Asyko 8511

Asyko 46-inch Low Profile Ceiling Fan with Light and Remote Control - Instruction Manual

Model: 8511

INTRODUCTION

This manual provides detailed instructions for the safe installation, operation, and maintenance of your Asyko 46-inch Low Profile Ceiling Fan with Light and Remote Control. Please read all instructions carefully before beginning installation and retain this manual for future reference.

IMPORTANT SAFETY INFORMATION

- Always disconnect power at the main circuit breaker before installation or servicing.
- All wiring must be in accordance with national and local electrical codes.
- Ensure the installation site can support the fan's weight (approximately 7.09 pounds).
- Do not install the fan in a location where blades could strike objects or people.
- Maintain a minimum clearance of 7 feet from the floor to the fan blades.
- Do not use a dimmer switch with this fan. Use the provided remote control for light dimming.

PACKAGE CONTENTS

Verify that all components listed below are included in your package.

- Fan Motor Assembly
- Fan Blades (3) - Reversible (Black/Wood Grain)
- Remote Control
- Remote Receiver
- LED Light Kit
- Light Dome (Plastic)
- Mounting Bracket
- Downrod (Short and Long options)
- Canopy/Shroud
- Hardware Pack (screws, washers, wire nuts, etc.)

Image: All components of the Asyko 46-inch ceiling fan laid out, including the motor, three reversible blades, remote control, LED light, and mounting hardware.

SETUP AND INSTALLATION

Before You Begin

- Turn off power at the circuit breaker.
- Ensure you have all necessary tools (screwdriver, wire strippers, ladder, etc.).
- Unpack all components and lay them out for easy access.

Step 1: Install Mounting Bracket

The mounting bracket secures the fan to your ceiling junction box.

46 INCH CEILING FAN

Product dimension

Fits only for the flush mounting

Room Size

Space: 100-225 ft*ft;
Ceiling Height: 8-10ft

Image: Close-up of the black metal mounting bracket with screw holes, designed to attach to a standard ceiling electrical box. Attach the mounting bracket to the ceiling junction box using the screws provided. Ensure it is securely fastened and can support the fan's weight. If your ceiling box is not rated for fan support, consult a qualified electrician.

Step 2: Assemble Downrod and Canopy

Choose the appropriate downrod length for your installation. For low-profile installations, the shorter downrod is recommended.

Feed the fan's electrical wires through the chosen downrod.

Slide the canopy (shroud) over the downrod, ensuring it rests above the fan motor assembly.

DUAL CONTROL WAY

Smart fan make life convenient

Image: The fan motor assembly with the downrod and canopy attached, ready for ceiling installation.

Step 3: Hang the Fan Motor Assembly

Carefully lift the fan motor assembly and hook it onto the mounting bracket. This allows you to make electrical connections hands-free.

Step 4: Electrical Connections

Connect the fan's wiring to your household wiring according to the wiring diagram in the manual and local electrical codes. Typically, this involves connecting:

- Green/Yellow wire (Ground) to the household ground wire.
- White wire (Neutral) to the household neutral wire.
- Black wire (Live) to the household live wire.

Ensure all connections are secure using wire nuts.

Step 5: Install Fan Blades

The fan blades are reversible, offering a black or wood grain finish. Choose your preferred side.

