Garvee 13.2 Gallon (50L) and 2.6 Gallon (10L) Metal Step-On Trash Can Combo Set Instruction Manual

Model: G-PHK_34MXBFSG-SC

INTRODUCTION

Thank you for choosing the Garvee Metal Step-On Trash Can Combo Set. This manual provides essential information for the proper setup, operation, and maintenance of your new trash cans. Please read these instructions thoroughly before use to ensure optimal performance and longevity of your product.

PRODUCT OVERVIEW

The Garvee Trash Can Combo Set includes a 13.2-gallon (50L) main trash can and a 2.6-gallon (10L) smaller trash can, designed for efficient waste management in various home and office settings. Key features include:

- **Sleek Aesthetic & Compact Footprint:** Designed to fit seamlessly into standard kitchen island countertops and narrow bathroom spaces.
- **Spacious Capacity:** The 13.2-gallon can's inner bucket (15.75" L × 10.24" W × 23.03" H) accommodates large volumes, while the 2.6-gallon can's inner bucket (9.84" L × 6.58" W × 13.98" H) is ideal for smaller areas.
- **Fingerprint-Resistant Finish:** The powder-coated metal exterior resists fingerprints and wipes clean easily.
- **High-Quality Materials:** Constructed with a rustproof, scratch-resistant powder-coated metal shell, durable polypropylene inner buckets, and a thick ABS lid with a brushed stainless steel pedal.
- **Practical Design:** Features an ergonomic rear handle for easy relocation, a soft-close lid that opens to 80° and locks at 95° for hands-free use, and a custom liner ring to secure trash bags.

Image: The 2.6-gallon Garvee trash can placed in a bathroom next to a toilet, highlighting its narrow design for small spaces.

SETUP INSTRUCTIONS

- Unpacking:** Carefully remove both trash cans from their packaging. Inspect for any damage.
- Inner Bucket Removal:** Lift the lid and use the integrated handles on the inner bucket to remove it from the outer shell.
- Insert Trash Bag:** Place a standard-sized trash bag into the inner bucket. Ensure the bag's rim is securely tucked under the custom liner ring to prevent slipping and maintain a neat appearance.
- Replace Inner Bucket:** Carefully lower the inner bucket with the trash bag back into the outer shell. Ensure it sits flush.
- Positioning:** Place the trash can in your desired location. The anti-slip rubber feet will help keep it stable.

OPERATING INSTRUCTIONS

Foot Pedal Operation

To open the lid, gently press down on the foot pedal located at the base of the trash can. The lid will open smoothly.

Image: Diagram showing the lid opening to an 80-degree angle when the foot pedal is pressed.

Soft-Close Lid

Upon releasing the foot pedal, the lid will slowly and quietly close, preventing abrupt slamming and reducing noise.

Stay-Open Feature

For extended use or when changing trash bags, the lid can be manually pushed back to lock at a 95° angle, allowing for hands-free operation.

MAINTENANCE

- **Exterior Cleaning:** The fingerprint-resistant powder-coated metal surface can be wiped clean with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or scouring pads, which may damage the finish.
- **Inner Bucket Cleaning:** The polypropylene inner buckets are stain and odor-resistant. They can be easily removed and washed with soap and water. Rinse thoroughly and dry before replacing.
- **Odor Control:** The thick lid with an extended overhang lip helps to trap odors. For additional odor control, consider using odor-absorbing packets inside the inner bucket.
- **General Care:** Regularly check the pedal mechanism and hinges for smooth operation. Keep the area around the trash can clean to prevent debris from interfering with the pedal or lid.

TROUBLESHOOTING

- **Lid Not Closing Properly:**

- Ensure the inner bucket is correctly seated and not obstructed.
- Check if the trash bag is properly tucked under the liner ring and not interfering with the lid's path.
- Verify that the lid's hinge mechanism is free of debris.

- **Pedal Mechanism Sticking:**

- Clear any debris from around the foot pedal.
- Ensure the trash can is placed on a flat, stable surface.

- **Trash Can Sliding:**

- Confirm the anti-slip rubber feet are intact and clean.
- Place the trash can against a wall or cabinet to minimize movement during use.

SPECIFICATIONS

Brand	Garvee
Model Number	G-PHK_34MXBFSG-SC
Capacity	13.2 Gallons (50 L) and 2.6 Gallons (10 L)
Color	Black
Opening Mechanism	Step-On
Material	Powder-Coated Stainless Steel Bin, Polypropylene Plastic Inner Bucket, ABS Lid, Brushed Stainless Steel pedal
