DOAO A3

DOAO Electric Shaver A3 User Manual

Model: A3

1. PRODUCT OVERVIEW

The DOAO Electric Shaver A3 is a versatile 2-in-1 grooming tool designed for men, offering both wet and dry shaving capabilities. It features advanced rotary blades and a flexible head system for a close and comfortable shave. This manual provides essential information for the proper setup, operation, and maintenance of your new electric shaver.

2. SETUP

2.1 Charging the Shaver

Before first use, fully charge the shaver. The shaver is equipped with a Lithium-ion battery and charges via a USB-C cable.

1. Connect the USB-C end of the power cable to the shaver's charging port.
2. Connect the other end of the power cable to a compatible USB power adapter (not included) or a USB port.

3. The battery indicator light on the shaver will illuminate to show charging status. A full charge takes approximately 1.5 hours.
4. Once fully charged, the shaver provides up to 120 minutes of continuous use, or approximately 60 days of daily use.

2.2 Initial Cleaning

It is recommended to clean the shaver head before its first use to ensure optimal hygiene and performance. Refer to the "Maintenance" section for detailed cleaning instructions.

3. OPERATING INSTRUCTIONS

The DOAO Electric Shaver can be used for both wet and dry shaving. Choose the method that best suits your preference and skin type.

- **Dry Shaving:** For a quick shave, ensure your face is clean and dry.
- **Wet Shaving:** For a more comfortable shave, especially for sensitive skin, apply shaving foam or gel to your face before shaving. The shaver is 100% waterproof and safe for use in the shower.

Enjoy Wet & Dry Shaving

Image 3.1: The shaver is suitable for both wet and dry use.

3.2 Using the 3D Floating Heads

The shaver's 3D floating heads are designed to adapt to the contours of your face, ensuring maximum skin contact and a smooth shave.

1. Press the power button to turn on the shaver.
2. Gently press the shaver against your skin and move it in small, circular motions.
3. Allow the floating heads to adjust to the curves of your face and neck.
4. For best results, shave against the direction of hair growth.

360° Flexing Heads

Perfect fit with every
hard-to-shave areas

56,000 Cuts/min

Removes thick beards
effectively

3D Floating

No Pulling, More Comfortable

3.3 Using the Pop-Up Trimmer

The integrated pop-up trimmer is ideal for detailing and shaping your beard, mustache, or sideburns.

1. Locate the pop-up trimmer switch on the back of the shaver.
2. Slide the switch upwards to activate the trimmer.
3. Use the trimmer to define lines and edges with precision.
4. Slide the switch back down to retract the trimmer when finished.

4. MAINTENANCE

4.1 Cleaning the Shaver

Regular cleaning ensures optimal performance and extends the lifespan of your shaver. The DOAO Electric Shaver features a 100% waterproof design for easy cleaning.

1. After each use, turn off the shaver.
2. Press the one-touch pop-up button to open the shaver head.
3. Rinse the shaver head thoroughly under running water to remove hair clippings and residue.
4. You may use the included cleaning brush to remove stubborn debris from the blades.
5. Allow the shaver head to air dry completely before closing it and storing the shaver.

100% Waterproof Design

4.2 Blade Replacement

For continued optimal performance, it is recommended to replace the shaver heads every 12-18 months, depending on usage. Replacement heads can be purchased from authorized DOAO retailers or the official website.

5. TROUBLESHOOTING

If you encounter any issues with your DOAO Electric Shaver, please refer to the following common solutions. If the problem persists, contact customer support.

5.1 Shaver Not Turning On

- Ensure the shaver is fully charged. Connect it to the power cable and allow it to charge for at least 1.5 hours.
- Check if the power button is being pressed firmly.

5.2 Poor Shaving Performance

- Ensure the shaver heads are clean and free of hair clippings. Rinse them thoroughly.
- The blades may be dull. Consider replacing the shaver heads if they have been in use for an extended period (e.g., over 12 months).
- Ensure the shaver is fully charged, as low battery can affect motor speed.

5.3 Excessive Noise During Operation

- Clean the shaver heads thoroughly. Hair or debris caught in the blades can cause increased noise.
- Ensure the shaver head is properly closed and secured.

6. SPECIFICATIONS

Brand	DOAO
Model Number	A3 (Internal Model: 22)