Noiseless Experience

Super quiet-only wind, no sound

Low Noise

Timer Setting

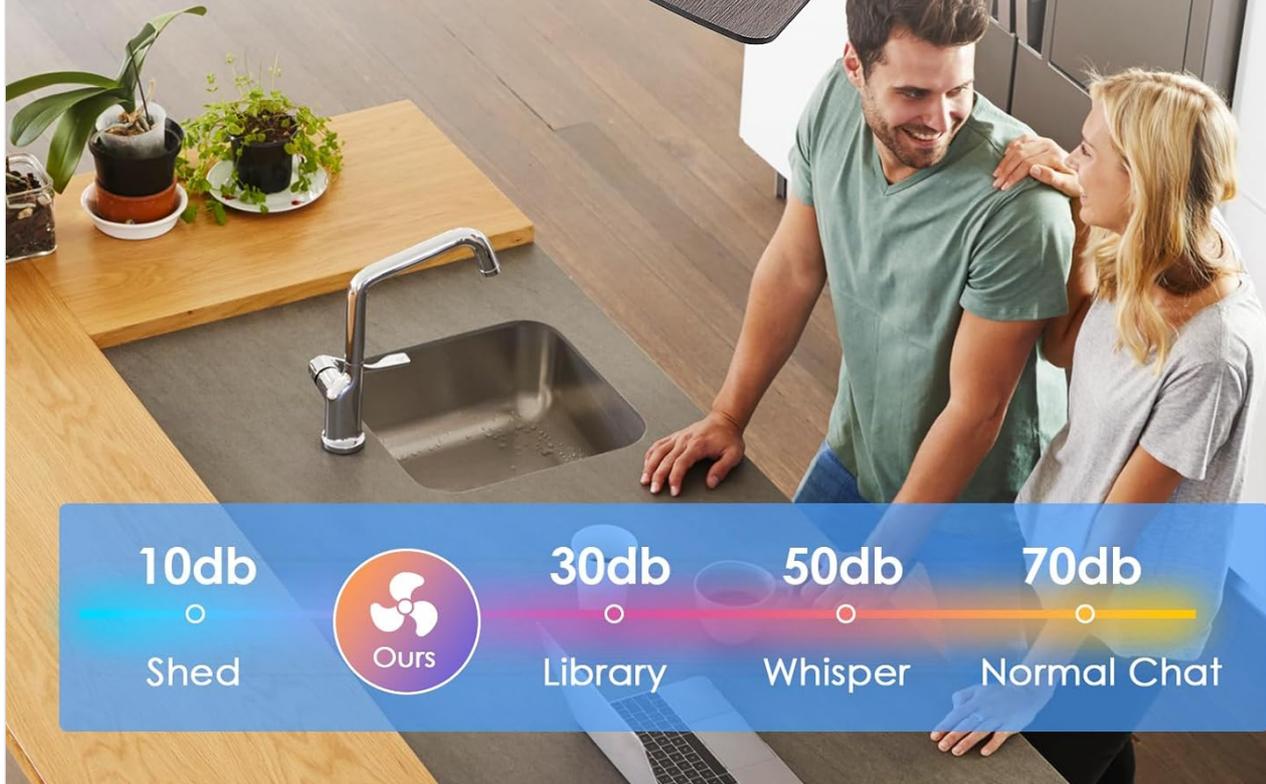

Image: Close-up of the fan blades, highlighting their reversible design with a black finish on one side and a wood grain finish on the other.

Slide each fan blade into the designated slots on the fan motor assembly. Secure them using the provided screws and washers.

Step 6: Install LED Light Kit and Light Dome

Connect the LED light kit wires to the corresponding wires from the fan motor assembly. The light kit is magnetic for easy attachment.

3 Blades

22W LED Light

Quiet DC Motor

Ceiling Fan with Lights

Reduces electricity costs by **80%** compared to conventional AC motors.

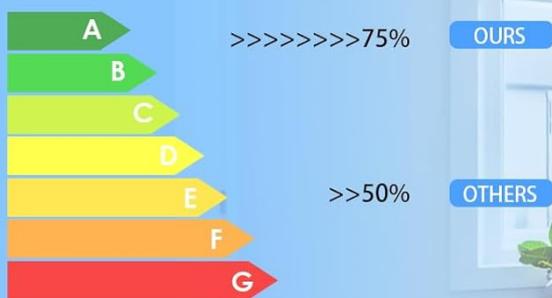

Image: Close-up of the fan's central hub showing the integrated LED light kit and its connection points.

