- **Storage Panels Difficult to Lift:**
  - Verify that the storage compartments are not overloaded.
  - Ensure no items are obstructing the lifting mechanism or the edges of the panels.
- **Bed Feels Unstable:**
  - Re-check all assembly connections and tighten them securely.
  - Ensure the bed is on a flat, stable floor.

If problems persist, contact Urban Ladder customer support for assistance.
