DUSONLAP SU8

DUSONLAP SU8 Sleep Earbuds User Manual

Model: SU8

INTRODUCTION

Thank you for choosing the DUSONLAP SU8 Sleep Earbuds. These earbuds are designed to provide a comfortable and immersive audio experience, especially for side sleepers, with features like Bluetooth 5.4 connectivity, touch controls, and an extended battery life. This manual provides detailed instructions on how to set up, operate, and maintain your earbuds to ensure optimal performance.

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case.

- Connect the provided USB-C charging cable to the charging port on the case and a power source.
- The LED digital display on the charging case will show the current battery level.
- Place the earbuds into the charging case. The earbuds will automatically begin charging.
- A full charge provides 5-7 hours of listening time for the earbuds, and the charging case provides an additional 40 hours of battery life.

Manage your Sleep

It will automatically connect when the lid is opened.

2. Pairing with Your Device

The SU8 Sleep Earbuds feature one-step pairing for convenience.

1. Ensure Bluetooth is enabled on your device (smartphone, tablet, etc.).
2. Open the lid of the charging case. The earbuds will automatically enter pairing mode.
3. On your device, search for Bluetooth devices and select "SU8" from the list.
4. Once connected, the earbuds will automatically pair with this device in the future when the case lid is opened.

47 Hours Long Battery Time

With LED digital display, you can check the remaining power of the earbuds at any time

3. Wearing the Earbuds

The SU8 earbuds are designed for a secure and comfortable fit, especially for side sleepers.

1. Gently insert the earbud into your ear canal.
2. Twist the earbud slightly to ensure it sits snugly and comfortably. The ergonomic design conforms to the inner contour of the ear.
3. Adjust as needed for optimal sound and comfort. The earbuds weigh only 3.0g each.

OPERATING INSTRUCTIONS

Touch Controls

The SU8 Sleep Earbuds feature smart touch controls on each earbud. The following actions can be performed by tapping the touch-sensitive area:

| Action | Function |
|---|--------------------------|
| Single Tap (L/R) | Play/Pause Music |
| Double Tap (L/R) | Answer/End Call |
| Triple Tap (L/R) | Activate Voice Assistant |
| Long Press (2 seconds) (L) | Volume Down |
| Long Press (2 seconds) (R) | Volume Up |
| Quadruple Tap (L/R) | Enter/Exit Sleep Mode |
| Long Press (2 seconds) during incoming call | Reject Call |

Sleep Mode

The SU8 earbuds feature a dedicated sleep mode designed to reduce ambient noise and prevent disruptive alerts.

- To activate Sleep Mode, perform a quadruple tap on either earbud.
- In Sleep Mode, the earbuds will not produce beeping sounds for low battery or power off, ensuring an uninterrupted sleep experience.
- To exit Sleep Mode, perform a quadruple tap again.

Manage your Sleep

It will automatically connect when the lid is opened.

Image: Icons representing Sleep Mode, no power off alarm, and no low battery alarm, indicating features for undisturbed sleep.

Audio Playback and Calls

The 6mm diameter speakers deliver clear stereo sound. Each earbud includes a built-in microphone for clear calls.

- **Music:** Use the touch controls to play, pause, skip tracks, and adjust volume.
- **Calls:** Answer or end calls with a double tap. Reject calls by long-pressing during an incoming call.

Immersive Audio

Immerse yourself in a tranquil audio journey with SU8 mini sleep earbuds.

MAINTENANCE

Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or aerosol sprays.
- Gently remove any earwax or debris from the earbud mesh using a small, soft brush or cotton swab.

Storage

- When not in use, store the earbuds in their charging case to protect them and keep them charged.
- Store in a cool, dry place, away from extreme temperatures and direct sunlight.

Water Resistance

The earbuds are IPX7 waterproof, meaning they can withstand sweat and light rain. However, they are not suitable for swimming or showering. Do not submerge them in water.

Image: Icons representing sweat, water, and light rain, indicating the IPX7 waterproof capabilities of the earbuds.

TROUBLESHOOTING

If you encounter any issues with your DUSONLAP SU8 Sleep Earbuds, please refer to the following common solutions:

| Problem | Possible Solution |
|---------------------|---|
| Earbuds not pairing | Ensure earbuds are charged. Turn off and on Bluetooth on your device. Forget "SU8" in your device's Bluetooth settings and re-pair. |

| Problem | Possible Solution |
|-----------------------------|---|
| No sound from one earbud | Place both earbuds back in the charging case, close the lid, then open again. Check device's audio balance settings. |
| Earbuds not charging | Ensure the charging cable is securely connected. Check if the charging case has power. Clean charging contacts on earbuds and case. |
| Touch controls unresponsive | Ensure earbuds are clean and dry. Restart the earbuds by placing them in the case and taking them out. |
| Poor sound quality | Ensure earbuds are properly seated in your ears. Check for debris in the earbud mesh. Move closer to your connected device to avoid interference. |

SPECIFICATIONS