Secure the plastic light dome by twisting it onto the fan motor assembly until it is snug.

Step 7: Finalize Installation

Push the canopy up against the ceiling and secure it with the provided screws.

Restore power at the circuit breaker.

OPERATING INSTRUCTIONS

Remote Control Functions

The included remote control allows full operation of your Asyko ceiling fan.

Noiseless Experience

Super quiet-only wind, no sound

Image: The remote control for the Asyko ceiling fan, displaying buttons for fan speed, light control, and timing functions.

- **ON/OFF:** Turns the fan and light on/off.
- **Fan Speed (1-6):** Adjusts fan speed from low (1) to high (6).
- **Light ON/OFF:** Controls the light independently.
- **Light Color Temperature (K):** Cycles through 3000K (warm white), 4000K (natural white), and 6000K (cold white).
- **Brightness Adjustment (+/-):** Dims the light from 10% to 100%.
- **Timer (1H/2H):** Sets the fan to turn off automatically after 1 or 2 hours.
- **F/R (Forward/Reverse):** Changes the fan's rotation direction for summer (downward airflow) or winter (upward airflow).

Memory Function

The fan features a memory function. If the light is turned off for at least 10 seconds, it will retain the last brightness and color temperature settings when turned back on. The fan will also resume its last operating speed.

Reversible Motor

The reversible DC motor allows for year-round comfort.

- **Summer Mode (Counter-clockwise):** Creates a downward airflow, providing a cooling effect.
- **Winter Mode (Clockwise):** Creates an upward airflow, circulating warm air trapped near the ceiling.

Video: A demonstration of the fan's features, including speed settings, light color temperature, and brightness adjustment.

MAINTENANCE

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Tightening Screws:** Check all screws and fasteners annually to ensure they are secure.
- **Light Source:** The LED light source is integrated and not user-replaceable. Contact customer support if the light fails.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; loose wiring; remote not paired.	Check circuit breaker; verify all wire connections; pair remote control (refer to remote instructions).
Light does not work	Loose wiring; LED light kit failure.	Check light kit wiring connections; contact customer support for LED replacement.
Fan wobbles	Loose fan blades; improper mounting.	Ensure all blade screws are tight; verify mounting bracket is securely installed.
Remote not responding	Dead batteries; remote not paired.	Replace remote batteries (AAA); re-pair remote control.

SPECIFICATIONS

- **Brand:** Asyko
- **Model Name:** Ceiling Fans with Lights
- **Item Model Number:** 8511
- **Size:** 46 inches (3-Blade)
- **Color:** Black (with reversible blades: Black/Wood Grain)
- **Electric Fan Design:** Ceiling Fan
- **Power Source:** DC
- **Style:** Modern
- **Product Dimensions:** 46" Diameter (Note: The provided 6"D x 6"W x 6"H dimensions appear to be packaging or internal component measurements, not the overall fan dimensions.)
- **Room Type:** Bedroom, Living Room, Office, Study, Kitchen, Dining Area
- **Special Feature:** Remote Controlled, Reversible Motor, Dimmable LED Light, Memory Function
- **Recommended Uses:** Cooling, Air Circulation
- **Included Components:** Light Kit

- **Indoor/Outdoor Usage:** Indoor
- **Control Method:** Remote
- **Number of Power Levels:** 6
- **Motor Type:** DC
- **Installation Type:** Flush Mount
- **Item Weight:** 7.09 pounds
- **Light Color Temperature:** 3000K (Warm White), 4000K (Natural White), 6000K (Cold White)
- **Light Dimmability:** 10%-100%

WARRANTY AND SUPPORT

Asyko products are designed for quality and reliability. For any questions, technical support, or warranty claims, please refer to the contact information provided in your original product packaging or visit the official Asyko website. We offer prompt customer support with a 24-hour response time to ensure your satisfaction.

Online Support: For additional resources and FAQs, please visit the [Asyko Store on Amazon](#).
