Generico ATYJJIT25071601

User Manual: Rigid ABS Car Visor Sunglasses Holder

Model: ATYJJIT25071601

PRODUCT OVERVIEW

The Generico Rigid ABS Car Visor Sunglasses Holder is designed to securely store your eyewear within easy reach in your vehicle. Its robust construction and thoughtful features ensure protection for your glasses and convenience for the driver.

Key Features:

- Robust Protection:** Rigid ABS shell resists impacts and scratches, with a soft sponge interior to protect lenses.
- Damping Spring Closure:** Integrated spring mechanism allows quick and secure one-handed opening and closing.
- Universal Tool-Free Clip:** Reliably attaches to most car visors in seconds without tools.
- Anti-Drop & Compact Design:** High edge and precise structure prevent accidental drops, even during sudden movements.
- Includes Orange Leather Case:** An elegant orange leather case is included for storing cables, cards, or earphones.

PACKAGE CONTENTS

Upon opening the package, you should find the following items:

- 1 x Rigid ABS Car Visor Sunglasses Holder (Grey)
- 1 x Orange Leather Storage Case

The package contains an orange leather glasses convenient storage bag

Size: 18×8cm

About packaging

Image: The package contains the grey sunglasses holder and an orange leather storage bag. The box dimensions are 19x9x7 cm.

SETUP AND INSTALLATION

The sunglasses holder is designed for quick and easy installation on your car's sun visor without the need for any tools.

- 1. Identify Installation Location:** Choose a suitable spot on your car's sun visor where the holder will not obstruct your view or interfere with the visor's operation.
- 2. Open the Clip:** Gently pull apart the two clips on the back of the sunglasses holder.
- 3. Attach to Visor:** Slide the open clips over the edge of your car's sun visor. Ensure the clips firmly grip the visor.
- 4. Secure Position:** Adjust the holder's position on the visor until it is stable and accessible. The universal clip is designed to provide a secure attachment.

Where can you put your glasses? Are you also worried about these issues?

There is nowhere to put the glasses

Lose them randomly

It's not convenient to leave it everywhere.

Discarding your glasses at will can damage your glasses.

Littering and occupying storage space

Image: The sunglasses holder is shown clipped onto a car's sun visor, demonstrating its secure and tool-free installation.

OPERATING INSTRUCTIONS

Using the sunglasses holder is straightforward, designed for one-handed operation to minimize driver distraction.

- Opening the Holder:** Press the button located on the front of the holder. The spring-loaded mechanism will smoothly open the lid.
- Placing Sunglasses:** Carefully place your sunglasses inside the holder. Ensure the lenses are facing upwards to prevent scratches from the internal lining. The internal sponge and raised edge are designed to protect and secure the glasses.
- Closing the Holder:** Gently push the lid down until it clicks securely into place. The damping spring ensures a smooth and controlled closure.

ALL-INCLUSIVE DESIGN OF DUSTPROOF

THE BOX-SHAPED STRUCTURE MAKES THE GLASSES NOT EASILY
CONTAMINATED WITH DUST TO PREVENT FALLING OFF THE DESIGN
OPEN THE GLASSES DIRECTLY AND WILL NOT DROP

**Protect your favorite glasses

MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your sunglasses holder, follow these simple maintenance guidelines:

- **Cleaning:** Wipe the exterior of the holder with a soft, damp cloth. Avoid using harsh solvents or abrasive cleaners, as these can damage the ABS plastic and internal lining.
- **Interior Care:** The soft velvet lining inside is designed to protect your lenses. If it becomes dusty, gently wipe it with a dry, lint-free cloth.
- **Spring Mechanism:** The spring mechanism is designed for durability. Avoid forcing the lid open or closed, as this may damage the spring.
- **Storage Case:** The orange leather case can be wiped clean with a soft, dry cloth.

TROUBLESHOOTING

If you encounter any issues with your sunglasses holder, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Holder does not close properly.	Obstruction inside the holder; spring mechanism jammed.	Check for any items blocking the lid. Gently press the lid to ensure it aligns correctly. Do not force closure.
Holder feels loose on the visor.	Clips not fully engaged; visor too thin for clips.	Ensure the clips are fully pushed onto the visor. If the visor is unusually thin, try repositioning or adding a thin piece of fabric under the clips for a tighter fit.
Sunglasses get scratched inside.	Lenses facing down; abrasive particles inside.	Always place sunglasses with lenses facing upwards. Clean the interior regularly with a soft, lint-free cloth to remove any dust or debris.
