## 4.4. Connectivity

The TV offers various connectivity options:

- **WiFi 6:** Provides faster speeds, greater stability, and improved capacity for wireless internet connections.
- **Bluetooth:** Connect wireless headphones, soundbars, or other compatible Bluetooth devices.
- **HDMI:** Multiple HDMI ports for high-definition audio and video input.
- **USB:** For connecting storage devices.

## 5. MAINTENANCE

Proper maintenance ensures the longevity of your television.

- **Screen Cleaning:** Gently wipe the screen with a soft, lint-free cloth. For stubborn marks, use a screen-specific cleaning solution applied to the cloth, not directly to the screen.
- **Cabinet Cleaning:** Use a soft, dry cloth to wipe the TV cabinet. Avoid using abrasive cleaners or solvents.

- **Ventilation:** Ensure the ventilation openings on the back of the TV are not blocked to prevent overheating.
- **Power Cord:** Regularly check the power cord for any damage. If damaged, discontinue use and contact customer support.

## 6. TROUBLESHOOTING

If you encounter issues with your TV, refer to the following common solutions:

Problem	Possible Solution
No power	Ensure the power cable is securely plugged into both the TV and a working electrical outlet. Try a different outlet.
No picture, but sound is present	Check the input source. Ensure external devices are powered on and connected correctly. Adjust brightness/contrast settings.
No sound, but picture is present	Check volume levels and mute status. Verify audio cables are connected correctly. Check TV audio output settings.
Remote control not working	Replace batteries. Ensure there are no obstructions between the remote and the TV's IR sensor. Re-pair the remote if it's a Bluetooth remote.
Poor picture quality	Check cable connections. Adjust picture settings (e.g., sharpness, color). Ensure the input source is providing a high-quality signal.
Network connection issues	Restart your router/modem. Check Wi-Fi password. Try a wired Ethernet connection if available.

For more detailed troubleshooting, refer to the full user manual available on the Hisense support website or contact Hisense customer support.
