Garvee Bunk Bed Twin Over Twin User Manual

Model: FSJAGARBB250716023cyKE3S

Brand: Garvee

1. PRODUCT OVERVIEW

The Garvee Twin Over Twin Bunk Bed is designed to maximize space in bedrooms or guest rooms, providing comfortable sleeping arrangements for two individuals. Its robust metal frame and sturdy steel slats ensure durability and stability, making it suitable for both children and adults. This space-saving solution eliminates the need for a box spring, allowing mattresses to be placed directly onto the slats.

2. SAFETY INFORMATION

Your safety is paramount. Please read and adhere to all safety guidelines before assembly and use.

- **Guardrail Safety:** The top bunk features a tall, 15-inch arched guardrail designed to prevent falls. Always ensure the mattress height on the top bunk remains at least 5 inches below the top of the guardrail for optimal safety.
- **Weight Capacity:** Each bunk is designed to support up to 350 lbs. Do not exceed this weight limit.
- **Mattress Requirements:** No box spring is needed. Place your mattress directly onto the steel slats.
- **Assembly:** Ensure all components are securely fastened with heavy-duty screws to eliminate wobbles. Regularly check and tighten all connections.
- **Children's Safety:** The top bunk is not recommended for children under 6 years of age. Do not allow children to play on or under the bed without supervision.
- **No Jumping:** Do not allow jumping on the bed.

- **Floor Protection:** Plastic foot caps are included on the support legs to protect your floors from scratches and minimize noise.

3. PACKAGE CONTENTS

All necessary parts and clear assembly instructions for your Garvee Bunk Bed are conveniently packed in one box. Please verify that all components are present and undamaged before beginning assembly. Refer to the included assembly manual for a detailed list of parts and hardware.

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the Garvee Bunk Bed is designed to be straightforward. Follow the step-by-step instructions provided in the separate assembly manual included in your package.

1. Unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify all parts using the provided parts list in the assembly manual.
3. Follow the sequential steps for attaching the frame components, ensuring all screws are tightened securely.

4. Install the steel slats, ensuring custom slat clips are firmly locked in place to prevent squeaks.
5. Attach the ladder and guardrails as instructed.
6. Once assembled, double-check all connections for tightness and stability.

For visual guidance, refer to the detailed diagrams in your assembly manual. If you encounter any difficulties, please contact customer support.

5. USAGE GUIDELINES

To ensure the longevity and safe operation of your Garvee Bunk Bed, please observe the following guidelines:

- **Mattress Placement:** Place your twin-sized mattress directly onto the steel slats. A box spring is not required.
- **Weight Distribution:** Distribute weight evenly on both bunks.
- **Ladder Use:** Always use the provided ladder for accessing the top bunk. Do not climb on the frame directly.
- **Under-bed Space:** The 7-inch under-bed space can be utilized for storage of sundries.

Heightened Arch Guardrail

Easy & Quick assembly

Sturdy Metal Slats

6. MAINTENANCE

Regular maintenance will help preserve the condition and extend the lifespan of your bunk bed.

- **Cleaning:** Wipe down the metal frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Tighten Connections:** Periodically check all screws and bolts and tighten them as needed to maintain stability and prevent wobbling or squeaking.
- **Slat Integrity:** Ensure the custom slat clips remain firmly in place to prevent any movement or noise from the steel slats.
- **Floor Protection:** Verify that the plastic foot caps are intact to continue protecting your floors.

7. TROUBLESHOOTING

If you encounter any issues with your Garvee Bunk Bed, refer to the common problems and solutions below:

Problem	Possible Cause	Solution
Bed wobbles or feels unstable.	Loose screws or connections.	Check all bolts and screws and tighten them firmly. Ensure all parts are correctly aligned.
Squeaking noises from the bed.	Loose slat clips or connections.	Verify that all custom slat clips are securely locked into place. Tighten any loose frame connections.
Missing parts during assembly.	Packaging error or lost component.	Refer to the parts list in your assembly manual. Contact Garvee customer support immediately for assistance.

If the issue persists after attempting these solutions, please contact Garvee customer support for further assistance.
