Insta360 CINSBHEH

Insta360 GO Ultra Easy Clip Headband Instruction Manual

Brand: Insta360

Model: CINSBHEH

1. INTRODUCTION

The Insta360 GO Ultra Easy Clip Headband is designed to provide a comfortable and secure method for capturing true first-person perspective (POV) footage with your Insta360 GO Ultra camera. Its skin-friendly material ensures comfort during extended use, even on hot days. This manual will guide you through the setup, operation, and maintenance of your headband.

2. WHAT'S IN THE Box

Please verify that all components are present:

- 1x Insta360 Easy Clip Headband

3. SETUP INSTRUCTIONS

Follow these steps to prepare your Insta360 GO Ultra Easy Clip Headband for use:

1. **Prepare the Headband:** Unfold the Insta360 Easy Clip Headband and ensure it is free of twists.
2. **Attach the Camera:** The headband is designed to combine with the Magnetic Easy Clip (sold separately with your Insta360 GO Ultra camera). Securely attach your Insta360 GO Ultra camera, equipped with its Magnetic Easy Clip, to the designated magnetic plate on the headband. Ensure a firm connection.

Figure 1: Exploded view of the Insta360 GO Ultra Easy Clip Headband with the camera and magnetic clip.

Text Description for Figure 1: This image displays the Insta360 GO Ultra Easy Clip Headband in a slightly exploded view, showing how the camera module (partially transparent) connects to the black magnetic base integrated into the gray fabric headband. The magnetic base features the Insta360 logo. This illustrates the secure attachment mechanism.

4. OPERATING INSTRUCTIONS

The Insta360 GO Ultra Easy Clip Headband offers flexible wearing options for capturing dynamic POV footage:

- **Wearing Directly on Head:** Place the headband directly around your head. Adjust for a snug, comfortable fit. The skin-friendly material is designed for extended wear.
- **Wearing with a Hat:** For added comfort or style, the headband can be worn over a hat. Position the headband and camera securely on your head or hat to ensure stable footage.
- **Secure Shooting:** The magnetic seal and Velcro tab (if applicable to your specific camera clip) work together to provide a stable and secure mount for your camera, minimizing movement during activities.

Our Mission

Insta360 makes boldly innovative action cameras to help you better capture and share your life.

What's different about an Insta360 camera?

The only limit is your imagination! Explore the world of 360 with X3, experience a unique 2-in-1 camera with ONE RS, or try the world's smallest action camera GO 3.

All Insta360 cameras are supported by our renowned AI-powered editing software, plus regular firmware updates packed full of new features.

Figure 2: A woman wearing the Insta360 GO Ultra Easy Clip Headband directly on her head, capturing a first-person view during an outdoor activity.

Text Description for Figure 2: This image shows a woman with dark hair tied back, wearing the gray Insta360 GO Ultra Easy Clip Headband directly on her forehead. The small black camera is visible, mounted at the front of the headband. She is outdoors in a grassy area, suggesting active use.

Figure 3: A woman wearing the Insta360 GO Ultra Easy Clip Headband over a baseball cap, engaged in an outdoor activity.

Text Description for Figure 3: This image features a woman with light-colored hair wearing a light-colored baseball cap, over which the gray Insta360 GO Ultra Easy Clip Headband is secured. The camera is mounted at the front of the headband, positioned above the cap's brim. She is in a natural outdoor setting, possibly hiking or running, demonstrating the versatility of the mount.

5. CARE AND MAINTENANCE

To ensure the longevity and hygiene of your Insta360 GO Ultra Easy Clip Headband, follow these care guidelines:

- **Cleaning:** The headband is made from skin-friendly polyester blend material. Hand wash gently with mild soap and cool water. Rinse thoroughly and air dry completely before storing. Do not machine wash or tumble dry.
- **Storage:** Store the headband in a clean, dry place away from direct sunlight and extreme temperatures. Avoid folding or creasing the magnetic plate area to prevent damage.
- **Inspection:** Regularly inspect the headband for any signs of wear, tear, or damage to the fabric or magnetic components. Discontinue use if significant damage is observed.

6. TROUBLESHOOTING

If you encounter any issues with your Insta360 GO Ultra Easy Clip Headband, consider the following:

- **Camera Not Attaching Securely:** Ensure the Magnetic Easy Clip on your Insta360 GO Ultra camera is clean and free of debris. Verify that the magnetic plate on the headband is also clean. Check for any physical damage to either the clip or the headband's magnetic area.
- **Discomfort During Wear:** Adjust the headband's tightness and position on your head or hat. If discomfort persists, especially for users with sensitive skin, consider wearing it over a thin cap or hat.
- **Unstable Footage:** Ensure the camera is firmly attached to the headband. Tighten the headband for a more secure fit. Avoid excessive movement that might exceed the camera's stabilization capabilities.

For further assistance, please refer to the Insta360 GO Ultra camera's main instruction manual or contact Insta360 customer support.

7. SPECIFICATIONS
