## SETUP AND ASSEMBLY INSTRUCTIONS

---

Assembly of this VINGLI bookcase is designed to be straightforward with clear instructions and numbered parts. We

recommend assembling the unit with at least two people.

1. **Prepare the Area:** Choose a clean, flat, and spacious area for assembly. Lay down a blanket or cardboard to protect the floor and furniture parts from scratches.
2. **Identify Parts:** Unpack all components and identify them using the provided parts list in the separate assembly instructions. All parts are numbered for easy identification.
3. **Assemble the Frame:** Follow the step-by-step diagrams in the assembly manual to connect the main wooden panels, forming the outer frame of the bookcase. Ensure all connections are snug but do not overtighten screws initially.
4. **Install Shelves:** Insert the fixed shelves into their designated slots. For the adjustable shelf in the lower cabinet, choose one of the three available height options (each adjustment point is approximately 2.52 inches apart) before securing it.
5. **Attach Doors:** Mount the fluted doors to the lower cabinet using the durable metal hinges. Adjust the hinges as needed to ensure the doors align properly and close smoothly.
6. **Install Handles and Foot Pads:** Attach the stylish metal handles to the doors. Apply the non-slip foot pads to the bottom of the cabinet legs to protect your floor.
7. **Secure to Wall (Crucial):** Position the assembled bookcase in its final location. Using the provided anti-tipping kit, securely attach the top of the cabinet to a wall stud. This step is essential for stability and safety.
8. **Final Check:** Once assembled, double-check all screws and fasteners to ensure they are fully tightened.

## MAINTENANCE

---

Proper care will extend the life and appearance of your VINGLI bookcase.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the finish.
- **Spills:** Clean up spills immediately with a dry cloth to prevent staining or water damage.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary to maintain stability.
- **Sunlight Exposure:** Avoid prolonged exposure to direct sunlight, which can cause fading or discoloration of the wood finish.

## TROUBLESHOOTING

---

If you encounter any issues with your bookcase, refer to the following common solutions:

- **Wobbly Unit:** Ensure the bookcase is placed on a level surface. Check that all screws and fasteners are fully tightened. If the unit is still wobbly, verify that the anti-tipping kit is properly installed and secured to the wall.
- **Doors Not Aligning/Closing:** Adjust the metal hinges on the doors. Most hinges allow for minor adjustments (up/down, left/right, in/out) using a screwdriver to achieve proper alignment.
- **Missing Parts:** If you find any parts missing during assembly, do not proceed. Contact VINGLI customer support immediately for assistance.
- **Difficulty Assembling:** Re-read the assembly instructions carefully. Ensure you are using the correct hardware for each step. If problems persist, contact customer support.
