IPX4

Sweat & Splash
Resistance

Figure 6: Features such as Insta Wake N' Pair, BEAST Mode for low latency, and IPX4 water resistance enhance the user experience.

SETUP GUIDE

1. Charging the Earbuds and Case

Before first use, fully charge the Airdopes 313. Connect the provided USB charging cable to the charging port on the case and a power source. The LED indicator on the case will show charging status. A full charge typically takes a few hours. The ASAP Charge feature allows for quick charging:

- 10 minutes of charging provides approximately 210 minutes of playback.

2. Powering On and Pairing

1. **Insta Wake N' Pair (IWP):** Simply open the lid of the charging case. The earbuds will automatically power on and enter pairing mode.
2. Ensure Bluetooth is enabled on your device (smartphone, tablet, laptop).

3. Search for "boAt Airdopes 313" in your device's Bluetooth settings and select it to pair.
4. Once paired, you will hear an audio prompt confirming the connection.

The earbuds will automatically reconnect to the last paired device when the case is opened, provided Bluetooth is active on the device and it is within range.

3. boAt Hearables App Compatibility

Enhance your experience by downloading the boAt Hearables App. The app allows for customization and access to additional features, including integration with JioSaavn for music streaming.

Search for "boAt Hearables" on your device's app store (Google Play Store or Apple App Store) and follow the installation instructions.

OPERATING INSTRUCTIONS

Touch Controls

The Airdopes 313 feature intuitive touch controls on each earbud. Specific functions may vary slightly, but common controls include:

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the Right earbud.
- **Previous Track:** Double tap on the Left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Long press on either earbud.
- **Activate Voice Assistant:** Triple tap on either earbud (e.g., Siri, Google Assistant).
- **Volume Control:** (If supported) Swipe up/down on the stem or long press specific areas. Refer to the boAt Hearables App for customizable controls.

BEAST Mode (Low Latency Gaming)

To activate BEAST Mode for an ultra-low latency gaming experience (45ms):

- Specific gesture (e.g., triple tap or long press a specific earbud) to toggle BEAST Mode on/off. Refer to the boAt Hearables App or product quick start guide for exact activation method.

Using for Calls

The Quad Mics with ENx Technology ensure clear conversations. Use the touch controls to manage calls as described above.

MAINTENANCE AND CARE

Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Do not use abrasive cleaners, alcohol, or chemical solvents.

Storage

- Always store the earbuds in their charging case when not in use to protect them and keep them charged.
- Store in a cool, dry place, away from direct sunlight and extreme temperatures.

Water Resistance (IPX4)

The Airdopes 313 are rated IPX4, meaning they are resistant to splashing water from any direction. This makes them suitable for light rain and sweat during workouts. However, they are not designed for submersion in water. Do not expose them to running water or wear them while swimming or showering.

Ensure the earbuds and charging port are completely dry before charging to prevent damage.

TROUBLESHOOTING

Problem	Possible Solution
Earbuds not powering on.	Ensure the charging case and earbuds are charged. Place earbuds back in the case and close the lid, then open again.
Earbuds not pairing with device.	Make sure Bluetooth is enabled on your device. Forget "boAt Airdopes 313" from your device's Bluetooth list and try pairing again. Ensure earbuds are in pairing mode (open case lid).
Only one earbud working.	Place both earbuds back in the charging case, close the lid, wait a few seconds, then open again. Check if both earbuds are charged.
Poor sound quality or disconnections.	Ensure earbuds are fully charged. Move closer to your device to avoid interference. Check for obstructions between earbuds and device. Try resetting the earbuds (refer to boAt support for specific reset instructions).
ASAP Charge not working.	Ensure you are using the original charging cable and a compatible power adapter. Check for debris in the charging port.

TECHNICAL SPECIFICATIONS
