## MAINTENANCE

Proper care ensures the longevity and condition of your trading cards.

- **Handle with Care:** Always handle cards by their edges to avoid fingerprints and damage to the card surface.
- **Storage:** Store cards in a cool, dry place away from direct sunlight and extreme temperatures. Use individual card sleeves and top loaders or a dedicated card binder for optimal protection.
- **Cleaning:** Do not use liquids or abrasive materials to clean cards. For light dust, a soft, dry microfiber cloth can be used gently.

## TROUBLESHOOTING

### Warped Cards

Occasionally, trading cards may exhibit slight warping due to environmental factors such as humidity changes.

- **Flattening Method:** Place the warped card(s) between two heavy, flat objects (e.g., large books) for several days in a stable, room-temperature environment. Ensure the cards are protected by sleeves to prevent surface damage.
- **Humidity Control:** Store cards in an environment with stable humidity to prevent future warping.

If cards are severely damaged upon receipt, please contact customer support.
