

CXWXC MY-1675-6

CXWXC Exercise Bike Mat Instruction Manual

Model: MY-1675-6

INTRODUCTION

The CXWXC Exercise Bike Mat is designed to provide a protective and stable surface for your indoor fitness equipment. This mat helps safeguard your floors from scratches, sweat, and equipment wear, while also contributing to noise and vibration reduction during workouts. This manual provides essential information for the proper setup, use, and maintenance of your mat.

SAFETY INFORMATION

- Always use the mat on a flat, stable surface to ensure equipment stability.
- Do not use the mat with equipment exceeding its weight capacity or dimensions.
- Keep the mat clean and dry to prevent slipping hazards.
- Avoid exposing the mat to extreme heat sources or harsh chemicals, which can damage the material.

SETUP

1. **Unpack the Mat:** Carefully remove the mat from its packaging.
2. **Choose Location:** Select a clean, flat, and stable surface for your fitness equipment.
3. **Unroll the Mat:** Lay the mat flat on the chosen surface. If the mat has creases from packaging, allow it some time to flatten out completely.
4. **Position Equipment:** Carefully place your exercise bike, treadmill, or other fitness equipment onto the mat, ensuring it is centered and stable.

OPERATING INSTRUCTIONS (USAGE)

Once the mat is set up and your equipment is in place, you can begin your workout. The CXWXC Exercise Bike Mat enhances your fitness experience by:

- **Floor Protection:** Creating a barrier between your equipment and the floor, preventing scratches, dents, and sweat damage.
- **Noise Reduction:** Absorbing vibrations from equipment, which helps to dampen noise, especially beneficial in shared living spaces.
- **Stability:** Providing a non-slip surface that helps keep your equipment securely in place during intense workouts.

MAINTENANCE

Regular cleaning will extend the life of your mat and maintain its hygienic properties.

- **Cleaning:** The mat is waterproof and sweat-resistant. After each use or as needed, wipe the mat surface with a damp cloth. For tougher stains, a mild soap solution can be used.
- **Drying:** Ensure the mat is completely dry before folding or storing to prevent mildew or odors.
- **Storage:** When not in use, the mat can be folded for compact storage. Store in a cool, dry place away from direct sunlight and extreme temperatures.

Waterproof and Sweat Resistant

You can easily clean with

TROUBLESHOOTING

- **Mat Not Lying Flat:** If the mat retains creases from packaging, unroll it and lay it flat in a warm room for 24-48 hours to allow the material to relax.
- **Equipment Instability:** Ensure your fitness equipment is centered on the mat and all feet are fully supported. Adjust equipment position if necessary.
- **Persistent Odor:** A new mat may have a slight material odor. This typically dissipates within a few days. Air out the mat in a well-ventilated area if needed.

SPECIFICATIONS

Model Number	MY-1675-6
--------------	-----------

Dimensions (L x W x Th)	63" x 29.5" x 0.22" (160 cm x 75 cm x 5.65 mm)
